

Healthcare Financial Management: Everything You Need to Know

Fiscal Management Of Healthcare Institutions

Michael Nowicki

Fiscal Management Of Healthcare Institutions:

Fiscal Management of Healthcare Institutions Robert W. Broyles, Michael D. Rosko, 1990
Healthcare Organizations Robert W. Broyles, Michael Rosko, 1990-03
Financial Management of Health Care Organizations William N. Zelman, Michael J. McCue, Noah D. Glick, 2009-09-15
Thoroughly revised this third edition of *Financial Management of Health Care Organizations* offers an introduction to the most used tools and techniques of health care financial management. Comprehensive in scope, the book covers a broad range of topics that include an overview of the health care system and evolving reimbursement methodologies, health care accounting and financial statements, managing cash billings and collections, the time value of money and analyzing and financing major capital investments, determining cost and using cost information in decision making, budgeting and performance measurement and pricing. In addition, this new edition includes information on new laws and regulations that affect health care financial reporting and performance, revenue cycle management, expansion of health care services into new arenas, benchmarking, interest rate swaps, bond ratings, auditing and internal control. This important resource also contains information on the 2007 Healthcare Audit Guide of the American Institute of Certified Public Accountants (AICPA). Written to be accessible, the book avoids complicated formulas. Chapter appendices offer advanced in-depth information on the subject matter. Each chapter provides a detailed outline, a summary and key terms, and includes problems in the context of real world situations and events that clearly illustrate the concepts presented. Problem sets that end each chapter have been updated and expanded to support more in-depth learning of the chapter's concepts. An Instructor's Manual available online contains PowerPoint and Excel files.
Financial Management Strategies for Hospitals and Healthcare Organizations David Edward Marcinko, Hope Rachel Hertico, 2013-09-05
In this book, a world class editorial advisory board and an independent team of contributors draw on their experience in operations, leadership and Lean managerial decision making to share helpful insights on the valuation of hospitals in today's changing reimbursement and regulatory environments. Using language that is easy to understand.
Financial Management of Health Care Organizations William N. Zelman, Michael J. McCue, Noah D. Glick, Marci S. Thomas, 2013-12-17
This new Fourth Edition of *Financial Management of Health Care Organizations* offers an introduction to the most used tools and techniques of health care financial management, including health care accounting and financial statements, managing cash billings and collections, making major capital investments, determining cost and using cost information in decision making, budgeting and performance measurement and pricing. New to this edition: The Perspectives sections and the glossary have been updated. The book features a cutting edge view of the health care landscape in 2013 and beyond, after passage and pending implementation of the Affordable Care Act. Areas of expanded content include revised examples of financial statements for both private non-profit hospitals and investor-owned hospital management companies, changes in bad debt and charity care, the role of financial statements, the discount rate or cost of capital, lease financing.

section use of cost information budgeting cost centers and current forms of reimbursement Content new to this edition includes valuation of accounts receivable and the waterfall effect of cash collections differences between Posting Date and Service Date reporting methodologies calculation of effective annual interest rate application of time value of money in perspectives and Activity Based Costing from the perspective of labor supplies and equipment
