Fiscal Policy In Urban Education:

Fiscal Policy in Urban Education Christopher Roellke, Jennifer King Rice, 2002 This text is divided into three parts policy perspectives on urban education reform the supply demand and quality of city teachers and equity and adequacy in urban schools

Fiscal Policy in Urban Education Christopher Roellke, Jennifer King Rice, 2002-10-01 Mission Statement The current education policy emphasis on higher performance standards school level accountability and market based reform presents important research challenges within the field of school finance The simultaneous pursuit of both equity and efficiency within this policy context creates an unprecedented demand for rigorous timely and field relevant research on fiscal practices in schools This book series is intended to help meet this demand Specifically the series provides a scholarly forum for interdisciplinary research on the financing of public private and higher education in the United States and abroad The series is committed to disseminating high quality empirical studies policy analyses theoretical models and literature reviews on contemporary issues in fiscal policy and practice Each themed volume is intended for a diversity of readers including academic researchers policy makers and school practitioners

Urban Economics and Fiscal Policy Holger Sieg, 2020-08-04 An innovative advanced undergraduate and graduate level textbook in urban economics With more than half of today's global GDP being produced by approximately four hundred metropolitan centers learning about the economics of cities is vital to understanding economic prosperity This textbook introduces graduate and upper division undergraduate students to the field of urban economics and fiscal policy relying on a modern approach that integrates theoretical and empirical analysis Based on material that Holger Sieg has taught at the University of Pennsylvania *Urban Economics and Fiscal Policy* brings the most recent insights from the field into the classroom Divided into short chapters the book explores fiscal policies that directly shape economic issues in cities such as city taxes the provision of quality education access to affordable housing and protection from crime and natural hazards For each issue Sieg offers questions facts and background illuminates how economic theory helps students engage with topics and presents empirical data that shows how economic ideas play out in daily life Throughout the book pushes readers to think critically and immediately put what they are learning to use by applying cutting edge theory to data A much needed resource for students and policymakers *Urban Economics and Fiscal Policy* offers a unique approach to a vital and fast growing area of economic study Introduces advanced undergraduate and graduate students to urban economics Presents the latest theoretical and empirical research Applies economic tools to real world issues including housing labor education crime and the environment Explains and uses simple economic models and quantitative analysis

Research on Migrant Children's Educational Choices and Fiscal Policy Hui Zhang, 2021-05-20 Drawing from global insights and the education supply and demand theory this book investigates migrant children's education in China as well as the educational financial policies which serves as both a background and possible solutions From a comparative perspective the education fiscal policies regarding issues with migrant immigrant students and

inequality in the United States and Europe were first examined before comprehensive theoretical framework is constructed to evaluate the government and public schools input and migrant children s educational demand in China Their school choices academic performances educational choices and impact factors from the perspectives of class gender society and family are then discussed in depth By tracing back to previous fiscal policies regarding migrant children in China and local policies in Beijing Shanghai Guangzhou and Shenzhen the author further interrogates the existing challenges possible strategies and solutions This book will appeal to scholars of education economics education policy educational equality and those who re generally interested in Chinese education and society **International Handbook of Urban Education**

William T. Pink, George W. Noblit, 2008-09-03 It is evident that urban education has become the central focus of educators at the present time In the U S for example almost one third of all school age children attend schools in large urban school districts It is in these urban schools where the diversity of cultures and languages is highest and where student learning is most problematic What has emerged from recent work to improve urban schools is the insight that there is no one size fits all panacea Rather we have discovered that the local context shapes in critically important ways what will be effective at the school level The universality of the problematics with urban education together with the importance of understanding the local or situated context of improvement interventions brings into sharp focus the importance and timeliness of an undertaking like the International Handbook of Urban Education An important focus of the International Handbook of Urban Education will be the interrogation of both the social and political factors that lead to different problem posing and subsequent solutions within each region An important question to be answered for example is what it takes in terms of resources political will and policy actions to improve urban education *The Fiscal Impact Handbook* David

Listokin, 2017-07-31 The Fiscal Impact Handbook is a unique manual detailing practical methods for determining the full range of revenues and costs associated with residential and nonresidential growth Planners economists businessmen administrators financial officers assessors community groups private organizations and those interested in the fiscal consequences of growth and non growth will find The Fiscal Impact Handbook indispensable Fiscal impact methods are presented in a clear step by step format and are capable of being carried out by the practicing planner with minimal procedural problems The manual is designed as a basic tool to be used for projections of direct current public and private costs and revenues resulting from population or employment change to the local jurisdiction in which change is taking place Standardized methods are presented with attention paid to the underlying assumptions limitations and applicability of these methods Necessary factors affecting the planning and legal framework and documentation of key data input are covered for proper utilization of fiscal impact methods Detailed examples are given to the six flexible methods presented with suggestions on how they can be modified by the user to meet requirements In addition current computer models of analysis are evaluated for operational needs and benefits Included also is a comprehensive bibliography of the cost revenue field and

an index for quick easy reference This is an invaluable work for urban analysts planners and developers written by two of the top minds in the field of urban policy **Urban Education in the United States** J. Rury,2005-05-16 Urban Education in the United States examines the development of schools in the large cities of the USA John Rury a well known historian of education introduces and highlights the most significant and classic essays dealing with urban schooling in this collection Urban Education in the United States will provide an introduction to critical themes in the history of city schools and will frame each section with an overview of urban education research during particular periods in US history *School Finance and Teacher Quality* Margaret L. Plecki,David H. Monk,2014-01-09 The yearbook is organized around four issues each of which can be viewed as representing an important focal point to improve teacher and teaching quality and having important implications for school finance The issues are 1 teacher recruitment induction and retention 2 the ongoing professional development of teachers 3 equity in the allocation of teaching resources 4 teacher compensation and workplace conditions

The Praeger Handbook of Urban Education Philip M. Anderson,Kecia Hayes,Joe Kincheloe,Karel Rose,2006-03-30 Maintaining that urban teaching and learning is characterized by many contradictions this work proposes that there is a wide range of social cultural psychological and pedagogical knowledge urban educators must possess in order to engage in effective and transformative practice It is necessary for those teaching in urban schools to be scholar practitioners rather than bureaucrats who can only follow rather than analyze understand and create Ten major sections cover the myriad issues of urban education as it exists today *Hearings* United States. Congress. House. Committee on Education,1965

Hearings United States. Congress. Senate. Committee on Labor and Public Welfare,1965 Hearings, Reports and Prints of the Senate Committee on Labor and Public Welfare United States. Congress. Senate. Committee on Labor and Public Welfare,1965 **Aid to Elementary and Secondary Education** United States. Congress. House. Committee on Education and Labor. General Subcommittee on Education,1965 **The Parameters of Urban Fiscal Policy** Terrence J. McDonald,2023-04-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1986 Elementary and Secondary Education Act of 1965 United States. Congress. Senate. Committee on Labor and Public Welfare. Subcommittee on Education,1965 **Elementary and Secondary Education Act of 1965, Hearings Before the Subcommittee on Education, 89th Congress, 1st Session, on S. 370, January-February 1965** United States. Congress. Senate. Committee on Labor and Public Welfare,1965

Reinterpreting Urban School Reform Louis F. Miron,Edward P. St. John,2012-02-01 Have urban schools failed or has reform failed urban schools This book examines existing urban school programs ranging from desegregation to reading improvement in light of available historical empirical and case study evidence Miron and St John and their contributors probe

the underlying theoretical normative and political assumptions embedded in specific reform initiatives They explore how reforms might be reconstructed to better address the underlying challenges and they demonstrate that reforms can be constructively critiqued throughout the stages of implementation arguing that greater attention should be paid to ethnic and cultural traditions within urban educational settings Contributors include Leetta Allen Haynes Joseph Cadray Choong Geun Chung Richard Fossey Barry M Franklin David Gordon Carol Anne Hossler Siri Loescher Kim Manoil Genevieve Manset Louis F Mir n Glenda Droogsma Musoba Kathryn Nakagawa Carolyn S Ridenour Ada B Simmons Edward P St John Neil Theobald Sandra Washburn Kenneth K Wong and Kim Worthington

International Public Policy Analysis
George Guess,Thomas Husted,2016-07-15

Most public policy analysis books currently on the market are US centric and focused on quantitative analysis while comparative public policy textbooks are oriented around countries and specific policy processes International Public Policy Analysis is the first textbook to take a truly comparative and cross cultural approach organized around policy issues to examine important policy lessons that affect the everyday lives of citizens Authors George Guess and Thomas Husted demonstrate that incremental marginal changes in sectoral policy systems using cross national lessons can lead to larger changes in country policies democracy and better governance While whole systems policy transfer without major adaptation to local cultural and institutional contexts often does not work many opportunities exist in each sector for operational level piecemeal transfer of lessons and practices to improve policy performance Jargon free and using a cross cultural approach the individual chapters in this book utilize a 3 level analysis to review the policy issue areas present analytic tools and frameworks and provide cases exercises for practice in applying the methods and frameworks International Public Policy Analysis is an essential upper level undergraduate and graduate textbook for courses on comparative public policy policy process political economy and international policy analysis and may also be used as required reading in introductory public affairs and policy courses at the graduate level
