Spencer C. Tucker

First Battle Of The Marne By Asprey:

The Battles of the British Expeditionary Forces, 1914-1915 Fred R. van Hartesveldt, 2005-04-30 In this valuable resource over 1 000 annotated sources from Great Britain France and Germany offer a historiographical reference for study of the British army at the beginning and in the first battles of World War I Unique to this bibliography is the comprehensive coverage of sources resulting in a more complete picture of the circumstances of activities of the British Expeditionary Force BEF Sources include coverage of the BEF s military role as well as background information about domestic military considerations and Allied and enemy efforts This volume will support researchers and students in their efforts to find out what the Expeditionary Force s contributions were in World War I and for expanding their knowledge of the Great War and British military history In this valuable resource over 1 000 annotated sources from Great Britain France and Germany offer a historiographical reference for study of the British army at the beginning and in the first battles of World War I Unique to this bibliography is the comprehensive coverage of sources and it results in a more complete picture of the circumstances of activities of the British Expeditionary Force BEF Sources include coverage of the BEF s military role as well as background information about domestic military considerations and Allied and enemy efforts This volume will support researchers and students in their efforts to find out what the Expeditionary Force s contributions were in World War I and for expanding their knowledge of the Great War and British military history The volume includes four chapters of historiographical essays discussing the interpretations and controversies that surround the performance and leadership of the BEF in 1914 1915 The essays direct readers to the major sources that support various ideas and indicate gaps in the historiography of the subject Following the historiographical essays is an annotated bibliography of more than 1 000 sources that are relevant to the study of the BEF

Fighting the Great War Michael S. NEIBERG, 2009-06-30 Despair at Gallipoli Victory at Vimy Ridge A European generation lost an American spirit found The First World War the deadly herald of a new era continues to captivate readers In this lively book Neiberg offers a concise history based on the latest research and insights into the soldiers commanders battles and legacies of the Great War

The Mammoth Book of Modern Battles Jon E. Lewis, 2011-08-04 From the start of the 20th century to the most recent major offensives here are fifty accounts of the battles that made the modern world described in superb detail by historians and writers including John Keegan Alan Clark John Strawson Charles Mey John Pimlott and John Laffin All the major conflicts are covered from two world wars through Korea Vietnam Bosnia Chechnya to Iraq and Afghanistan Among the battles featured are the Somme Passchendaele Battle of Britain Stalingrad El Alamein Monte Cassino Omaha Beach Iwa Jima Dien Bien Phu Ia Drang Hamburger Hill Desert Storm Kabul Baghdad and Basra

Trial by Fire Nikolas Gardner, 2003-08-30 While existing accounts of this period have elevated the exploits of the British soldiers on the battlefield to almost legendary status the operations of the British Expeditionary Force in the dramatic opening campaign of the First World War remain poorly understood Based on official unit war diaries as well as personal

papers and memoirs of numerous officers this study sheds significant new light on the retreat from Mons in August 1914 the advance to the River Aisne in September and the climactic First Battle of Ypres in October and November In addition Gardner provides important insights into the ideas and values of British officers in the initial stages of the war Beyond explaining the conduct of the 1914 campaign Gardner analyzes the initial stages of the learning curve experienced by British officers as they grappled with an unaccustomed type of warfare including the unprecedented scale and intensity of the conflict as well as the advent of trench warfare He also demonstrates the impact of rivalries among senior officers on the operations of the army As a whole the study adds depth to our understanding of command in European armies during the First World War

The Marne, 1914 Holger H. Herwig, 2011-02-08 For the first time in a generation here is a bold new account of the Battle of the Marne a cataclysmic encounter that prevented a quick German victory in World War I and changed the course of two wars and the world With exclusive information based on newly unearthed documents Holger H Herwig re creates the dramatic battle and reinterprets Germany s aggressive Schlieffen Plan as a carefully crafted design to avoid a protracted war against superior coalitions He paints a fresh portrait of the run up to the Marne and puts in dazzling relief the Battle of the Marne itself the French resolve to win and the crucial lack of coordination between Germany s First and Second Armies Herwig also provides stunning cameos of all the important players from Germany s Chief of General Staff Helmuth von Moltke to his rival France s Joseph Joffre Revelatory and riveting this is the source on this seminal event

Professional Journal of the United States Army, 1962 **Military Review**, 1962 *The Great War* Thomas E. Griess, 2014-04 OVER 210 000 WEST POINT MILITARY HISTORY SERIES SETS IN PRINT World War I marked the end of the old military order and the beginning of the era of mechanized warfare This is a thorough examination of the campaigns of the war to end all wars It analyzes the development of military theory and practice from the prewar period of Bismark s Prussia to the creation of the League of Nations Quarterly Review of Military Literature, 1962 **British Generalship on the**

Western Front 1914-1918 Simon Robbins, 2004-12-17 This book explores how British Army learnt from the pyrrhic victories of 1915 17 and developed the new tactics leadership and doctrine of combined arms to overcome the tactical stalemate hitherto bedeviling Allied offensives to defeat the A Companion to World War I John Horne, 2012-01-30 A Companion to the First World War brings together an international team of distinguished historians who provide a series of original and thought provoking essays on one of the most devastating events in modern history Comprises 38 essays by leading scholars who analyze the current state of historical scholarship on the First World War Provides extensive coverage spanning the pre war period the military conflict social economic political and cultural developments and the war s legacy Offers original perspectives on themes as diverse as strategy and tactics war crimes science and technology and the arts Selected as a 2011 Outstanding Academic Title by CHOICE European Powers in the First World War Spencer

Tucker, 2018-12-07 First published in 1996 The First World War was the single most important event of the twentieth century

This volume concentrates on non U S aspects of the conflict Organized alphabetically its more than 600 detailed entries offer information and insight on such subjects as the causes of the conflict major battles and campaigns weapons systems including military aviation chemical warfare the submarine and the tank and the terms of the peace Some 350 biographies provide information on the roles played in the conflict by generals admirals and civilian leaders There are also biographies of individuals who were shaped by the war such as Charles De Gaulle Adolf Hitler Benito Mussolini and Joseph Stalin essays on each of the countries involved in the conflict new appraisals of such subjects as military medicine and artillery tactics and essays on such diverse subjects as art literature and music in the war Each entry has references for additional reading and a subject index provides easy access The volume is an excellent reference source for scholar and neophyte alike **World**

War I Spencer C. Tucker,2014-10-28 Offering exhaustive coverage detailed analyses and the latest historical interpretations of events this expansive five volume encyclopedia is the most comprehensive and detailed reference source on the First World War available today One hundred years after the beginning of World War I in 1914 this conflict still stands as perhaps the most important event of the 20th century World War I toppled all of the existing empires at the time transformed the Middle East and vaulted the United States to becoming the world s leading economic power Its effects were profound and lasting and included outcomes that led to World War II This multivolume encyclopedia provides a wide ranging examination of World War I that covers all of the important battles key individuals both civilian and military weapons and technologies and diplomatic social political cultural military and economic developments Suitable as a reference tool for high school and undergraduate students as well as faculty members and graduate level researchers World War I The Definitive Encyclopedia and Document Collection offers accessible in depth information and up to date analyses in a format that lends itself to quick and easy use The set comprises alphabetically arranged cross referenced entries accompanied by further reading selections as well as a comprehensive bibliography A fifth volume provides chronologically arranged documents and an A Z index

Five Days From Defeat Walter Reid,2017-11-02 On 21 March 1918 Germany initiated one of the most ferocious and offensives of the First World War During the so called Kaiserschlacht German troops advanced on allied positions in a series of ferocious attacks which caused massive casualties separated British and French forces and drove the British back towards the Channel ports Five days later as the German advance continued one of the most dramatic summits of the war took place in Doullens The outcome was to have extraordinary consequences For the first time an allied supreme commander the French General Foch was appointed to command all the allied armies while the statesmen realized that unity of purpose rather than national interest was ultimately the key to success Within a few months a policy of defence became one of offence and paved the way for British success at Amiens and the series of unbroken British victories that led Germany to plea for armistice Victory in November 1918 was a matter for celebration what was excised from history was how close Britain was to ignominious defeat just eight months earlier Crisis in Consciousness Greg Johnson,1993 Though this collection deals with

a range of disturbing issues the AIDS epidemic aging suicide psychological aberration and the violence of contemporary America it is rich with the aid and comfort of compassion truth and a language of survival Immersed in the shared experience of sorrow the poems rise above mere confessions of grief to speak in a voice of dignity and hard earned wisdom A World Undone G. J. Meyer, 2007-05-29 NEW YORK TIMES BESTSELLER Drawing on exhaustive research this intimate account details how World War I reduced Europe's mightiest empires to rubble killed twenty million people and cracked the foundations of our modern world Thundering magnificent A World Undone is a book of true greatness that prompts moments of sheer joy and pleasure It will earn generations of admirers The Washington Times On a summer day in 1914 a nineteen year old Serbian nationalist gunned down Archduke Franz Ferdinand in Sarajevo While the world slumbered monumental forces were shaken In less than a month a combination of ambition deceit fear jealousy missed opportunities and miscalculation sent Austro Hungarian troops marching into Serbia German troops streaming toward Paris and a vast Russian army into war with England as its ally As crowds cheered their armies on no one could guess what lay ahead in the First World War four long years of slaughter physical and moral exhaustion and the near collapse of a civilization that until 1914 had dominated the globe Praise for A World Undone Meyer's sketches of the British Cabinet the Russian Empire the aging Austro Hungarian Empire are lifelike and plausible His account of the tragic folly of Gallipoli is masterful A World Undone has an instructive value that can scarcely be measured Los Angeles Times An original and very readable account of one of the most significant and often misunderstood events of the last century Steve Gillon resident historian The History Channel

The Origins of World War I Richard F. Hamilton, Holger H. Herwig, 2003-02-24 This work poses a straightforward yet at the same time perplexing question about World War I Why did it happen Several of the oft cited causes are reviewed and discussed The argument of the alliance systems is inadequate lacking relevance or compelling force The arguments of mass demands those focusing on nationalism militarism and social Darwinism it is argued are insufficient lacking indications of frequency intensity and process how they influenced the various decisions The work focuses on decision making on the choices made by small coteries in Austria Hungary Germany Russia France Britain and elsewhere The decisions made later by leaders in Japan the Ottoman Empire Italy the Balkans and the United States are also explored The final chapters review the basic causes once again An alternative position is advanced one focused on elites and coteries their backgrounds and training and on their unique agendas **France and the Great War** Leonard V. Smith, Stéphane Audoin-Rouzeau, Annette Becker, 2003-03-13 France and the Great War tells the story of how the French community embarked upon sustained and in some ways prevailed in the Great War In this 2003 book Leonard Smith and his co authors synthesize many years of scholarship examining the origins of the war from a diplomatic and military viewpoint before shifting their emphasis to socio cultural and economic history when discussing the civilian and military war culture They look at the total mobilization of the French national community as well as the military and civilian crises of 1917 and the ambiguous victory of 1918 The book

concludes by revealing how traces of the Great War can still be found in the political and cultural life of the French national community This lively accessible and engaging book will be of enormous value to students of the Great War **The German Way of War** Robert M. Citino,2005-11-17 For Frederick the Great the prescription for warfare was simple kurz und vives short and lively wars that relied upon swift powerful and decisive military operations Robert Citino takes us on a dramatic march through Prussian and German military history to show how that primal theme played out time and time again Citino focuses on operational warfare to demonstrate continuity in German military campaigns from the time of Elector Frederick Wilhelm and his great sleigh drive against the Swedes to the age of Adolf Hitler and the blitzkrieg to the gates of Moscow Along the way he underscores the role played by the Prussian army in elevating a small vulnerable state to the ranks of the European powers describes how nineteenth century victories over Austria and France made the German army the most respected in Europe and reviews the lessons learned from the trenches of World War I Through this long view Citino reveals an essential recurrent pattern characterized by rapid troop movements and surprise attacks maneuvers to outflank the enemy and a determination to annihilate the opposition that made it possible for the Germans to fight armies often larger than their own He highlights the aggressiveness of Prussian and German commanders trained simply to find the enemy and keep attacking and destroys the myth of Auftragstaktik flexible command replacing it with the independence of subordinate commanders He also brings new interpretations to well known operations such as Moltke s 1866 campaign and the opening campaign in 1914 while introducing readers to less familiar but important battles like Langensalza and the Annaberg The German way of war as Citino shows was fostered by the development of a widely accepted and deeply embedded military culture that supported and rewarded aggression His book offers a fresh look at one of the most remarkable respected and reviled militaries of the past half millennium and marks another sterling contribution to the history of operational warfare

The Prize Daniel Yergin,2012-09-11 The Prize recounts the panoramic history of oil and the struggle for wealth power that has always surrounded oil This struggle has shaken the world economy dictated the outcome of wars and transformed the destiny of men and nations The Prize is as much a history of the twentieth century as of the oil industry itself The canvas of this history is enormous from the drilling of the first well in Pennsylvania through two great world wars to the Iraqi invasion of Kuwait and Operation Desert Storm The cast extends from wildcatters and rogues to oil tycoons and from Winston Churchill and Ibn Saud to George Bush and Saddam Hussein The definitive work on the subject of oil and a major contribution to understanding our century The Prize is a book of extraordinary breadth riveting excitement and great importance

Eventually, you will categorically discover a further experience and finishing by spending more cash. nevertheless when? realize you understand that you require to acquire those every needs afterward having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will guide you to comprehend even more concerning the globe, experience, some places, once history, amusement, and a lot more?

It is your entirely own period to deed reviewing habit. in the midst of guides you could enjoy now is **First Battle Of The Marne By Asprey** below.
