Richard W. Etulain, 2017-09-14 Western fans today may not recognize the name Ernest Haycox 1899 1950 but they know his work John Ford turned one of his stories into the iconic film Stagecoach and the whole Western literary genre still follows conventions that Haycox deftly mastered and reshaped In this new book about Haycox s literary career Richard W Etulain tells the engrossing story of his rise through the ranks of popular magazine and serial fiction to become one of the Western s most successful creators After graduating from the University of Oregon in 1923 with a degree in journalism Haycox began his quest to break into New York s pulp magazine scene submitting dozens of stories before he began to make a living from his writing By the end of the 1920s he had become a top writer for Western Story Short Stories and Adventure among other popular weeklies and monthlies Ernest Haycox and the Western traces Haycox s path from rank beginner to crack pulp writer to regular contributor to Collier s and the Saturday Evening Post Etulain shows how Haycox experimented with techniques to deepen and broaden his Westerns creating more introspective protagonists Hamlet heroes introducing new types of heroines the brunette vixen the blonde Puritan and weaving greater historical realism into his plots After reaching the height of success with his best selling Custer novel Bugles in the Afternoon 1944 Haycox moved away from the financially rewarding but artistically constricting Western formula only to achieve his final coup with The Earthbreakers a historical novel about the end of the Oregon Trail published posthumously in 1952 Reconstructing the career of a popular literary giant Ernest Haycox and the Western restores Haycox to his rightful place in the history of Western literature The Bibliographer's Manual of English Literature William Thomas Lowndes, 1890 *Dance With the Devil* James

Dressler, 2008-01-06 Tom Holloway and his Southern friends are excited about their prospects in joining the war effort but the only thing they know of battle is what they ve read about in newspapers They envision the whole thing as an adventure something to prove their manhood to make them into men and a diversion from their sometimes boring school regimen Ultimately they anticipate becoming heroes on a winning team Words from a grizzled war veteran makes Tom wonder whether his ideas of war are more romantic than realistic As he marches off with his friends to battle with the Yankees he remembers the harsh illumination he d been given from a soldier with experience Watching friends and comrades die in a volley of gun and cannon fire on blood soaked ground teaches the foursome the truth of war Will hell hunger cold fatigue fear and resignation be the only comrades they have left Belrunner Sean O'Brien, 2016-05-26 Collier South is one of the last independent beltrunners mining the frontier between Mars and the Jovian colonies The mining rush is over Ceres colony is long established and humanity has been mining asteroids for fifty years What started as a handful of small prospectors seeking fame and fortune has become the heavy handed operations of mining corporations swallowing the independents as they go Collier has no interest in selling out and his debt load is rising He ll have to land a strike soon or he ll end up trading his own biologicals to pay for his next meal But Collier has faith If nothing else he knows his instincts as a rockhound are good Problem is he s not the only one who knows that When he finally sniffs out a promising rock his ex lover and her shiny

new corporate ship are there to steal it from him Broke and desperate Collier has one last chance to pay down his debt What he finds this time has the power to change his life forever Worse it has the power to change the fate of the entire system And it isn't long before the corporations are on a hunt to pry it from his stubborn fingers **Congressional Record** United States. Congress,1993 **Syster Is Ready** Stephen Hage,2006-09 **Things Fall Apart?** Pauline von Hellermann,2013-09-01 Governance failure and corruption are increasingly identified as key causes of tropical deforestation In Nigeria's Edo State once the showcase of scientific forestry in West Africa large scale forest conversion and the virtual depletion of timber stocks are invariably attributed to recent failures in forest management and are seen as yet another instance of how things fall apart in Nigeria Through an in depth historical and ethnographic study of forestry in Edo State this book challenges this routine linking of political and ecological crisis narratives It shows that the roots of many of today's problems lie in scientific forest management itself rather than its recent abandonment and moreover that many illegal local practices improve rather than reduce biodiversity and forest cover The book therefore challenges preconceptions about contemporary Nigeria and highlights the need to reevaluate current understandings of what constitutes good governance in tropical forestry
