The First Inspector Morse Omnibus Colin Dexter, 1994 Chief Inspector Morse is firmly established as the world's most popular fictional detective This omnibus contains three murder mysteries *The Dead of Jericho* *Service of all the Dead* and *The Silent World of Nicholas Quinn* *The Complete Inspector Morse (Updated and Expanded Edition)* David Bishop, 2011-11-15 A companion to the PBS Mystery hit Inspector Morse TV series covering all 33 episodes of the show as well as the original novels that inspired the series and other related media such as the radio plays Also includes a critique of each episode along with useful facts details of the soundtracks and key character beats It also includes a brief discussion of the hugely successful spin off series **Lewis** **Mayhem and Murder** Heta Pyrhönen, 1999-01-01 Both detective and reader attempt to solve the crimes in detective novels relying on the same motifs but employing different narrative interpretations to do so A unique and lucid examination of a complex genre **Kate Atkinson** Armelle Parey, 2022-11-15 This timely in depth study of award winning Kate Atkinson's work provides a welcome comprehensive overview of the novels play and short stories It explores the major themes and aesthetic concerns in her fiction Combining close analysis and literary contextualisation it situates her multi faceted work in terms of a hybridisation of genres and innovative narrative strategies to evoke contemporary issues and well as the past Chapters offer insights into each major publication from *Behind the Scenes at the Museum* to *Big Sky* the latest instalment in the Brodie sequence through the celebrated *Life After Life* and subsequent re imaginings of the war in relation to the key concerns of Atkinson's fiction including self narrativisation history memory and women's lives

Adapting Detective Fiction Neil McCaw, 2011-01-20 **Inspector Morse: The First Three Novels** Colin Dexter, 2013-04-11 Featuring the first three books in Colin Dexter's classic crime series starring Inspector Morse *Last Bus to Woodstock* *Last Seen Wearing* and *The Silent World of Nicholas Quinn* *Last Bus to Woodstock* The death of Sylvia Kaye figured dramatically in Thursday afternoon's edition of the Oxford Mail By Friday evening Inspector Morse had informed the nation that the police were looking for a dangerous man facing charges of wilful murder sexual assault and rape But as the obvious leads fade into twilight and darkness Morse becomes more and more convinced that passion holds the key *Last Seen Wearing* Morse was beset by a nagging feeling Most of his fanciful notions about the Taylor girl had evaporated and he had begun to suspect that further investigation into Valerie's disappearance would involve little more than sober and tedious routine The statements before Inspector Morse appeared to confirm the bald simple truth After leaving home to return to school teenager Valerie Taylor had completely vanished and the trail had gone cold Until two years three months and two days after Valerie's disappearance somebody decides to supply some surprising new evidence for the case *The Silent World of Nicholas Quinn* Morse had never ceased to wonder why with the staggering advances in medical science all pronouncements concerning times of death seemed so disconcertingly vague The newly appointed member of the Oxford Examinations Syndicate was deaf provincial and gifted Now he is dead And his murder in his north Oxford home proves to be

the start of a formidably labyrinthine case for Chief Inspector Morse as he tries to track down the killer through the insular and bitchy world of the Oxford Colleges **Thinking Modally** Elena Domínguez, CARMEN MAÍZ, Juan Rafael Zamorano-Mansilla, 2015-10-28 This volume brings together a selection of the papers presented at the 4th International Conference on Modality in English held in Madrid on 9-11 September 2010 The book is divided into two parts with the first encompassing contributions focusing on the notions of modality, evidentiality and temporality and the second those that explore modality and its connection with stance and evaluation in specific genres and discourse domains **Selected Acquisitions** Robert Crown Law Library, 1995 **Crime Scenes** Anne Mullen, Emer O'Beirne, 2000 The essays in this collection are based on papers given at a conference on detective fiction in European culture held at the University of Exeter in September 1997 The range of topics covered is designed to show not only the presence and variety of narratives of detection across different European countries and their different media although there is a predictable emphasis on the novel It also illustrates the fertility of the genre its openness to a spectrum of readings with different emphases formal as well as thematic Approaches to detective fiction have often tended to confine themselves to symptomatic interpretation where details of the fictional world represented are used to diagnose a specific set of social preoccupations and priorities operative at the time of writing Such approaches can yield valuable insights Nonetheless there is a risk of limiting the value of the genre as a whole solely to its role as a mirror held up to society In this perspective issues of structure and style are sidelined or if addressed are praised to the extent that they approach invisibility concision sparseness realism are the qualities singled out for praise The genre also gives much scope for formal innovation and indeed has often attracted already established mainstream writers and filmmakers for just this reason The eclectic diversity of the detective narratives considered in this volume reveal the malleability of the traditional constraints of the genre The essays bear rich testimony to the value of considering the interplay of thematic and structural issues even in the most apparently unselfconscious and popular or populist forms of narrative The patterns of reassurance the triumph of intellect and the ordered rational world of old are now challenged by the need to foreground the problems ambiguities and uncertainties of the self and of society The plurality of meanings and the antithetical imperatives explored in these detective narratives confirm that the most recent forms of the genre are not mere palimpsests of their golden age precursors The subversion of traditional expectations and the implementation of diverse stylistic devices take the genre beyond mere homage and pastiche The role of the reader spectator and critic in conferring meaning is a crucial one Waterstone's Guide to Crime Fiction Nick Rennison, Richard Shephard, 1997 **Maxwell's Handbook for AACR2** Robert L. Daughters of Cain Colin Dexter, 2011-01-26 Audacious and amusing may be the best book yet in this deservedly celebrated series The Wall Street Journal It was only the second time Inspector Morse had ever taken over a murder enquiry after the preliminary invariably dramatic discovery and sweep of the crime scene Secretly pleased to have missed the blood and gore Morse and the faithful Lewis go about finding the killer who stabbed Dr Felix McClure late of Wolsey College In another part of Oxford three women a housecleaner a schoolteacher and a prostitute are playing out a drama that has long been unfolding It will take much brain work many pints and not a little anguish before Morse sees the startling connections between McClure's death and the daughters of Cain Praise for The Daughters of Cain Very cleverly constructed Dexter writes with an urbanity and range of reference that is all his own Los Angeles Times You don't really know Morse until you've read him Viewers who have enjoyed British actor John Thaw as Morse in the PBS Mystery anthology series should welcome the deeper character development in Dexter's novels Chicago Sun Times A masterful crime writer whom few others match Publishers Weekly

The Dead of Jericho Colin Dexter, 1994 Morse switched on the gramophone to play and sought to switch his mind away from all the terrestrial troubles Sometimes this way he almost managed to forget But not tonight Anne Scott's address was scribbled on a crumpled note in the pocket of Morse's smartest suit He turned the corner of Canal Street Jericho on the afternoon of Wednesday 3rd October He hadn't planned a second visit But he was back later the same day as the officer in charge of a suicide investigation
