*Intercourse* is a book that moves through the sexed world of dominance and submission It moves in descending circles not in a straight line and as in a vortex each spiral goes down deeper Its formal model is Dante s *Inferno* its lyrical debt is to Rimbaud the equality it envisions is rooted in the dreams of women silent generations pioneer voices lone rebels and masses who agitated demanded cried out broke laws and even begged The begging was a substitute for retaliatory violence doing bodily harm back to those who use or injure you I want women to be done with begging The public censure of women as if we are rabid because we speak without apology about the world in which we live is a strategy of threat that usually works Men often react to women s words speaking and writing as if they were acts of violence sometimes men react to women s words with violence So we lower our voices Women whisper Women apologize Women shut up Women trivialize what we know Women shrink Women pull back Most women have experienced enough dominance from men control violence insult contempt that no threat seems empty *Intercourse* does not say forgive me and love me It does not say I forgive you I love you For a woman writer to thrive or arguably to survive in these current hard times forgiveness and love must be subtext No I say no *Intercourse* is search and assertion passion and fury and its form no less than its content deserves critical scrutiny and respect

**PREFACE Education, Knowledge and Truth** David Carr,2003-09-02 This collection aims to explore different conceptions of epistemological inquiry and their influence on pedagogy and the curricular content of primary and secondary education It is arguable that curriculum policy makers have continued to subscribe to a foundationalist paradigm of rational educational planning This is however considered largely untenable by educational philosophers in light of the impact of postmodern philosophical critiques on the notions of objectivity truth and authority in our claims for knowledge This volume fills a major gap in the current literature of educational philosophy by calling for the establishment of a coherent route between rational foundationalism and intellectually promiscuous postmodernism in order to address the point and purpose of contemporary education

**Conversations with Joyce Carol Oates** Joyce Carol Oates, 1989 These twenty five interviews with Joyce Carol Oates from early in her career to the present are the first such collection to be published In these conversations from sources as diverse as major news magazines and small scholarly journals Oates candidly talks about her work her concepts of literature her methods of writing and many other topics Throughout this anthology Oates discusses how her writing paints a modern panorama of American life Oates described her vast canvas to an interviewer I could not take the time to write about a group of people who did not represent in their various struggles fantasies unusual experiences hopes etc our society in miniature She also comments upon her responsibility as an artist to bear witness to certain aspects of society In this light she responds to criticisms that violence seems to dominate her work by noting that one simply cannot know strengths unless suffering misfortune and violence are explored quite frankly by the writer In addition to discussing her works from her first book *By the North Gate* 1963 to her most popular novel *You Must Remember This* 1987 this prolific writer also answers questions about her writing habits These interviews spanning nineteen years reveal a vivid portrait of Joyce Carol Oates writing as the conscience of society as the creator of memorable prose and poetry and as the artist deeply committed to a unique vision

Autobiographical Writing by Early Modern Hispanic Women Elizabeth Teresa Howe, 2016-04-08 Women's life writing in general has too often been ignored dismissed or relegated to a separate category in those few studies of the genre that include it The present work addresses these issues and offers a countervailing argument that focuses on the contributions of women writers to the study of autobiography in Spanish during the early modern period There are indeed examples of autobiographical writing by women in Spain and its New World empire evident as early as the fourteenth century *Memorias* penned by Doña Leonor López de Córdoba and continuing through the seventeenth century *Cartas* of Sor

Juana In s de la Cruz What sets these accounts apart the author shows are the variety of forms adopted by each woman to tell her life and the circumstances in which she adapts her narrative to satisfy the presence of male critics whether ecclesiastic or political actual or imagined who would dismiss or even alter her life story Analyzing how each of these women viewed her life and conversely how their contemporaries both male and female received and sometimes edited her account Howe reveals the tension in the texts between telling a life and telling a lie *Reading Hebrew Literature* Alan L. Mintz, 2003 Six classic texts of modern Hebrew literature viewed from a variety of critical perspectives *Rethinking the Slave Narrative* Charles J. Heglar, 2001-05-30 The African American slave narrative is popularly viewed as the story of a lone male s flight from slavery to freedom best exemplified by the Narrative of the Life of Frederick Douglass An American Slave 1845 On the other hand critics have also given much attention to Harriet Jacobs s Incidents in the Life of a Slave Girl 1861 to indicate how the form could have been different if more women had written in it But in stressing the narratives of Douglass and Jacobs as models for the genre scholars have ignored the formal and thematic importance of marriage and family in the slave narrative since neither author explores slave marriage in their works This book examines the central role of marriage in The Life and Adventures of Henry Bibb an American Slave 1849 and Running a Thousand Miles for Freedom or the Escape of William and Ellen Craft from Slavery 1860 Bibb s slave wife and child account for significant innovations in the form and content of his narrative while the Crafts mutual dependence as a married couple results in a sustained use of dramatic irony The volume closes by offering a thoughtful consideration of the influence of Bibb and the Crafts on the later fiction of Douglass William Wells Brown and Martin Delany In doing so it invites a critical reexamination of current assumptions about slave narratives

*Conversations with Texas Writers* Frances Leonard, Ramona Cearley, 2010-01-01 Larry McMurtry declares Texas itself doesn t have anything to do with why I write It never did Horton Foote on the other hand says I ve just never had a desire to write about any place else In between those figurative bookends are hundreds of other writers some internationally recognized others just becoming known who draw inspiration and often subject matter from the unique places and people that are Texas To give everyone who is interested in Texas writing a representative sampling of the breadth and vitality of the state s current literary production this volume features conversations with fifty of Texas s most notable established writers and emerging talents The writers included here work in a wide variety of genres novels short stories poetry plays screenplays essays nonfiction and magazine journalism In their conversations with interviewers from the Writers League of Texas and other authors organizations the writers speak of their apprenticeships literary influences working habits connections with their readers and the domestic and public events that have shaped their writing Accompanying the interviews are excerpts from the writers work as well as their photographs biographies and bibliographies Joe Holley s introductory essay an overview of Texas writing from Cabeza de Vaca s 1542 Relaci n to the work of today s generation of writers who are equally at home in Hollywood as in Texas provides the necessary context to appreciate such a diverse

Crafting Presence Nicole B. Wallack, 2017-06-01 Essays are central to students and teachers development as thinkers in their fields In *Crafting Presence* Nicole B Wallack develops an approach to teaching writing with the literary essay that holds promise for writing students as well as for achieving a sense of common purpose currently lacking among professionals in composition creative writing and literature Wallack analyzes examples drawn primarily from volumes of *The Best American Essays* to illuminate the most important quality of the essay as a literary form the writer's presence She demonstrates how accounting for presence provides a flexible and rigorous heuristic for reading the contexts formal elements and purposes of essays Such readings can help students learn writing principles practices and skills for crafting myriad presences rather than a single voice *Crafting Presence* holds serious implications for writing pedagogy by providing new methods to help teachers and students become more insightful and confident readers and writers of essays At a time when liberal arts education faces significant challenges this important contribution to literary studies composition and creative writing shows how an essay centered curriculum empowers students to show up in the world as public thinkers who must shape the knowledge economy of the twenty first century

The Author & Journalist, 1924 *Reluctant Prophets and Clueless Disciples* Robert Darden, 2005-02-01 It was once said that all a person has to do to realize God has a very good sense of humor is to look at a platypus The same sentiment applies to the Bible The Bible often seems like foreign territory not only for students encountering it in introductory classes but also for those who have spent many years in church To many people it is an intimidating collection of rules lists and theological arguments But in reality most of the Bible is made up of fascinating stories Sometimes they're funny sometimes they're weird sometimes they're inspiring but they're never dull This college level introduction invites students into biblical studies through creative humorous retellings and a few cartoons here and there of the basic biblical narratives The best way to get into the Bible says Robert F Darden is to get to know its stories In this new approach to introducing the Bible to students Darden covers the major biblical stories and characters retelling

them in such a way as to bring out their original humor and pathos and inviting the student to encounter them more fully by moving into the text itself [Click here to listen to Terri Gross's interview with Robert Darden on NPR's Fresh Air about the Black Gospel Music Restoration Project](#) Darden runs the project at Baylor University where he is a journalism professor The purpose of the project is to identify acquire preserve record and catalogue the most at risk music from the black gospel music tradition primarily between 1945 and 1970
