Communication Werner M. Egli, 2014. This detailed study on the Sunuwar people, one of the many indigenous peoples of Nepal, is based on more than twenty years of ethnographic research. The book starts with an account of the Sunuwar's indigenous notion of culture, *mukdum*, as expressed in social practice. With reference to specific social fields, a model of the Sunuwar person, mainly used to grasp deviations from the ideal way of life, is analyzed from the perspective of cultural psychology and the anthropology of the senses. The study concludes with an analysis of healing rituals, showing that their effect simultaneously results from the ancestral atmosphere produced by the shaman and a kind of domination-free
