Third Calvin affirms creaturely goodness and order The relation of humans and animals illustrates Calvin's holistic view of creation as well as the impact of corruption and disorder Providential sustenance and concursus are closely tied to the nature of creatures and the initial word Fourth fatherly governance for the church is presented separately and demonstrated by Calvin's treatment of Abraham and Joseph Earlier presentations of Calvin on Creator and creation are incomplete because of the lack of sustained attention to Calvin on Genesis This analysis supplements works that concentrated on the Institutes and Calvin on Job by bringing new material to bear Further throughout this analysis lies the implicit example of a biblical theologian who pursues what is useful from scripture for the sake of piety in the church Insights from Calvin's thought on Genesis provide a foundation for systematic work that reflects on this locus and the integrated practice of theology The Wisdom Background and Parabolic Implications of Isaiah 6:9-10 in the Synoptics Donald E. Salvation History Sungku Kang, 2018-11-15 Salvation history can be thought of as twofold one is that God Himself personally takes action and the other is God has humans act An example of the latter is Exodus in which God had Moses lead the Israelites from Egypt to Canaan The skin garment that God made with slain animals for the fallen Adam is an example of the former Adam's fall is the very starting point of God's saving acts in human history In His saving acts God utilized his sin as the means of salvation However God's plan on saving human beings began far ahead of the creation of Adam for omniscient God already knew of Adam's fall before the world had begun As Apostle Peter confirms God's will to save lost sinners was planned from the very beginning and Jesus Christ was chosen before the creation of the world as our Savior In His saving plan Almighty God reversed all the negatives that would arise from Adam's fall into positives triumphing over them by the cross We need to be clothed in the robe of righteousness the garments of salvation through Jesus Christ The fig leaf coverings sewn by human efforts cannot cover our nakedness In essence the grace of salvation originates from God not from fallible humans Current human history has been heading towards a thorough restoration of God's image When the full and perfect restoration of God's image is accomplished salvation history will finally be complete Although heavily infected by sin we have constantly been advancing towards the perfect restoration of God's image and likeness When Jesus Christ returns to us our defiled image of God will be transformed into His perfect likeness On the day when He appears as Apostle John says we shall be like Him That day will be the very end of human history On that very day at long last God's redemptive plan will be completed
