The Crystal Spheres of the Illuminati Adam Weishaupt,2013-01-25
 700 years ago religion made much more sense to people than it does now It was part of a coherent worldview linking all of

the knowledge of the world then available including the science and cosmology of the time Religion nowadays seems rather ridiculous because the modern paradigm of scientific materialism has destroyed the link between humanity and the divine order To be religious in the past wasn't stupid now it is This book explores the ancient Greek and medieval cosmology that supported the view that Earth was specially created by God The crystal spheres of the heavens with Earth at the centre were beautiful wondrous and inspiring They fitted in perfectly with ideas of spirituality angels and astrology This is one of a series of books by the Pythagorean Illuminati designed to reveal the absurdity and untenability of the Abrahamic religions in the modern scientific era

Dante Jesper Hede, 2007-09-16 Reading Dante The Pursuit of Meaning examines the problem of determining the thematic unity of Dante's *Divina Commedia* in the history of Dante studies The question of unity has puzzled Dante readers for centuries due to an apparent discrepancy between Dante's construction of the afterworld and medieval Christian teachings on the conditions of the afterlife If all sins condemned in Hell can be forgiven we would expect to see them purged in Purgatory and their virtuous opposite celebrated in Paradise In Dante's account however the three realms of the afterlife appear as self-contained entities with only partially related structures that undermine the establishment of thematic correspondences and the determination of the poem's thematic unity Was Dante inconsistent in his exposition of the divine order or have Dante scholars been inconsistent in their treatment of the poem's thematic content Jesper Hede examines the prevalent strategies of reading applied by Dante scholars in their attempt to solve the problem of unity Detailing the major contributions to the resolution of the problem and focusing on medieval philosophy and modern hermeneutics Hede argues that a systematic parallel reading of the poem's three parts reveals that it is the vision of divine order that gives the poem its thematic unity
