*What Will It Take to Make A Woman President?* Marianne Schnall,2013-11-05 I would love for my younger fans to read *What Will It Take to Make a Woman President* by Marianne Schnall It s a collection of interviews and essays by great women including Maya Angelou Gloria Steinem and Melissa Etheridge They will inspire you to become a better leader Beyond Prompted by a question from her eight year old daughter during the 2008 election of Barack Obama Why haven t we ever had a woman president Marianne Schnall set out on a journey to find the answer A widely published writer author and interviewer and the Executive Director of Feminist com Schnall began looking at the issues from various angles and perspectives gathering viewpoints from influential people from all sectors *What Will It Take to Make A Woman President* features interviews with politicians public officials thought leaders writers artists and activists in an attempt to discover the obstacles that have held women back and what needs to change in order to elect a woman into the White House With insights and personal anecdotes from Sheryl Sandberg Maya Angelou Gloria Steinem Nancy Pelosi Nicholas Kristof Melissa Etheridge and many more this book addresses timely provocative issues involving women politics and power With a broader goal of encouraging women and girls to be leaders in their lives their communities and the larger world Schnall and her interviewees explore the changing paradigms occurring in politics and in our culture with the hope of moving toward meaningful and effective solutions and a world where a woman can be president *The Woman President* Ramona Vijayarasa,2022 A unique comparative study of women s leadership and the law offering new ways for understanding the impact of female presidential leadership on women s everyday lives By analysing the legal legacies of four women presidents in Asia this book challenges and expands our understanding of what constitutes a woman s issue , **Woman President** Kristina Horn Sheeler,Karrin Vasby Anderson,2013-08-08 What elements of American political and rhetorical culture block the imagining and thus the electing of a woman as president Examining both major party and third party campaigns by women including the 2008 campaigns of Hillary Clinton and Sarah Palin the authors of *Woman President Confronting Postfeminist Political Culture* identify the factors that limit electoral possibilities for women Pundits have been predicting women s political ascendancy for years And yet although the 2008 presidential campaign featured Hillary Clinton as an early frontrunner for the Democratic presidential nomination and Sarah Palin as the first female Republican vice presidential nominee no woman has yet held either of the top two offices The reasons for this are complex and varied but the authors assert that the question certainly encompasses more than the shortcomings of women candidates or the demands of the particular political moment

Instead the authors identify a pernicious backlash against women presidential candidates one that is expressed in both political and popular culture In *Woman President Confronting Postfeminist Political Culture* Kristina Horn Sheeler and Karrin Vasby Anderson provide a discussion of US presidentiality as a unique rhetorical role Within that framework they review women s historical and contemporary presidential bids placing special emphasis on the 2008 campaign They also consider how presidentiality is framed in candidate oratory campaign journalism film and television digital media and political parody
