different parts of this transnational biomedical landscape have yet to receive their due attention. Situated at the intersection of contemporary debates as well as theories of medical anthropology and migration in the 21st century, this book explores the experiences of Nigerian-trained physicians who migrated to the US and the UK within the last 40 years. By drawing on individual professional life stories, Judith Sch hle illuminates how these physicians disconnect from and re-connect to diverse local social and biomedical contexts becoming established abroad while at the same time trying to influence health care services in Nigeria through transnational endeavors.
