First And Only Love:

Signs Along the Way Carla Russell, Kathy Tracy, Judy Cross, 2025-01-01 This is a story about an extraordinary woman who lived a seemingly ordinary life But appearances can be deceiving as Elizabeth Layton s journey was anything but ordinary Her story is of a woman whose roots reach deep into history and whose branches reach far into the future Generations of women in Elizabeth s family including the three authors of this book have and will face the same fights feel the same joys and walk the same paths Like Dorothy the other Kansas girl that finally realizes there s no place like home this pilgrimage begins and ends in a small town on the prairies of Kansas During Elizabeth s odyssey there is good and evil despair and hope and always a rainbow

Old Fritz and the New Era L. Mühlbach, 2022-09-16 In *Old Fritz and the New Era* L. Mühlbach offers readers a historical panorama classically inflected yet distinctly approachable in its narrative style invoking a rich tapestry of characters and events from an epoch defined by its sharp contrasts of enlightenment and tradition Mühlbach known for blending historical accuracy with rich novelistic detail crafts a milieu that vividly captures the essence of the period and its poignant relevance By meticulously contextualizing the events within the broader literary and historical landscape Mühlbach renders a story that is as much a treatise on the human condition as it is a detailed portrait of time and place making it essential reading for admirers of historical literature L. Mühlbach the nom de plume of Clara Mundt was a popular 19th century German writer whose works have often encapsulated the spirit of an era with a historian s eye and a novelist s creativity Her unique ability to intertwine personal biographies with national histories likely stems from her profound understanding of the political and social upheavals characterizing her time This synthesis in *Old Fritz and the New Era* reflects not only Mühlbach s expansive knowledge but also her commitment to portraying the erudite complexities of Frederick the Great s reign and its implications for the burgeoning modern era *Old Fritz and the New Era* reproduced here with the thoughtful care of DigiCat Publishing is an indispensable addition to the collection of any reader who seeks to immerse themselves in the crosscurrents of history and literature Mühlbach s work beckons the enthusiast of the historical genre and the student of human endeavors alike offering a window into a transformative period of history that continues to echo into the present day For those who yearn to understand the genesis of the contemporary through the mirror of the past this book is a compelling and scholarly choice

Teach Only Love Gerald G. Jampolsky, 2011-10-04 Dr Jampolsky believes there is another way of looking at life that makes it possible for us to walk through this world in love at peace and without fear This other way requires no external battles but only that we heal ourselves It is a process he calls attitudinal healing because it is an internal and primarily mental process Jampolsky believes that attitudinal healing when properly practiced will allow anyone regardless of her circumstances to begin experiencing the joy and harmony that each moment holds and to start her journey on a path of love and hope The mind can be retrained Within this fact lies our freedom Our attitudes determine whether we experience peace or fear whether we are well or sick free or imprisoned Love in its true meaning is

the attitude that this book is about Love is total acceptance and total giving with no boundaries and no exceptions Love being the only reality cannot be transformed It can only extend and expand It unfolds endlessly and beautifully upon itself Love sees everyone as blameless for it recognizes the light within each one of us is Love is the total absence of fear and the basis for all attitudinal healing The principles of attitudinal healing have been expanded since Teach Only Love was first published in 1983 There are now twelve principles which are used in the 150 Centers for Attitudinal Healing around the world Dr Jampolsky believes that these principles have a universal appeal that crosses cultural and religious barriers He has repeatedly seen how people s lives have transformed when these principles became their heartbeat and their way of communicating with others
