Introducing language use and interaction as the basis of good teaching and learning this invaluable book equips teachers and researchers with the tools to analyze classroom discourse and move towards more effective instruction Presenting an overview of existing approaches to describing and analyzing classroom discourse Steve Walsh identifies the principal characteristics of classroom language in the contexts of second language classrooms primary and secondary classrooms and higher education settings A distinct feature of the book are the classroom recordings and reflective feedback interviews from a sample group of teachers that Walsh uses to put forward SETT Self Evaluation of Teacher Talk as a framework for examining discourse within the classroom This framework is used to identify different modes of discourse which are employed by teachers and students to increase awareness of the importance of interaction and to maximize learning opportunities This book will appeal to applied linguists teachers and researchers of TESOL as well as practitioners on MEd or taught doctorate programmes

First Certificate Masterclass Simon Haines, Barbara Stewart, 2004 *First Certificate Masterclass* ,2004 *MasterClass in History Education* Christine Counsell, Katharine Burn, Arthur Chapman, 2016-10-06

MasterClass in History Education draws on international research and practice to present effective and engaging approaches for history teachers who want to explore the ways in which reading research and reflection can support the development of history teaching and learning in the classroom At the heart of the book is a series of professional enquiries carried out by experienced history teachers working in a range of contexts Each history teacher addresses clear questions arising from

their practice and together they illustrate various approaches to data collection data analysis and argument These history teachers also show how they drew on diverse scholarship in history and history education including many publications by other history teachers In eight further chapters other experts ranging from practitioner scholars to researchers in diverse fields such as history history education teacher education teacher research and curriculum theory reflect on the distinctive insights that these teachers offer and explore connections with their own fields The combination of perspectives and the depth of knowledge of the varied contributors reveal the importance of different kinds of relationship between theory and practice The links between classroom realities and research and the critical use of different kinds of text will support history teachers in developing their practice and professional voice
