First Impressions John James Audubon:

First Impressions Joseph Kastner,1992-09-30 Examines the noted artist whose passion for American birds dominated his life and his work **The Life of John James Audubon, the Naturalist** Lucy Green Bakewell Audubon,1902 John James Audubon's Journal Of 1826 John James Audubon,2011-07-01 John James Audubon an early American naturalist and painter produced one of the greatest works of natural history and art of the nineteenth century The Birds of America As the record of the interior story of the making of this monumental work his journal of 1826 is one of the richest documents in the history of American culture The first accurate transcription of Audubon s 1826 journal this edition corrects many of the errors both intentional and unintentional found in previous editions Such errors have obscured the figure of Audubon as a man struggling to realize his professional and artistic dreams When Audubon embarked for Liverpool from New Orleans in 1826 he carried with him more than 250 of his watercolor drawings in a heavy case a packet of letters of introduction and many a good reason to believe that he was a fool to be gambling his family s fortunes on so risky and grandiose a venture These journal entries conveying with energy and emotion Audubon s experience of risking everything on a dream Oh America Wife Children and acquaintances Farewell document an American icon s transformation from a beleaguered backwoods artist and naturalist to the man who would become America s premier ornithologist illustrator of birds and nature essayist John James Audubon Gregory Nobles,2017-03-07 John James Audubon s The Birds of America stands as an unparalleled achievement in American art a huge book that puts nature dramatically on the page With that work Audubon became one of the most adulated artists of his time and America s first celebrity scientist In this fresh approach to Audubon s art and science Gregory Nobles shows us that Audubon s greatest creation was himself A self made man incessantly striving to secure his place in American society Audubon made himself into a skilled painter a successful entrepreneur and a prolific writer whose words went well beyond birds and scientific description He sought status with the gentlemen of science on both sides of the Atlantic but he also embraced the ornithology of ordinary people In pursuit of popular acclaim in art and science Audubon crafted an expressive audacious and decidedly masculine identity as the American Woodsman a larger than life symbol of the new nation a role he perfected in his quest for transatlantic fame Audubon didn t just live his life he performed it In exploring that performance Nobles pays special attention to Audubon s stories some of which the murky circumstances of his birth a Kentucky hunting trip with Daniel Boone an armed encounter with a runaway slave Audubon embellished with evasions and outright lies Nobles argues that we cannot take all of Audubon s stories literally but we must take them seriously By doing so we come to terms with the central irony of Audubon s true nature the man who took so much time and trouble to depict birds so accurately left us a bold but deceptive picture of himself **The Missouri River Journals of John James Audubon** John James Audubon,2016-05-01 The first accurate transcription of John James Audubon s 1843 journals which includes recently discovered and previously unpublished journal entries detailing his last expedition along the

upper Missouri River Provided by publisher *The Life of John James Audubon, the Naturalist* John James Audubon, Lucy Green Bakewell Audubon, 1875 **John James Audubon** Richard Rhodes, 2006-04-11 John James Audubon came to America as a dapper eighteen year old eager to make his fortune He had a talent for drawing and an interest in birds and he would spend the next thirty five years traveling to the remotest regions of his new country often alone and on foot to render his avian subjects on paper The works of art he created gave the world its idea of America They gave America its idea of itself Here Richard Rhodes vividly depicts Audubon s life and career his epic wanderings his quest to portray birds in a lifelike way his long anguished separations from his adored wife his ambivalent witness to the vanishing of the wilderness John James Audubon The Making of an American is a magnificent achievement *John James Audubon* Patrice Sherman, 2013 Artist writer naturalist and frontiersman John James Audubon explored America s wilderness during the early 19th century observing and recording the wonders he found there From the Kentucky frontier to the Mississippi bayo **The life and adventures of John James Audubon, the naturalist** Robert Buchanan, 2020-09-10 Reprint of the original first published in 1869 **First Impressions** Victoria Dickenson, Agnes Etherington Art Centre, 1992 **The Biography Book** Daniel S. Burt, 2001-02-28 From Marilyn to Mussolini people captivate people A E s Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals

The quadrupeds of North America by John James Audubon and John Bachman John James Audubon, 1854 *Key Biscayne* Joan Gill Blank, 1996 Using many photographs the author reveals a fascinating piece of geography Key Biscayne America s southernmost barrier island *The New York Times Book Review* , 1994-04 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback [Birding and Mysticism](#) George E. Lowe, 2009-08-31 There is no available information at this time **Reading the Florida Landscape** Robert A. Norman, 2020-09-03 Reading the Florida Landscape offers all levels of nature enthusiasts an opportunity to improve their skills and increase their appreciation of Florida s wonderful outdoors Great photographs and maps enhance the reading pleasure and diverse and exciting narratives on Florida nature are included Using interviews with conservation scientists and historical and current case studies the book blends the skills and knowledge gained from the author s experiences as a physician and an advanced Florida Master Naturalist to discuss how to identify or perhaps diagnose actions and events that have influenced the structure and function

of Florida environments It encourages the reader to identify evidence of land and water use that has occurred in the past to better understand how these have influenced the health and function of ecosystems in the present *The Regional Review*, 1939 Lives of the Great Romantics, Part II, Volume 3 John Mullan, Ralph Pite, Fiona Robertson, Jenny Wallace, 2020-04-02

In this second collection of biographical accounts of Romantic writers the characters of Keats Coleridge and Scott are recalled by their contemporaries offering insights into their lives and writings as well as into the art of 19th century biography *The American Idea of England, 1776-1840* Jennifer Clark, 2016-04-01 Arguing that American colonists who declared their independence in 1776 remained tied to England by both habit and inclination Jennifer Clark traces the new Americans struggle to come to terms with their loss of identity as British and particularly English citizens Americans attempts to negotiate the new Anglo American relationship are revealed in letters newspaper accounts travel reports essays song lyrics short stories and novels which Clark suggests show them repositioning themselves in a transatlantic context newly defined by political revolution Chapters examine political writing as a means for Americans to explore the Anglo American relationship the appropriation of John Bull by American writers the challenge the War of 1812 posed to the reconstructed Anglo American relationship the Paper War between American and English authors that began around the time of the War of 1812 accounts by Americans lured to England as a place of poetry story and history and the work of American writers who dissected the Anglo American relationship in their fiction Carefully contextualised historically Clark s persuasive study shows that any attempt to examine what it meant to be American in the New Nation and immediately beyond must be situated within the context of the Anglo American relationship **Johnson's Household Book of Nature** Hugh Craig, 1880
