bridge the chasm between a type A father and his neglected son Accompanied by stunning photographs the stories in this book reflect not only the rich experience of fly fishing but also how it can extend beyond the rivers oceans and fish to touch the core of our daily lives To Hell with Fishing; Or, How to Tell Fish from Fishermen Harold Tucker Webster,Edward Geary Zern,1945 Collection of cartoons on fishing and fishermen The Little Trout Fly-Fishing Book Keith Myers,2001-05-22 This Little Trout Fly Fishing book is a collection of fishing gems One liners if you will that hold many facts and truths Humor that is obvious too the enlightened and strange wits of wisdom that other fly fisherman with a somewhat twisted sense of humor will enjoy From one fly fisherman to another **Arc of the River** Brendan McCarthy,2024-11-27 It is evident in these stories that fly fishing for McCarthy is about more than catching fish but further the places it takes us and the memories it creates FROM THE FOREWORD When McCarthy first discussed this book with me I knew he was an angler who had discovered original wisdom in the teachings of many rivers He s a man who has caught many good fish on a fly and yet during our conversations he never once mentioned a fish he had caught The attention was focused on his family ties to the sport the places he remembers the poetic arc of an angler s life and the reasons he returned to the river In his words In an upside down world I wanted to grab ahold of something meaningful I sought a place where I could find freedom and tranquility Fly fishing on a river was that place This is a book of wisdom not only about fly fishing but inherently more it touches on the immortal pursuit of becoming better at understanding ourselves The rivers of Montana are national treasures In Arc of the River McCarthy describes how fishing those majestic rivers can change one s perspective on life From the initial struggle of how to use a rod and a reel to understanding what flies to use how to read the water and where to cast fly fishing offers not only the opportunity to develop a new skill through focused practice but also the chance to do so while immersed in some of the most peaceful and awe inspiring settings in nature Along the way the act of fishing eventually fades to the background and the angler becomes more connected to their surroundings No place offers as many incredible rivers to fish as Montana This book delves deeper into what a fly fisherman experiences on those rivers from the joy of catching rainbows on the Big Hole River to finding solitude on the Stillwater River to exploring backcountry streams in the Yellowstone High Country and finally to chasing after giant trout on the legendary Missouri and Bighorn Rivers While each fly fishing experience eventually fades away the love of the river remains **On Fly-Fishing the Northern Rockies** Chadd Vanzanten,Russ Beck,2015-06-08 Anyone would be hard pressed to find a pastime more emblematic of the western spirit than fly fishing Liberating poetic wild soothing and inspiring it pushes the boundaries of the mind In essays ranging from introspective to ironic angler authors Chadd VanZanten and Russ Beck distill the purest truths of fly fishing into essential often humorous rules of thumb With kernels like always tell the truth sometimes and all the fish are underwater wade into the blue ribbon waters of Montana Idaho Wyoming and Utah to reflect metaphysically on these lines of practical wisdom
