Congress. House. Committee on Agriculture. Subcommittee on Forests, Family Farms, and Energy, 1990 **Freshwaters of Alaska** Alexander M. Milner, Mark W. Oswood, 2012-12-06 Alaska's great size is mirrored by the large number and diversity of its freshwater ecosystems This volume reviews and synthesizes research on a variety of Alaskan freshwaters including lakes rivers and wetlands The vast range of Alaskan habitats ensures that the chapters in this book will provide valuable information for readers interested in freshwaters particularly nutrient dynamics biotic adaptations recovery mechanisms of aquatic biota stream succession and the management of human induced changes in aquatic habitats *Publications of the Pacific Northwest Forest and Range Experiment Station* Pacific Northwest Forest and Range Experiment Station (Portland, Or.), 1985 Idaho Panhandle National Forest (N.F.), Charlie Tyson Ecosystem Management Project ,1995 **Medford District Area Resource(s) Management Plan (RMP)** ,1994 **From the Forest to the Sea** Chris Maser, 1988 Productivity of Forests of the United States and Its Relation to Soil and Site Factors and Management Practices ,1989 **Pacific Salmon & their Ecosystems** Deanna J. Stouder, Peter A. Bisson, Robert J. Naiman, 2012-02-02 The symposium Pacific Salmon and Their Ecosystems Status and Future Options and this book resulted from initial efforts in 1992 by Robert J Naiman and Deanna J Stouder to examine the problem of declining Pacific salmon *Oncorhynchus* spp Our primary goal was to determine informational gaps As we explored different scientific sources state provincial and federal agencies as well as non profit and fishing organizations we found that the information existed but was not being communicated across institutional and organizational boundaries At this juncture we decided to create a steering committee and plan a symposium to bring together researchers managers and resource users The steering committee consisted of members from state and federal agencies non profit organizations and private industry see Acknowledgments for names and affiliations In February 1993 we met at the University of Washington in Seattle to begin planning the symposium The steering committee spent the next four months developing the conceptual framework for the symposium and the subsequent book Our objectives were to accomplish the following 1 assess changes in anadromous Pacific Northwest salmonid populations 2 examine factors responsible for those changes and 3 identify options available to society to restore Pacific salmon in the Northwest The symposium on Pacific Salmon was held in Seattle Washington January 10 12 1994 Four

hundred and thirty five people listened to oral presentations and examined more than forty posters over two and a half days We made a deliberate attempt to draw in speakers and attendees from outside the Pacific Northwest *Ecology and Management of Sitka Spruce* N. Merle Peterson, Patrick Martin, 2011-11-01 Sitka spruce the largest of the world s spruces is an important component of British Columbia s coastal forests Its ecology gives it a special place in the sustainable management of the province s forests However in west coast forestry it is poorly known in comparison with its main coniferous companions Douglas fir western redcedar and western hemlock As an important international forestry resource it is crucial that Sitka spruce its ecology and the ecosystems in which it occurs be clearly understood by those who are involved with its management This book is the most recent major work on the ecology and management of Sitka spruce The authors describe how this fascinating tree reproduces grows and functions in its natural geographic range They discuss both the ecology of Sitka spruce and silvicultural questions such as original plantation spacing juvenile spacing and fertilization to accelerate the harvestability of second growth coastal spruce stands Sitka spruce derives its importance not only from its prominence as an international transportable genetic resource but also from its role in riparian systems and its biodiversity values Here in North America s west coast rainforest this magnificent tree illustrates the ecology of complex forest ecosystems and their cultural wilderness historic and economic values **Northern Spotted Owl Management Plan in the National Forests (CA,OR,WA)** ,1992 Tongass National Forest (N.F.), Land Management Plan Revision: Environmental Impact Statement ,1997 **Idaho Panhandle National Forests (N.F.), Hidden Cedar Project, Benewah County** ,2002 *Publications of the Pacific Northwest Research Station* Pacific Northwest Research Station (Portland, Or.),1985 Idaho Panhandle National Forests (N.F.), Emerald Creek Garnet Area ,2007 *Conservation Biology Principles for Forested Landscapes* Joan Voller, Scott Harrison, 2011-11-01 This book is intended to provide information to those who wish to interact with the landbase in an ecologically sustainable manner Practitioners charged with the administration of land based programs in industry and government will find the information presented useful It should also be a resource for many community groups involved in land use decision making Humans continue to use forests and make decisions about land use without perfect information Conservation Biology Principles for Forested Landscapes is intended to enable the improvement of planning and decision making processes by providing ecological information on issues of forest use Current approaches are not working Where information exists on new ecologically sustainable approaches practitioners should switch Where the information on a better approach is not yet available practitioners should replace the current inappropriate approach with a variety of flexible ones that offer the opportunity to change with new knowledge **Tongass National Forest** United States. Congress. Senate. Committee on Energy and Natural Resources. Subcommittee on Public Lands, National Parks, and Forests, 1989 **Colville National Forest/ Idaho Panhandle National Forest (N.F.), Douglas Fir Beetle Project** ,1999
