Edgar Allan Poe A Critical Biography Signed:

Edgar Allan Poe Arthur Hobson Quinn,1997-11-25 Renowned as the creator of the detective story and a master of horror the author of The Red Mask of Death The Black Cat and The Murders of the Rue Morgue Edgar Allan Poe seems to have derived his success from suffering and to have suffered from his success The Raven and The Tell Tale Heart have been read as signs of his personal obsessions and The Fall of the House of Usher and The Descent into the Maelstrom as symptoms of his own mental collapse Biographers have seldom resisted the opportunities to confuse the pathologies in the stories with the events in Poe s life Against this tide of fancy guesses and amateur psychologizing Arthur Hobson Quinn s biography devotes itself meticulously to facts Based on exhaustive research in the Poe family archive Quinn extracts the life from the legend and describes how they both were distorted by prior biographies **The Oxford Handbook of Edgar Allan Poe** J. Gerald Kennedy,Scott Peeples,Caleb Doan,2019 This handbook is currently in development with individual articles publishing online in advance of print publication At this time we cannot add information about unpublished articles in this handbook however the table of contents will continue to grow as additional articles pass through the review process and are added to the site Please note that the online publication date for this handbook is the date that the first article in the title was published online [Anthologizing Poe](#) Emron Esplin,Margarida Vale de Gato,2020-08-06 This collection explores how anthologizers and editors of Edgar Allan Poe play an integral role in shaping our conceptions of Poe as the author we have come to recognize revere and critique today In the spheres of literature and popular culture Poe wields more global influence than any other U S author This influence however cannot be attributed solely to the quality of Poe s texts or to his compellingly tragic biography Rather his continued prominence as a writer owes much to the ways that Poe has been interpreted portrayed and packaged by an extensive group of mediators ranging from anthologizers editors translators and fellow writers to literary critics filmmakers musicians and illustrators In this volume the work of presenting Poe s texts for public consumption becomes a fascinating object of study in its own right one that highlights the powerful and often overlooked influence of those who have edited anthologized translated and adapted the author s writing over the past 170 years **Historical Dictionary of Horror Literature** Mark A. Fisher,2010-05-15 An image of Edgar Allan Poe 1809-1849 as a man of gloom and mystery continues to hold great popular appeal Long recognized as one of the greats of American literature he elicited either highly commendatory or absolutely hostile reactions from many who knew him from others who claimed to comprehend him as person or as writer and from still others who circulated as fact opinions intuited from his writings Whether promoting him as angel or demon a man of great and original genius or extraordinarily wicked the viewpoints in this dramatic collection of primary materials provide vigorous testimony to support the contradictory images of the man and the writer that have prevailed for a century and a half Noted Poe scholar Benjamin Fisher includes a comprehensive introduction and a detailed chronology of Poe's sadly short life each entry is introduced by a short headnote that places the selection in historical and cultural context and explanatory notes provide information about people and places From John Allan's letter to Secretary of War John Eaton about Poe's West Point life to John Frankenstein's hostile verse casting him as an alcoholic from Rufus Griswold's first and second posthumous vilifications to James Russell Lowell's more sensible outline of his life and career from scornful to commendable reviews to scathing attacks on his morals to recognition of his comic achievements Fisher has gathered a lively array of materials that read like the most far-fetched of gothic tales Poe himself was creative when he supplied information to others about his life and literary career and the speculative content of many of the portrayals presented in this collection read as if their authors had set out to be equally creative The sixty-nine recollections gathered in Poe in His Own Time form a dramatic real-time biographical narrative designed to provide a multitude of perspectives on the famous author sometimes in conflict with each other and sometimes in agreement but always arresting The Latest Early American Literature R. C. De Prospe,2016-01-21 The Latest Early American Literature according to readers for the University of Delaware Press is a

collection of polemics and manifestoes In it R C De Prospro bids to follow in the footsteps of the two rare early Americanist dissenters whom Philip F Gura once distinguished as prophets without honor in the field William Spengemann and Michael Colacurcio The book contends that a supposedly retired nationalist modernist telos continues to reign in most of the latest scholarship and even more influentially in all of the current literary histories and anthologies no matter how expansive in gender ethnic racial and hemispheric inclusiveness they profess to be Old teloi in particular that old American exceptionalist one can be cunning Updating and expanding upon essays written over the past thirty years De Prospro proposes not only negatively to critique how the latest scholarly receptions of early American literature differ insignificantly from the earlier ones but positively to propose how a transnationalist concession that as a neocolonial culture America s lags behind that of Europe might advance post modern historiography by radically repositioning the past as no longer the present s diachronic predecessor but to quote Lyotard s semiotics its synchronic differend Closer to earth De Prospro tries at the same time to remain mindful of the pedagogical imperative that ultimately to save the texts of early American literature will require making them legible to average non specialist never to become specialist undergraduate general education students To facilitate this he introduces in the concluding section of *The Latest Early American Literature* what will probably be taken as its most radical intervention the redefinition of Edgar Allan Poe as an early American writer

Poe, Queerness, and the End of Time Paul Christian Jones, 2022-05-16 This book builds upon recent theoretical approaches that define queerness as more of a temporal orientation than a sexual one to explore how Edgar Allan Poe's literary works were frequently invested in imagining lives that contemporary readers can understand as queer as they stray outside of or aggressively reject normative life paths including heterosexual romance marriage and reproduction and emphasize individuals' present desires over future plans The book's analysis of many of Poe's best known works including *The Raven* *The Fall of the House of Usher* *The Black Cat* *The Masque of the Red Death* and *The Murders in the Rue Morgue* show that his attraction to the liberation of queerness is accompanied by demonstrations of extreme anxiety about the potentially terrifying consequences of non-normative choices While Poe never resolved the conflicts in his thinking this book argues that this compelling imaginative tension between queerness and temporal normativity is crucial to understanding his canon

Knowledge Worlds Reinhold Martin, 2021-03-16 What do the technical practices procedures and systems that have shaped institutions of higher learning in the United States from the Ivy League and women's colleges to historically black colleges and land grant universities teach us about the production and distribution of knowledge Addressing media theory architectural history and the history of academia *Knowledge Worlds* reconceives the university as a media complex comprising a network of infrastructures and operations through which

knowledge is made conveyed and withheld Reinhold Martin argues that the material infrastructures of the modern university the architecture of academic buildings the configuration of seminar tables the organization of campus plans reveal the ways in which knowledge is created and reproduced in different kinds of institutions He reconstructs changes in aesthetic strategies pedagogical techniques and political economy to show how the boundaries that govern higher education have shifted over the past two centuries From colleges chartered as rights bearing corporations to research universities conceived as knowledge factories educating some has always depended upon excluding others Knowledge Worlds shows how the division of intellectual labor was redrawn as new students entered expertise circulated science repurposed old myths and humanists cultivated new forms of social and intellectual capital Combining histories of architecture technology knowledge and institutions into a critical media history Martin traces the uneven movement in the academy from liberal to neoliberal reason

Private Perry and Mister Poe William F. Hecker, 2005-06-01 Writing poetry and inspecting artillery bombs for the army do not seem like compatible endeavors which is perhaps why many biographers and critics have overlooked Edgar Allan Poe's stint in the military dismissing it as an odd aberration in his literary career William F Hecker however is in a unique position to appreciate the influence that military culture and training had on the young poet A professional artilleryman and a Poe scholar Hecker offers a lively nuanced account of Poe's experience as an enlisted soldier and West Point cadet and relates it to his writing especially his *Poems 1831* presented here in facsimile for the first time since 1936 Military service appealed to Poe's romantic sense of adventure and in 1827 he joined the army under the name Edgar A Perry He rose quickly through the ranks most notably learning cannon drill but suffered as a social misfit in the field and at West Point where legends about a brilliantly defiant jester still abound Shortly after being dismissed from the Military Academy for neglecting his duties Poe published his third book of verse *Poems 1831* which he dedicated to his fellow West Point cadets and funded through subscriptions to them Hecker explores these events filling in biographical gaps and drawing connections to Poe's poetic vision Poe's desire that his poems act as aesthetic bombs deranging the senses striving for Beauty but failing explosively emerges as a key theme With a foreword by poet and Poe critic Daniel Hoffman and an afterword by Gerard A McGowan addressing the martial element in the poems *Tamerlane* and *To Helen* among others *Private Perry and Mister Poe* offers the definitive statement about Poe's military experience while making the early versions of many of his most famous poems widely available

Poe's Perfect Crimes Yasuhiro Takeuchi, 2025-02-12 The genius of Edgar Allan Poe extends far beyond his groundbreaking creation of Auguste Dupin which laid the foundation for detective fiction What remains little known is that Poe envisioned an even more sophisticated form of the genre Works in this form take an innovative approach allowing the reader rather than a fictional detective to uncover and solve hidden murders In 1844 as the Dupin stories concluded Poe published two lesser known works *Thou Art the Man* and *A Tale of the Ragged Mountains* These stories reflect his ambition to engage readers in a game of wits with himself This study endeavors to rise to his challenge and unravel the
