Education of Native Americans Guy B. Senese,1991-06-19 Self determination a crucial conceptual development in American
Indian social and educational policy and the force behind current Indian policy programs is critically analyzed in this volume
by a scholar educator who has worked closely with Native Americans Guy B Senese explores the wide gulf between the
rhetoric and the reality of self determination in contemporary Native American education an area that has received little
scrutiny by students of American education policy Senese contends that many aspects of Native American self determination
policy work against the full realization of that policy and are in fact contradictory Arguing that self determination is not a
unified coherent policy moving toward more community and tribal self government and economic self help Senese makes a
strong case for his theory that the policy has been a vehicle to promote a smooth transition toward a termination of the tribal
federal relationship This book is an excellent addition to the developing literature that questions the pluralist assumptions of
the late twentieth century liberal progressive social policy Each of the volume s three parts addresses a basic assumption of
Native American social education policy Part I shows how self determination policy grew as a response to the moral
requirements of reservation development in a political climate of American patriotism Part II shifts the focus more directly to
schooling including a discussion of the concept of community control and the 1975 Self Determination and Educational
Assistance Act The concluding section analyzes the dialogue that resulted from the fragmentation of Native Americans who
were divided over the meaning of self determination How the concepts of trust and sovereignty have created grounds for the
expropriation of the meaning of self determination is also explored This volume s analysis of American Indian social and
educational policy makes it required reading in the areas of Ethnic Studies Educational Policy Studies Ethnohistory and
