Sherington,Craig Campbell,2006-02-04 This book traces the decline of the public comprehensive high school New educational markets emphasized school diversity and parental choice rather than social equity through common schooling and they were criticized for declining standards The book also considers government education policies and their regional manifestations *Public Or Private Education?* Richard Aldrich,2004 The essays that make up this collection examine past present and future relationships between the private and public dimensions of education The book offers an analysis of the situation from an international perspective *The Pathfinders* Richard J. Hauser,2011-12 There have been Lutheran schools in Australia for more than 170 years This book examines the second 80 years of that history through a series of biographies of the pathfinders those educational leaders who on the basis of a rich tradition which had suffered some reversals forged new directions for Lutheran schooling in the twentieth century The eight profiles in this book not only cover the broad sweep of Lutheran educational history from 1919 to 1999 but also explore the stories of people who were leading players in its development *Youth Transition in a Globalised Marketplace* Nigel Bagnall,2005 Youth Transition in a Globalised Marketplace YTGm is a study based on the experiences of youth in a number of countries It deals with the increasingly complex question of youth transition Galland introduced the notion of transition to adult life as a journey He believes there are four centrally important thresholds that define the pattern and progress of transition to adulthood These he defines as completing education training entry to employment leaving home and forming a couple This book is primarily concerned with the first two completing education training and entry to employment p ix ed
