**The End of the "Asian Model"** Holger Henke, Ian Boxill, 2000-03-15 With the economic crisis in Asia which unfolded in recent years the development model on which the phenomenal earlier success of several countries in the region was built requires increasing scrutiny This anthology questions the validity of the notion promoted by some observers and international financial organizations that there is a universally applicable model of industrialization common to Asian countries A number of senior and highly regarded Asia specialists are taking a critical look at the various development experiences of several and some often neglected Asian countries and evaluate their experiences in a comparative perspective Comparing the analyses of countries such as Mongolia the Pacific Islands or Sri Lanka with Singapore South Korea and other countries of the region leads the editors of this volume to the conclusion that the fashionable talk about a model is not justified and that the picture is much more complex Immigration in Singapore

First 50 Years Intan Azura Mokhtar, Yaacob Ibrahim, 2022-03-02 This book is a collection of essays by thought and advocacy leaders, policymakers and academics in Singapore who have been and are in positions of influence in shaping social policies and hence the social context in the country. These essays are meant to initiate discussion, promote debate and broaden understanding of the social issues at play, the challenges faced and the trade offs involved in enhancing social policies, strengthening the social compact and shaping the social context in Singapore. This is done through addressing issues and challenges in 1 Government and Civil Society 2 Education 3 Employability and Employment 4 Social and Family Development 5 Demographics and Social Spending 6 Healthcare and Healthcare Financing 7 Urban Planning and the Environment 8 Disruptions New Technologies and Smart Nation. It is hoped this book will be useful for students of sociology, social policy or public policy as they discuss the dynamics and trade offs involved in planning, shaping and implementing social and public policies in Singapore. This book also hopes to inform and initiate dialogues among Singaporeans on the social issues and challenges we face in our city state and which we have to collectively address as a nation. An African Exploration of the East Asian Education Experience Birger Fredriksen, Jee-Peng Tan, 2008-01-01 This book aims to promote a better understanding of the education policy choices and implementation modalities that have enabled many East Asian countries over the last 30-40 years to move from education and economic conditions similar to those of many Sub-Saharan Africa countries to attain the level of development they enjoy today. **Dynamic Human Resource Systems** James P. Begin, 2014-12-11 The goal of this work was to use these cross-national comparisons to better understand how human resource policies operate to affect firm performance not as individual practices but as bundles of interacting practices that have positive effects on both productivity and the quality of life of workers. The Dynamics of Asian Labour Markets John Benson, Ying Zhu, 2011-03-02 Asia has undergone rapid economic transformation over the past two decades. Despite its constant economic growth, the 1997-98 Asian financial crisis and the resulting surge in unemployment highlighted the vulnerability of national systems that base development solely on economic growth. This book fills a major research gap by exploring the nature, dynamics and functioning of Asian labour markets in eight major Asian economies including Japan, South Korea, Hong Kong, Singapore, China, Vietnam, India and Malaysia. It examines the type of labour markets that exist in Asia, how they have responded to globalisation and how flexible they are to changing social and economic conditions. The book analyses how the current transformation has impacted on the key parties such as employers, employees, trade unions, governments, organisations and society as a whole and considers the likely future trends and developments in Asian labour markets. **Makers of Modern Asia** Ramachandra Guha, 2014-08-29 The twenty-first century has been dubbed the Asian Century. Highlighting diverse thinkers, politicians rather than billionaire businessmen, *Makers of Modern Asia* presents eleven leaders who theorized and organized anticolonial movements, strategized and directed military campaigns and designed and implemented political systems. **Achieving Industrialization in East Asia** Helen Hughes, 1988-11-10 This book examines
