Isn't teaching incredible? Education is the only field in which we can make any other career possible. Teachers have the opportunity to change students' lives and futures every day, and have the responsibility to set them up for success and high achievement. And I love it!

I am just always will be continuing to grow as a teacher, but I am confident I make a positive difference for my students through consistent classroom management, engaging lessons and projects, strong relationships, effective communication, and using data to guide differentiation and intervention.

I hope this portfolio can serve as a window into my classroom to share my unique talents and experiences.

Thank you for taking the time to view my portfolio!

Social Studies - Economics

As my lead teaching, I planned and implemented a social studies unit on economics throughout the four week unit, we discussed needs and wants, goods and services, producers, consumers and service providers, trading, bartering, community helpers and places. For this unit, I used a variety of kinesthetic, hands-on and technology-based activities to keep students engaged, as well as to meet the diverse learning needs of all students. Below is a calendar of lessons and a sample lesson plan from the unit.
