Levers to Improve Learning Tony Frontier, James Rickabaugh, 2014-01-08 Why have decades of school reform had so little measurable effect on student achievement Why have billions of dollars spent on technology small school initiatives and school choice options failed to improve our schools Too often educators are simply pulling the wrong levers say Tony Frontier and James Rickabaugh They explain that the various components of schooling fall into five categories structure sample standards strategy and self Understanding how these five levers work and their relative power can help unlock the potential for lasting improvements in teaching and learning The authors show readers that changes to structure and sample how schools are organized and how students are grouped will not be effective without changes to standards expectations for student learning strategy instructional strategies to engage students in meaningful learning and self the set of beliefs teachers and students have about their capacity to be effective At the heart of this book is a simple message for teachers administrators board members and education policymakers at all levels the key to success is not doing more work and making more changes but doing the right work and making the right changes *Health and Behavior* H. Russell

Searight, 2019-02-08 *Health and Behavior* A Multidisciplinary Approach recognizes that health is impacted by multiple systems ranging from the individual to the international While providing current information in common areas addressed in health psychology such as stress chronic pain cigarette smoking and sleep disorders the book examines cross cultural dimensions in wellness and health care as well as health communication ranging from clinician and patient to the social marketing models used in public health The book departs from traditional health psychology and health behavior textbook

with its attention to public policy and international dimensions of health care Topics include an international comparison of health care systems a history of health care funding in the United States including the Affordable Care Act the role of Federal Social Security Disability policy in chronic pain management international medical tourism and health care disparities in the United States Each chapter begins with a conversation with the author relating the topic to real world problems as well as the student s life experience
