Edvard Munch Graphik German Edition:

Graphic Works of Edvard Munch Edvard Munch, Alfred Werner, 1979-01-01 90 haunting evocative prints by first major Expressionist artist and one of the greatest graphic artists of his time The Scream Anxiety Death Chamber The Kiss Madonna On the Jetty Picking Apples Ibsen in the Cafe of the Grand Hotel etc Introduction by Alfred Werner **German Expressionist Painting** Peter Selz, 2023-04-28 Published in 1957 German Expressionist Painting was the first comprehensive study of one of the most pivotal movements in the art of this century When it was written however German Expressionism seemed like an eccentric manifestation far removed from what was then considered the mainstream of modern art But as historians well know each generation alters the concept of mainstream to encompass those aspects of the past which seem most relevant to the present The impact of German Expressionism on the art and thought of later generations could never have been anticipated at the time of the original writing of this book During the subsequent years an enormous body of scholarly research and an even larger number of popular books on German expressionist art has been printed Numerous monographs and detailed studies on most of the artists exist now and countless exhibitions with accompanying catalogues have taken place Much of this new research could have been incorporated in a revised edition and the bibliography certainly could have been greatly expanded to include the important writings which have been published in Germany the United States and elsewhere since this book was originally issued The author however was faced with the choice of reprinting the original text with only the most necessary alterations such as updating the captions to indicate present locations of the paintings or the preparation of a revised text and bibliography Desirable as a revision appeared present printing costs would have priced the paperback out of reach for students It is for this reason that I decided to reissue the original text which stands on its own as a primary investigation of German Expressionist Painting **Edvard Munch** Gerd Woll, Edvard Munch, 2001 This book is a long awaited contribution to the literature on Edvard Munch and his activities as a printmaker It is a valuable reference work for print experts and Munch enthusiasts alike Munch's graphic works have fascinated people all over the world for more than a hundred years He himself arranged a number of exhibitions of his prints and was represented in many print rooms and important private collections in Europe before World War II When he died in 1944 Munch bequeathed his vast collection of some 18 000 prints to the City of Oslo In 1963 the Munch museet opened its doors to the public and since the bequest has shown Munch's prints in numerous exhibitions The author's extensive research and the enormous attention to detail in the individual entries should make this the standard reference work for many years to come German Expressionist Painting, 1957 **Catalogue of the Harvard University Fine Arts Library, the Fogg Art Museum** Harvard University. Fine Arts Library, 1971 **Edvard Munch Between the Clock and the Bed** Gary Garrels, Jon-Ove Steihaug, Sheena Wagstaff, Karl Ove Knausgaard, Patricia G. Berman, Allison Morehead, Richard Shiff, Mille Stein, 2017-06-24 In Self Portrait Between the Clock and the Bed the elderly Edvard Munch stands like a sentinel in his

bedroom studio surrounded by the works that constitute his artistic legacy A powerful meditation on art mortality and the ravages of time this haunting painting conjures up the Norwegian master's entire career It also calls into question certain long held myths surrounding Munch that his work declined in quality after his nervous breakdown in 1908 9 that he was a commercially naive social outsider and that he had only a limited role in the development of European modernism p p1 margin 0 0px 0 0px 0 0px 0 0px font 14 0px Verdana The present volume aims to rebut such misconceptions by freshly examining this enigmatic artist In the preface the renowned novelist Karl Ove Knausgaard considers Munch as a fellow creative artist and seeks to illuminate the source of his distinctive talent The four groundbreaking essays that follow present numerous surprising insights on matters ranging from Munch's radical approach to self portraiture to his role in promoting his own career They also reveal that Munch has been an abiding inspiration to fellow painters both during his lifetime and up to the present artists as varied as Jasper Johns Bridget Riley Asger Jorn and Georg Baselitz have acknowledged his influence More than sixty of Munch's paintings dating from the beginning of his career in the early 1880s to his death in 1944 are accompanied by a generous selection of comparative illustrations and a chronology of the artist's life The result is an intimate provocative study that casts new light on Munch's unique oeuvre an oeuvre that Knausgaard describes as having gone where only a painting can go to that which is beyond words but which is still part of our reality **German Expressionism** Museum of Modern Art (New York, N.Y.), Starr Figura, Peter Jelavich, 2011 Catalog of an exhibition held at the Museum of Modern Art New York Mar 27 July 11 2011 **Library Catalog of the Metropolitan Museum of Art** Metropolitan Museum of Art (New York, N.Y.).
