and Realized Eschatology in the Book of Wisdom Matthew Edwards,2012-08-15 The Book of Wisdom's understanding of

Israel's history of contemporary politics and of the immortal fate of the persecuted sage can be understood to be part of one

theological system This system integrates texts and concepts from Jewish Wisdom the biblical narratives of the patriarchs

from Adam to Moses eschatological hope and apocalyptic language an understanding of the spirit of God in the enabling of

prophets and leaders and most distinctively the Stoic concept of pneuma This last concept unites the biblical resources and

allows Wisdom using eschatological language to speak of the ordering of the cosmos for the judgement for the wicked and

the exaltation of God's people in the present age Matthew Edwards addresses first the question of the literary unity of

Wisdom This is followed by an examination of the differing uses of the term pneuma within Wisdom that is as divine agent of

salvation the means of the ordering the cosmos and the substance from which souls are composed The nature of personal

salvation within Wisdom is also considered and shown to be an integral part of the understanding of the cosmos ordered for

judgement and exaltation Finally this notion of the ordering of the cosmos and history for God's people is discussed with its

consequences for Jewish life under contemporary Hellenistic and Roman rule **Pistis Sophia Revised** G. R. S. Mead,

Gnosticism and the History of Religions David G. Robertson,2021-08-12 Building on critical work in biblical studies which shows how a historically bounded heretical tradition called Gnosticism was invented this work focuses on the following stage

in which it was essentialised into a sui generis universal category of religion At the same time it shows how Gnosticism became a religious self identifier with a number of sizable contemporary groups identifying as Gnostics today drawing on the same discourses This book provides a history of this problematic category and its relationship with scholarly and popular discourse on religion in the twentieth century It uses a critical historical method to show how and why Gnosis Gnostic and Gnosticism were taken up by specific groups and individuals practitioners and scholars at different times It shows how ideas about Gnosticism developed in late nineteenth and twentieth century scholarship drawing from continental phenomenology Jungian psychology and post Holocaust theology to be constructed as a perennial religious current based on special knowledge of the divine in a corrupt world David G Robertson challenges how scholars interact with the category Gnosticism and contributes to our understanding of the complex relationship between primary sources academics and practitioners in category formation

Jewish Education from Antiquity to the Middle Ages George J. Brooke, Renate Smithuis, 2017-10-17 In Jewish Education from Antiquity to the Middle Ages fifteen scholars offer specialist studies on Jewish education from the areas of their expertise This tightly themed volume in honour of Philip S Alexander has some essays that look at individual manuscripts some that consider larger literary corpora and some that are more thematically organised Jewish education has been addressed largely as a matter of the study house the bet midrash Here a richer range of texts and themes discloses a wide variety of activity in several spheres of Jewish life In addition some notable non Jewish sources provide a wider context for the discourse than is often the case Tobit Beate Ego, 2025-07-16 This commentary sets the ancient Jewish story of Tobit

within a broad tradition historical context analyzing the conceptions of angels and demons it contains as well as its notions of ancient medicine together with its understanding of the Torah Presented along with this is a synchronically oriented interpretation of the whole text which shows that the narrative should ultimately be understood in terms of historical theology It reveals how in the days of Hellenistic rule ancient Judaism was able to cope with the threat from the aggressive politics of the empires Within this context the elderly Tobit s hymn of praise at the end of the narrative in Tob 13 opens a vista of hope for its addressees

The Christological Witness Function of the Old Testament Characters in the Gospel of John Sanghee M Ahn,2014-06-01 This book investigates the narrative function of the Old Testament characters in the Gospel of John The fascinating thesis is that the Hebrew characters in John s narrative uniformly function as a witness for the messianic identity of Jesus The Jewish scriptural traditions Hebrew and intertestamental ones are compared to shed light on John s indebtedness for its formation of his Christology A compelling argument ensues which informs our understanding not only of the Gospel itself but also of Jesus Christ revealed in the Gospel COMMENDATION Dr Ahn s thorough and careful study represents a solid contribution from which many will benefit All serious interpreters of the Johannine witness will want to refer to this work Mark A Seifrid Southern Baptist Theological Seminary USA

John 18:28-19:22 and the Paradox of Judgement Blake Wassell,2021-02-15 In this study Blake Wassell applies new Roman and Jewish contexts to a Johannine ambiguity which is Pilate declaring Jesus both innocent and guilty of making himself King of the Pilate repeats that he finds in Jesus no basis for the accusation and yet he also writes the content of the accusation in the inscription on the cross The paradox leads readers into another paradox the make themselves the accused as they make the accusation and Jesus conquers as he is conquered The author analyses how they destroy the temple of his body so that he can raise it and how they exalt him so that he can reveal himself
