Social Justice, 2006 **Permanent Exclusion from School and Institutional Prejudice** Anna Carlile, 2013-02-11 Permanent exclusion from school and institutional prejudice Creating change through critical bureaucracy Anna Carlile This book tells the story of permanent exclusion from school from within an urban children's services department It focuses on two areas what contributes to instances of permanent exclusion from school and what the effects are of its existence as a disciplinary option The book questions how and why local government officers make particular decisions about children and young people Rather than focussing on what children and young people did behaviourally to get excluded the book adopts a Foucauldian analysis to concentrate on their place within a larger policy community which includes professionals and policy makers It adopts a critical bureaucratic exercise in studying up on powerful organisations an informed approach to ameliorating social inequity The findings described here suggest a broad deep and opaque seam of institutional prejudice permanent exclusion from school can be understood to be both caused by this and to intensify its effects This has implications for the voices of young people subject to or at risk of permanent exclusion from school and the final chapter outlines a Foucauldian Freirian student voice project offering ideas about how schools might tackle this **ERIC**
