## **Emerging Democratic Majority:**

*The Emerging Democratic Majority* John B. Judis, Ruy Teixeira, 2002-10-02 ONE OF THE ECONOMIST'S BEST BOOKS OF THE YEAR AND A WINNER OF THE WASHINGTON MONTHLY'S ANNUAL POLITICAL BOOK AWARD Political experts John B. Judis and Ruy Teixeira convincingly use hard data demographic geographic economic and political to forecast the dawn of a new progressive era In the 1960s Kevin Phillips battling conventional wisdom correctly foretold the dawn of a new conservative era His book *The Emerging Republican Majority* became an indispensable guide for all those attempting to understand political change through the 1970s and 1980s At the beginning of the twenty first century with the country in Republican hands *The Emerging Democratic Majority* is the indispensable guide to this era In five well researched chapters and a new afterword covering the 2002 elections Judis and Teixeira show how the most dynamic and fastest growing areas of the country are cultivating a new wave of Democratic voters who embrace what the authors call progressive centrism and take umbrage at Republican demands to privatize social security ban abortion and cut back environmental regulations As the GOP continues to be dominated by neoconservatives the religious right and corporate influence this is an essential volume for all those discontented with their narrow agenda and a clarion call for a new political order *The Emerging Democratic Majority* John B. Judis, Ruy A. Teixeira, 2002 At the beginning of the 21st century with the Presidency and the House in Republican hands political experts Judis and Teixeira convincingly use hard data to forecast the dawn of a new progressive era *The Emerging Democratic Majority* Lanny J. Davis, 1974 *The Emerging Democratic Majority* Lanny J. Davis, 1974

**The Lost Majority** Sean Trende, 2012-06-25 In today's fraught political climate one thing is indisputable the dream of the emerging Democratic majority is dead How did the Democrats who seemed unstoppable only two short years ago lose their momentum so quickly and what does it mean for the future of our two party system Here RealClearPolitics senior analyst Sean Trende explores the underlying weaknesses of the Democratic promise of recent years and shows how unlikely a new era of liberal values always was as demonstrated by the current backlash against unions and other Democratic pillars Persuasively arguing that both Republicans and Democrats are failing to connect with the real values of the American people and that long held theories of cyclical political realignments are baseless Trende shows how elusive a true and lasting majority is in today's climate how Democrats can make up for the ground they've lost and how Republicans can regain power and credibility Trende's surprising insights include The South didn't shift toward the Republicans because of racism but because of economics Barack Obama's 2008 win wasn't grounded in a new transformative coalition but in a narrower version of Bill Clinton's coalition The Latino vote is not a given for the Democrats as they move up the economic ladder they will start voting Republican Even before the recent fights about the public sector Democratic strongholds like unions were no longer relevant political entities With important critiques of the possible Republican presidential nominations in 2012 this is a timely inspiring look at the next era of American politics **Varieties of Progressivism in America** Peter Berkowitz, 2013-09-01

Varieties of Progressivism in America focuses on the debates within the party of progress about how best to increase opportunity in America and to make social and political life more egalitarian The contributors to this volume offer different expertise and varying perspectives as they examine the Old Democrats of the New Deal the contributions of the Clinton era New Democrats and the future of progressivism in America

**The Realignment of Pennsylvania Politics Since 1960** Renée M. Lamis,2009 Explores electoral changes in Pennsylvania since 1960 finding that the recent culture wars realignment has significantly altered the old New Deal party system especially since the early 1990s Contains illustrations plotting political alignment of Pennsylvania counties Provided by publisher

The Moderate Majority George Hawley,2024-11-04 The Moderate Majority examines the Republican electorate and challenges the conventional narrative that today s Republicans are all radicalized reactionary ideologues It illuminates the substantial gap between the elites and diverse mostly moderate rank and file GOP voters With a historically grounded mixed methods approach that draws on a rich collection of empirical survey data and face to face interviews this book presents a comprehensive portrait of contemporary mass Republican opinion and behavior

**The New Ruthless Economy** Simon Head,2005 This text provides an examination of the business practices which led to the economic boom of the new economy in the later half of the 1990s and into the 21st century

**The New Majority** Stanley B. Greenberg,Theda Skocpol,1997-01-01 The contributors to this volume argue that America is ready for progressive politics and that embarking on a popular progressive course the Democratic Party can become the moral voice of all American families striving for a better life

**How Trump Happened** Steven E. Schier,Todd E. Eberly,2020-03-09 The stunning 2016 election and presidency of Donald Trump was decades in the making Three trends since the 1960s created the conditions for his triumph First a growing popular discontent with government long evident in public opinion created a widespread distrust of established leaders and institutions Second America underwent the rise of professional government Governing professionals are an elite built on merit through occupational accomplishment They now dominate interest groups the bureaucracy courts presidency and Congress Many government professionals perceive little need to mobilize the public in the way parties did in previous eras This has furthered the sense of disconnect among the public and created a self reinforcing chain Third political parties and governing institutions are now polarized into rival teams of ideological partisan elites The intense battles between these divergent teams often result in government gridlock These conditions produce ripe opportunities for outsider candidates to mount popular movements against politics as usual How did Donald Trump leverage his outsider status into a 2016 electoral victory Four factors propelled him into the White House First Trump s long career as a public celebrity gave him an identity and brand widely known to the public and which generated massive free media coverage as a candidate Second Trump and his campaign ably used social media to further amplify his message Third decades of polarized political elites governmental professionalism and mounting popular discontent made an outsider message attractive to millions of voters in 2016 Fourth

Trump was blessed with a political opponent Hillary Clinton who represented the polarized and professional governing class that Trump rightly saw as an inviting target for his outsider message and demeanor That is how Trump happened

**The Good Fight** Peter Beinart, 2007 More than six years after the September 11 attacks the close friendship forged between George W Bush and John Howard remains But in their nations more broadly the common purpose has withered drained by the sense that both men have failed the moral and intellectual challenges of that day In this powerful and provocative book Peter Beinart offers a new liberal vision based on principles liberals too often forget that America's greatness cannot simply be asserted it must be proved That American leadership is not American empire And that liberalism cannot merely define itself against the right but must fervently oppose the totalitarianism that stalks the Islamic world today Peter Beinart's *The Good Fight* is a passionate rejoinder to the conservatives who have ruled Washington since 9/11 Beinart argues that America can again embrace the creed that brought it greatness in the past but only if liberals remember that democracy begins at home Above all it is a call for liberals to revive the spirit that once swept America and inspired the world

**The Obama Revolution** Alan Shaffer, 2012-02-01 How did the Obama campaign's mostly under 30 field organizers using cell phones and the Internet energize a nation to vote for change How did an unlikely candidate engage every American in the democratic process and ignite a movement that ended eras of political cynicism and apathy *The Obama Revolution* is an in the trenches look at how President Barack Obama mobilized a generation to reclaim America Author Alan Kennedy Shaffer draws a vivid picture of grassroots organizing from the grueling all nighters to the endless canvassing His rhetorical analysis also explores what exactly Obama did to clinch the Democratic nomination and how he won the election Painstakingly documented and insightful *The Obama Revolution* is a must read for anyone Democrat Republican or Independent who wants to understand the phenomenon of Barack Obama and how his campaign toppled the status quo

**America's Forgotten Majority** Ruy Teixeira, Joel Townsley Rogers, 2008-01-04 A powerful look at the real America dominated by America's forgotten majority white working class men and women who make up 55 percent of the voting population

**The Trump Presidency** Steven E. Schier, Todd E. Eberly, 2017-10-01 Donald Trump's stunning and surprising election to the US presidency has convulsed the political academic and journalistic worlds No president has taken the oath of office with as little political experience And his first few months in office have raised the central question Can an outsider govern In *The Trump Presidency* Steven E Schier and Todd E Eberly provide students with a brief comprehensive introduction to the remarkable launch of the new administration After briefly describing the Trump electoral victory they provide critical insight into the Trump transition and media strategy and relations with Congress as well as the challenges the new administration confronts on domestic and foreign policy A final chapter describes the prospects for a presidency marred by missed opportunities in Congress some setbacks in the courts low popularity and ongoing personnel drama *The Trump Presidency* provides a succinct Trump centric view of the American presidency and introduces students to all major aspects of the new administration

*Divided America*

Earl Black, Merle Black, 2007 Identifying geographically based political systems that have divided the United States into five specific regions an analysis of the confrontational relationships between the emerging new parties offers insight into how elections are fought and won today     The Future of Conservatism Charles Dunn, 2014-04-08 Once on the wings of the American political stage conservatism now plays a leading role in public life thanks largely to the dynamic legacy of Ronald Reagan But despite conservatism's emergence as a powerful political force in the last several decades misunderstandings abound about its meaning and nature economically internationally philosophically politically religiously and socially In examining these misunderstandings *The Future of American Conservatism Consensus and Conflict in the Post Reagan Era* reveals the forces that unite and the tensions that divide conservatives today Edited by noted Reagan scholar Charles W Dunn this collection casts conservatism as a collage of complexity that defies easy characterization Although it is commonly considered an ideology many of conservatism's foremost intellectuals dispute this notion Although it is thought to embody a standard set of principles its principles frequently conflict Although many leading intellectuals liberal and conservative believe that conservatism lacks a significant tradition in America it has contributed more to American life than the credit lines indicate And although it is usually thought to create homogeneity among its adherents in truth conservatism is marked by a great deal of heterogeneity in both its adherents and its ideas In fact conservatism's complexity may well be its strength or so the essays gathered here suggest In painting a bright picture of the prospects for conservatives *The Future of American Conservatism* is a timely and thought provoking volume     *Strategic Survey 2013* The International Institute for Strategic Studies (IISS), 2023-04-28 The Strategic Survey is the annual review of world affairs from The International Institute for Strategic Studies IISS It is an invaluable tool for interpreting world wide strategic developments and has since 1966 provided essential analysis of the year's key events in international relations for government policy makers journalists business leaders and academics Strategic Survey 2013 includes a chronology of the year's events essays on important policy issues and a Strategic Geography section giving vital data on key issues in map form The book also includes region by region chapters analysing the year's strategic developments     *Blue Dixie* Bob Moser, 2008-08-19 A powerful case for a new Southern strategy for the Democrats from an award winning reporter and native Southerner In 2000 and 2004 the Democratic Party decided not to challenge George W Bush in the South a disastrous strategy that effectively handed Bush more than half of the electoral votes he needed to win the White House As the 2008 election draws near the Democrats have a historic opportunity to build a new progressive majority but they cannot do so without the South In *Blue Dixie* Bob Moser argues that the Democratic Party has been blinded by outmoded prejudices about the region Moser the chief political reporter for *The Nation* shows that a volatile mix of unprecedented economic prosperity and abject poverty are reshaping the Southern vote With evangelical churches preaching a more expansive social gospel and a massive left leaning demographic shift to African Americans Latinos and the young the South is poised for a Democratic revival By returning to a bold unflinching message of

economic fairness the Democrats can win in the nation's largest most diverse region and redeem themselves as a true party of the people Keenly observed and deeply grounded in contemporary Southern politics Blue Dixie reveals the changing face of American politics to the South itself and to the rest of the nation     **A Return to Normalcy?** Larry J. Sabato, Kyle Kondik, J. Miles Coleman, 2021-03-17 Up close Inauguration Day 2021 looked like any other the chief justice of the US Supreme Court administering the oath of office to the new president on the steps of the US Capitol But pull the lens back and this was anything but a typical election and transition of power In A Return to Normalcy Larry Sabato Kyle Kondik and J Miles Coleman bring together respected journalists analysts and scholars to examine every facet of the stunning 2020 election and its aftermath and how these events will impact American politics moving forward In frank accessible prose each author offers insight that goes beyond the headlines and dives into the underlying forces and shifts that drove the election from its earliest developments to its chaotic conclusion A Return to Normalcy is an indispensable read for political junkies and all students of American politics
