**Emmanuel Levinas and Maurice Blanchot** William Large,2005 With a central focus on themes of ethics and subjectivity this analysis pairs Maurice Blanchot's creativity with Emmanuel Levinas's philosophies across topics of friendship the opposition of speech to writing and the ethical role of language **Literature, Ethics, and Decolonization in Postwar France** Daniel Just,2015-02-09 Against the background of intellectual and political debates in France during the 1950s and 1960s Daniel Just examines literary narratives and works of literary criticism arguing that these texts are more politically engaged than they may initially appear As writings by Roland Barthes Maurice Blanchot Albert Camus and Marguerite Duras show seemingly disengaged literary principles such as blankness minimalism silence and indeterminateness can be deployed to a number of potent political and ethical ends At the time the main focus of this activism was the escalation of violence in colonial Algeria The poetics formulated by these writers suggests that blankness weakness and withdrawal from action are not symptoms of impotence and political escapism in the face of historical events but deliberate literary strategies aimed to neutralize the drive to dominate others that characterized the colonial project

*Late Modernist Style in Samuel Beckett and Emmanuel Levinas* P. Fifield,2013-03-20 Beckett and Levinas are of central importance to critical debates about literary ethics Rather than suggest the preservation of literary and ethical value in the wake of the WWII this book argues that both launched a sustained attack on the principles of literature weaving narrative and descriptive doubt through phenomenology prose and drama Sonic Encounters with Blanchot Adam Potts,2020-06-05 Sonic Encounters with Blanchot is the first book to explore the relationship of sound and music with the work of Maurice Blanchot The volume brings together scholars from a range of disciplines who listen closely to the sounds and resonances emanating from within Blanchot's work and who consider their significance both within his work and beyond The latent and explicit sonic content of Blanchot's writing is explored as is his treatment of music and the possibilities of thinking about contemporary music and sound art through his work Although Blanchot is best known for his engagement with literature an engagement that often relies on visual references and experiences this collection takes a sonic route into one of the most exciting and demanding thinkers of the twentieth century As an interdisciplinary exploration of sound and Blanchot's work this book will be interest to those studying sound in literature and music as well as students of Blanchot's work in general This book was originally published as a special issue of *Angelaki* **Derrida on Time** Joanna Hodge,2007-09-12 This is a comprehensive investigation into the theme of time in the work of Jacques Derrida showing how temporality is one of the hallmarks of his thought Joanna Hodge compares and contrasts Derrida's arguments concerning time with those of Kant Husserl Augustine Heidegger Levinas Freud and Blanchot *Crossing borders and queering citizenship* Zalfa Feghali,2019-04-16 Can reading make us better citizens Fusing queer theory citizenship studies and border studies in its exploration of seven U S Canadian and Indigenous authors poets and performance artists Crossing borders and queering

citizenship theorises how reading can work as a empowering tool in contemporary civic struggles in the North America

**The Gift of Logos** David Jones, Michael Schwartz, Jason M. Wirth, 2009-12-14 The Continental tradition has always placed great emphasis on the Logos The Gift of Logos Essays in Continental Philosophy celebrates and situates this emphasis in the genre of the gift and its giving The process of receiving or giving of the gift overcomes the existential alienation and separation that is so present in the human condition To ritualize giving and its gifting is to provide a syntax of solidarity that bespeaks our desire for cohesion and need for identities beyond our own To give a gift is to befriend The gift of logos is more than a gift from the gods and goddesses it is an act of giving for those friends of wisdom for those philosophers who give to each other and to their worlds and receive the blessings of logos from each other The increasing objectification of human being has mobilized a regressive narcissism that shows the ego's reassertion in the light of the meaningless quantifying forces from without By not reflecting deeply enough upon its conditions of existence in the modern world and on its ordinary moments philosophy itself has not been immune from this besotted sense of self Although not an invective against thinking nor against modern and contemporary philosophy's genuine advances The Gift of Logos portends to shed the delusion that theoretical re-description is somehow the same as transforming who we are This transformation is our greatest gift to each other To give it voice is the gift of Logos and what this collection of essays commemorates

**Essays on Levinas and Law** Desmond Manderson, 2008-12-18 This collection brings together major writers and major works on what Emmanuel Levinas means to law and injects Levinas provocative ethics right into the heart of living law radically changing our understanding of both

The Messianic Now Arthur Bradley, Paul Fletcher, 2013-10-18 This collection explores the phenomenon of the messianic in contemporary philosophy religion and culture From the later Derrida's work on Marx and Benjamin to Agamben and Badiou's recent texts on St Paul it is becoming possible to detect a marked messianic turn in contemporary continental thought However despite the plethora of work in the field there has not been any sustained attempt to think through the larger philosophical theological and cultural implications of this phenomenon What then characterises our contemporary messianic moment Where does it come from And why speak of the messianic now In The Messianic Now Philosophy Religion Culture a group of internationally known figures and rising stars within the fields of continental philosophy religious studies and cultural studies come together to consider what the messianic might mean at the beginning of the 21st century This book was published as a special issue of the Journal of Cultural Research

Koltun-Fromm, 2016-09-09 Jewish art has always been with us but so has a broader canvas of Jewish imaginings in thought in emotion in text and in ritual practice Imagining the Jewish God was there in the beginning as it were engraved and embedded in the ways Jews lived and responded to their God This book attempts to give voice to these diverse imaginings of the Jewish God and offers these collected essays and poems as a living text meant to provoke a substantive and nourishing dialogue A responsive living covenant lies at the heart of this book a covenantal reciprocity that actively engages the dynamics of Jewish thinking and acting in dialogue with God The contributors to this volume are committed to this form of textual reasoning even as they all move us beyond the text as foundational for the imagined people of the book That people we submit lives and breathes in and beyond the texts of poetry narrative sacred literature film and graphic mediums We imagine the Jewish people and the covenant they respond to as provocative intimations of the divine The essays in this volume seek to draw these vocal intimations out so that we can all hear their resonant call **Systems and Psychoanalysis**

Carmel Flaskas, David Pocock, 2018-04-24 This book demonstrates how accomplished clinicians can promote the emergence of a richness and creativity that appeals to practitioners of systemic family therapy not least because of the immediate relevance and usefulness of the ideas It will be useful to the field of psychotherapy [Encyclopedia of the World Novel, 1900 to the Present](#) Michael David Sollars, Arbolina Llamas Jennings, 2015-04-22 Praise for the print edition a useful and engaging reference to the vast world of the novel in world literature **Uncommon Friendships** William

Young, 2010-01-01 Uncommon Friendship explores the often overlooked dynamic of interreligious friendships considering their significance for how we think about contemporary religious thought By exploring the dynamics of three relationships between important religious thinkers Franz Rosenzweig and Eugen Rosenstock Huessy Emmanuel Levinas and Maurice Blanchot and Julia Kristeva and Catherine Clement this study demonstrates the ways such friendships enable innovation and transformation within religious traditions For each pair of thinkers the sustained engagement and disagreement between them becomes central to their religious and philosophical development helping them to respond effectively and creatively to issues and problems facing their communities and societies Through a rereading of their work Young shows how such friendships can help us rethink religion aesthetics education and politics as well as friendship itself An utterly remarkable treatise on the interreligious friendships that joined three pairs of the great thinkers of twentieth century Europe I know of nothing quite like this It is rigorous scholarship that has the sharp edge of cultural criticism and yet the inspiring effect of a philosophic and spiritual poem Its lesson is indeed uncommon that critical reason is strengthened by love that love is

deepened by undomesticated difference and that in a quiet way the name of God may have a lot to do with all of the above

Peter Ochs Edgar Bronfman Professor of Modern Judaic Studies University of Virginia An elegantly written and intellectually engaging study William Young's *Uncommon Friendships* offers a refreshing portrayal of the praxis of friendship and its ability to operate as a key element in the development of ideas generally and in efforts towards interreligious dialogue in particular Young's lucid descriptions of the long term intellectual engagements between Rosenstock Rosenzweig Levinas Blanchot Kristeva Clement highlight the embodied creative and often unsettling affects of friendship upon the evolution of an intellectual work Young's book deepens our understanding of the social character of knowledge and challenges readers to consider the value of a praxis of friendship as a check upon solipsism and the drive for truth and as a tool for cultivating patient listening and an openness regarding the contingency of our beliefs Randi Rashkover George Mason University

**A Lonely Road** AA.VV., 2020-01-21 Nowadays solitude is everywhere Increasingly similar to monads we are losing the ability to build solid connections between us and to convert our private experience into public matter What is becoming lost is an art of translation the capacity to build bridges between private problems and troubles and common causes something that may connect people and make them act in accord that is politics as an art to bring us together The goal of this book is to question in many different ways the link between solitude and politics It is the result of a collective work of young researchers trying to understand and to fight their own solitude and loneliness within the academia It offers a preliminary interdisciplinary discussion aiming to forge the tools to grasp this strange oxymoron to better comprehend this simultaneously individual and collective condition

*Fictional Leaders* Jonathan Gosling, Peter Villiers, 2012-11-14 Management theory is vague about the experience of leading Success power achievement are discussed but less focus is given to negative experiences leaders faced such as loneliness or disappointment This book addresses difficult to explore aspects of leadership through well known works of literature drawing lessons from fictional leaders

Relationality Simone Drichel, 2021-05-15 This book on Relationality addresses our growing crisis of connection by foregrounding the multi faceted ways in which we are interconnected with each other and the world in which we live When Niobe Way and her collaborators first proclaimed such a crisis in their 2018 book *The Crisis of Connection Roots Consequences and Solutions* they could not have foreseen the extremes of isolation and disconnection that Covid 19 would unleash just a couple of years later Importantly what such experiences of impaired and compromised relationality impress upon us now more powerfully than ever is just how fundamentally we are intertwined with each other and the world we inhabit The ten scholarly chapters assembled here combined with ten specially commissioned poems emphasise the significance of these relational entanglements They draw on a range of thinkers with Emmanuel Levinas playing a particularly prominent role to bring relationality into conversation with an array of contemporary paradigms and areas of political concern the Anthropocene post humanism neoliberalism disability studies and postcolonialism to name but a few

Tracing the various challenges and opportunities associated with our relational existence they collectively consider the role relationality plays or might play in our increasingly less than relational lives The chapters and poems in this book were originally published as a special issue of *Angelaki*      **Of Jews and Animals** Andrew Benjamin,2011-09-14 In developing his own conception of the figure Andrew Benjamin has written an innovative and provocative study of the complex relationship between philosophy the history of painting and their presentation of both Jews and animals Newly available in p

*Blanchot's Vigilance* L. Iyer,2005-11-29 Of the many questions provoked by Blanchot's thought and writing that of understanding its ethical and political significance is perhaps the most pressing Spanning his literary critical and philosophical writings and addressing such major concepts as the image and the neuter Blanchot's *Vigilance* presents a sustained analysis of Blanchot's response to Levinas's ethical thought the political commitments of the Surrealists Heidegger's readings of the ancient Greeks and the claims of psychoanalysis In a series of thorough and lucid readings Iyer presents Blanchot's central concern as maintaining a kind of vigilance over a difference which opens in the articulation of sense
