## **Giving Birth To God A Woman's Path To Enlightenment:**

**Giving Birth to God** Mother Clare Watts, 2003 *Giving Birth to God* tells of one woman's journey through yoga ashrams and Sufi training to finding a mystical Christian school with Master Teachers. After 12 years of transformational training, Mother Clare was ordained a Priest and four years later a Master Teacher. Mother Clare was married, raised four children, and was a practicing midwife and psychotherapist while receiving her mystical and esoteric training. Without being celibate without going to India and joining a foreign religion, Mother Clare received complete spiritual training including initiations and ordinations in the midst of leading the full life of an American woman. Wonderfully moving stories give an in-depth rendering of the Inner Christian Path. Some accounts will induce laughter and some tears while the stories of women giving birth and the transformations the author experienced as a midwife and mother will move hearts and open minds to the great reality of the spiritual world.

**Children of Jesus and Mary** James R. Lewis, Nicholas M. Levine, 2010 *The Order of Christ Sophia* OCS is a small New Religion which in the short span of eight years has evoked intense controversy. Beyond surveying the history, doctrines, and practices of this unusual group, Lewis brings data from his study of the OCS to bear on many items of conventional wisdom in the New Religions field.

Emphasis is placed on the living religion, and the whole work is designed as a first level introduction for those who have little or no previous knowledge of these religions.

*Dancing before God's Beauty*, 2025-06-30 This book presents fresh insights into the life, teachings, and enduring legacy of the Persian mystic poet Jalāl al-Dīn Rūmī. Across thirteen chapters, scholars introduce innovative perspectives on under-explored and emerging themes from the hagiography written by Rūmī's son Sulṭān Valad and his journey towards accepting spiritual leadership to Rūmī's passionate relationship with his beloved friend Shams-i Tabriz. The volume also provides new approaches to reading Rūmī's monumental didactic narrative, the *Mathnavi*. Topics range from *shahīd bāz* (worshipping a beautiful face) to commune with the divine, to supplication, *munjat* (immolation), sensory perception, and the transformative role of music in reaching ecstatic states. Chapters deal with Rūmī's reception history, examining the works of figures such as Anqaravādī (1041-1631) and Abdolbaki Gilpinar (1900-1982), as well as the Dutch Iranian novelist Kader Abdolah. The book further explores Rūmī's visual reception history and his impact on contemporary artists. Finally, it examines Rūmī's popularity in the United States, analysing how his poetry continues to offer people from diverse backgrounds a Lacanian imaginary, an internalized representation of the spiritual.

**Awakening the Evolutionary Spirit** Margaret Barry, 2007-08-30 My book is about an awakening within where I began a journey in discovering who I am and who God is This story told in poetry and reflections is not for me alone but for all searching souls who wish to know what is at the core or source of their being My desire is to reveal to the people of God the possibilities that lie in store for his beloved creations Love gives birth to new life and to this mystic the new woman It has given me cause to believe that a new world of people will soon emerge with a new consciousness a new spirit of awareness becoming the epitome of our creator s design the Omega person I believe the experiences expressed within these pages are a companion experience to the feminine of God which is the Holy Spirit of God who has been attempting to be in union with and at oneness with human beings She like most women has been overlooked ignored rejected and even denied by blind male dominated hierarchical religions However the evolution of our species which is becoming more and more like its creator is entering a phase of experiencing an awakening or awareness of Being which will unite us not only to God but to one another in order that the Cosmic Christ a new creation will be born      Les seicle des lumieres Angelo Aulisa, 2016-02-05 Les seicle des lumieres self help non fiction inner guide to meditation inner being consciousness awareness non being into the law of eternity Les seicle des lumieres is synthesis of thesis mysticism inner science of the mystery and antithesis physic friction and the synthesis is an update consciousness to our contemporary age 2016 and is urgent to update our consciousness because the world is divide in thousands of fragment like a broken mirror and the truth is the empty mirror the update empty consciousness neutral to any interpretation of the little men no label no adjectives no contents either consciousness is simple a quality creativity a pulsation sacred of the universal body a fundamental law of the universe the very intrinsic fabric of life in physic they call consciousness Boson x Angelo Aulisa      **Peace & Love** Leland Bedford, 2014-02-07 Peace Love is a celebration of truth like none before and like none that will be after truly one of a kind The selections within are a reflection of thought that is like a seed to the brain of every man woman and child to be watered by life and grow into an existence where love is the end result of new found peace The lie has no home with in the pages of this book because the lie holds no truth like a World created by God that holds no peace nor love In time we live and in time it is promised that we will forever be so in time Peace Love has been placed to collectively bring them that are unconscious to a new consciousness of life death truth lie good evil victory defeat success failure hope eternal hope God Jesus and the Devil you me and we To all that search for understanding and are a student of inspiration with in this book holds a gift of sincerity with the purpose to build and destroy to build a new idea that is the antithesis of all that has kept us in the dark all that has kept us from one another and destroy all that has shined light on that which we are not that has made are sunshine like Hells fire rather than the warmth of Gods love Opening this book will open your eyes though you have never been blind and will breath new air into the lungs that were given by the Father to live like any food for nourishment the knowledge within can do no harm only feed the soul Like anything all may not see what is shown as one mans treasure is another mans trash but as trash is unwanted so is the

absence of peace and love in a World where Christ is King and we live in search of life everlasting this I believe is like motivation to grow without digression and to digress through progression Inspirational words thoughts and ideas live within the pages of Peace Love thoughts of happiness and joy pain and agony victory and defeat good and evil God and the Devil Heaven and Hell hope and despair with the purpose to discover truth that will bring clarity to the chaos which can cloud the mind soul spirit and body of any man woman or child letting all whom may journey through its pages know that all are apart of the collective conscious that defines who we are and that we can only be we if there is peace and love      **Religious**

**Perspectives on Bioethics and Human Rights** Joseph Tham, Kai Man Kwan, Alberto Garcia, 2017-09-06 This book deals with the thorny issue of human rights in different cultures and religions especially in the light of bioethical issues In this book experts from Christianity Judaism Islam Buddhism Daoism Hinduism and Confucianism discuss the tension between their religious traditions and the claim of universality of human rights The East West contrast is particularly evident with regards to human rights Some writers find the human rights language too individualistic and it is foreign to major religions where the self does not exist in isolation but is normally immersed in a web of relations and duties towards family friends religion community and society Is the human rights discourse a predominantly Western liberal ideal which in bioethics is translated to mean autonomy and free choice In today's democratic societies laws have been drafted to protect individuals and communities against slavery discrimination torture or genocide Yet it appears unclear at what moment universal rights supersede respect for cultural diversity and pluralism This collection of articles demonstrates a rich spectrum of positions among different religions as they confront the ever more pressing issues of bioethics and human rights in the modern world This book is intended for those interested in the contemporary debates on religious ethics human rights bioethics cultural diversity and multiculturalism      **The Prospect Before Her** Olwen Hufton, 2011-06-15 Already hailed by English critics as one of the most important works of history to be published since the Second World War Olwen Hufton's fascinating and brilliantly learned study begins in this first of two volumes with a wide ranging exploration of women's fate in Western
