An Anthology of Russian Literature Under Gorbachev

Edited by Helena Goscilo and Byron Lindsey

Glasnost An Anthology Of Russian Literature Under Gorbachev

Helena Goscilo

Glasnost An Anthology Of Russian Literature Under Gorbachev:

Glasnost Byron Lindsey, 1990 *Glasnost* Helena Goscilo, 2013-09-24 This remarkable collection brings together the best writers of the Russian literary renaissance providing the English speaking reader with the largest most representative anthology of works published during the 1980s in the Soviet Union **Reference Guide to Russian Literature** Neil Cornwell, 2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public *Literature, History and Identity in Post-Soviet Russia, 1991-2006* Rosalind J. Marsh, 2007 The aim of this book is to explore some of the main pre occupations of literature culture and criticism dealing with historical themes in post Soviet Russia focusing mainly on literature in the years 1991 to 2006 introd *New Directions in Soviet Literature* Sheelagh Duffin Graham, 1992-12-13 This is a selection of papers on Russian literature of the Soviet period presented at the IVth World Congress for Soviet and East European Studies in 1990 The ten articles range from the experimental prose and drama of the 1920s to studies of work by younger writers of the 1980s The articles include analyses of works by individual writers and examinations of general phenomena for example village prose or the way Stalin is presented in literature of the glasnost era **Russian Literature, 1988-1994** Norman N. Shneidman, 1995-12-15 The collapse of the Soviet Union brought about radical changes in the Russian literary world With the state s relinquishment of control over literary production writers acquired freedom of expression and publication State publishing houses now self supporting enterprises stopped printing money losing books and turned to foreign detective novels and erotic literature effecting a considerable shift in popular taste The writer no longer a producer of ideology has been recast as a struggling competitor in a free market environment Focusing on the current Russian literary scene Russian Literature 1988 1994 examines these recent changes Beginning with a general overview of the political intellectual and social atmosphere in the country and its effect on artistic creativity Shneidman surveys the period s literature He considers the work of succeeding generations of prose fiction writers the old guard the writers of the intermediate generation and the younger authors of perestroika whose works first appeared in print after Gorbachev s ascent to power The writing of this last group is divided into three categories novels written in the style of conventional Russian realism works that combine realistic prose with modernist narrative techniques and the body of work that constitutes Russian post modernism Exploring artistic and social issues in an integrated manner the volume will be of interest not only to students of Russian literature but also to those concerned with the culture and social life of the former Soviet Union **History and Literature in Contemporary Russia** R. Marsh, 1995-08-09 Since 1985 Russia has experienced a dramatic cultural and social revolution Rosalind Marsh presents the first study encompassing one important aspect of this process that is the major part which literature has played in reassessing the past transforming public opinion and hence in promoting political change in Russia She provides a chronology of literary politics in this period and analyses

the content and influence of newly published literature on a variety of historical themes including Stalin and Stalinism Lenin the Civil War the February and October Revolutions and the fall of Tsarism She explores the heated moral and political debates inspired among different sections of Russian society by the works of many authors including Rybakov Solzhenitsyn Grossman Bunin and Gorky *Real Images* Josephine Woll,1999-12-31 During the thaw from Stalin's death in 1953 to the late 1960s and Khrushchev's rule Soviet society experienced major transformations So did films In this first comprehensive account of the relationship between politics and cinema in this period Josephine Woll skillfully interweaves cultural history with film analysis to explore how movies at once responded to the changes around them and helped engender them She considers dozens of individual films within the context of Khrushchev's policies and the artistic foment they inspired

Subversive Imaginations Nadya Peterson,2019-06-26 In response to the profound changes in Soviet society in recent years the author considers the demise of Soviet literature and the emergence of its Russian progeny through the prism of the writers engagement with fantasy Viewing the mutual interaction of Soviet Russian literary output with aspects of the dominant culture such as ideology and politics Nadya Peterson traces the process of mainstream literary change in the context of broader social change She explores the subversive character of the fantastic orientation its Utopian and apocalyptic motifs and its dialogical relationship with socialist realism as it steadily gathered force in the latter Soviet decades The shattering of the mythic colossus did not put an end to these opposing forces but rather diverted them in various unexpected directions as the author explains in her concluding chapters on the new alternative literatures **Genders 22**

Ellen E. Berry,1995-07 The epidemic of mass rape in the former Yugoslavia has illustrated once again and in particularly brutal fashion the inextricable relationship between national politics sexual politics and body politics The nexus of these three forces is highly charged in any culture at any time in history but especially so among cultures in which rapid even cataclysmic changes in material realities and national self conceptions are eroding or overwhelming previously secure boundaries The postcommunist moment in the so called Second World Central and Eastern Europe and the former Soviet Union has dramatically exposed the opportunities and dangers that arise when the political cultural and economic foundations of a society are de and then re structured Gender roles and relations expressions of sexuality or attempts to recontain them representations of the body especially the female body and the larger cultural meanings it assumes are particularly marked sites to witness the performance of complex national dramas of crisis and change This groundbreaking volume turns its attention to the Second World specifically to such subjects as the birth of the sex media and porn industry in Russia Russian women and alcoholism cinema in post communist Hungary patriotism and gender in Poland sexual dissidence in Eastern Europe and women in the former Yugoslavia go to the Genders website [The Last Years of Soviet Russian Literature](#) Deming Brown,1993 A comprehensive survey of developments in Russian literature over the last fifteen years of the Soviet regime [The Cambridge Introduction to Russian Literature](#) Caryl Emerson,2008-07-10 Russian literature

arrived late on the European scene Within several generations its great novelists had shocked and then conquered the world In this introduction to the rich and vibrant Russian tradition Caryl Emerson weaves a narrative of recurring themes and fascinations across several centuries Beginning with traditional Russian narratives saints lives folk tales epic and rogue narratives the book moves through literary history chronologically and thematically juxtaposing literary texts from each major period Detailed attention is given to canonical writers including Pushkin Gogol Dostoevsky Tolstoy Chekhov Bulgakov and Solzhenitsyn as well as to some current bestsellers from the post Communist period Fully accessible to students and readers with no knowledge of Russian the volume includes a glossary and pronunciation guide of key Russian terms as well as a list of useful secondary works The book will be of great interest to students of Russian as well as of comparative literature

Present Imperfect Ayesha Kagal, Natasha Perova, 2019-06-26 The selections in this Anthology overturn Soviet era taboos with a vengeance First published in the aftermath of Mikhail Gorbachev's liberalizing reforms these stories revel in the basic commonalities of human experience even as they reassert a peculiarly Russian belief in the spiritual mystical and supernatural They satirize Soviet literary canons while exploring a full gamut of styles from neorealism to magico folkloric fantasy Included in the volume are works by well known pioneers of the new women's prose as well as by less familiar talents Bold in thematic conception and stylistic experimentation their stories are socially engaged in the classic Russian literary tradition and yet at the same time intensely personal While many of these writers share a feminist outlook their perspectives are vastly disparate and often steeped in a peculiarly post Soviet irony In one story for example a girl with no money and no prospects of earning any turns to prostitution and fails because of her lack of entrepreneurial talent Yet common to all are recurrent and interwoven motifs of self discovery sexual power emotional attachment social alienation and vulnerability to uncontrollable forces The ambiguous ways in which these themes are played out reveal much about what has changed and what remains at the core of a complex culture in transition

Fruits of Her Plume: Essays on Contemporary Russian Women's Culture Helena Goscilo, 2015-05-20 The 1980s witnessed the ascendancy of Russian women in multiple spheres of artistic creation including literature film and painting This volume may thus be said to engage not only women's artistic production but indeed the best and most colourful of recent Russian culture Treating contemporary Russian women's creativity it approaches women's texts films and canvasses from a range of perspectives from anti gendered to feminist Some of the essays introduce writers not previously well studied others challenge conventional interpretations and assumptions while still others yield original viewpoints through novel juxtapositions In addition to offering insights into the various artists under analysis the essays map the wide terrain of issues and methodologies proliferating in cultural criticism today and mirror the diversity that is one of the most appealing features of women's creativity in contemporary Russia

A History Of Russia Volume 2 Walter G. Moss, 2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date

by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world **Russian Postmodernist Fiction** Mark Lipovetsky, Eliot Borenstein, 2016-09-16 This text offers a critical study of postmodernism in Russian literature It takes some of the central issues of the critical debate to develop a conception of postmodern poetics as a dialogue with chaos and places Russian literature in the context of an enriched postmodernism Russian Women Writers Christine D. Tomei, 1999 A History of Women's Writing in Russia Adele Marie Barker, Jehanne M. Gheith, 2002-07-11 A History of Women's Writing in Russia offers a comprehensive account of the lives and works of Russia's women writers Based on original and archival research this volume forces a re-examination of many of the traditionally held assumptions about Russian literature and women's role in the tradition In setting about the process of reintegrating women writers into the history of Russian literature contributors have addressed the often surprising contexts within which women's writing has been produced Chapters reveal a flourishing literary tradition where none was thought to exist They redraw the map defining Russia's literary periods they look at how Russia's women writers articulated their own experience and they reassess their relationship to the dominant male tradition The volume is supported by extensive reference features including a bibliography and guide to writers and their works After Intimacy Karl Leydecker, Nicholas White, 2007 Divorce is a conspicuous character trait of modernity commonly portrayed in texts and on screen with its moral and social rationalisation firmly rooted in Enlightenment and Romantic thought The aim of this volume is to bring into focus this contemporary cultural fascination by assembling the variety of academic responses it has started to create Bringing together the reflections of scholars from the UK and North America who have worked in this domain this study offers for the first time a genuinely wide ranging account of the depiction of divorce across the northern hemisphere in a number of media fiction journalism film and television It reaches historically from the intellectual and legal aftermath of the Enlightenment right up to the present day As such the collection shows both the roots of this apparently contemporary phenomenon in nineteenth century literary practice and the very particular ways in which divorce characterises the different narrative media of modernity *The Routledge Companion to Russian Literature* Neil Cornwell, 2002-06-01 The Routledge Companion to Russian Literature is an engaging and accessible guide to Russian writing of the past thousand years The volume covers the entire span of Russian literature from the Middle Ages to the post Soviet period and explores all the forms that have made it so famous poetry drama and of course the Russian novel A particular emphasis is given to the nineteenth and twentieth centuries when Russian literature achieved world wide recognition through the works of writers such as Pushkin Dostoevsky Tolstoy Chekhov Nabokov and Solzhenitsyn Covering a range of subjects including women's writing Russian literary theory socialist realism and migr writing leading international scholars open up the wonderful diversity of Russian literature With recommended lists of further reading and an excellent up to date general bibliography The Routledge

Companion to Russian Literature is the perfect guide for students and general readers alike
