Ivan the Terrible in Russian Historical Memory since 1991 Charles J. Halperin,2021-08-31 Tsar Ivan the Terrible Ivan IV 1533 1584 is one of the most controversial rulers in Russian history infamous for his cruelty He was the first Russian ruler to use mass terror as a political instrument and the only Russian ruler

to do so before Stalin Comparisons of Ivan to Stalin only exacerbated the politicization of his image Russians have never agreed on his role in Russian history but his reign is too important to ignore Since the abolition of censorship in 1991 professional historians and amateurs have grappled with this problem Some authors have manipulated that image to serve political and cultural agendas This book explores Russia s contradictory historical memory of Ivan in scholarly pedagogical and political publications

Tamizdat Yasha Yakov Klots, 2023-05-15 Tamizdat offers a new perspective on the history of the Cold War by exploring the story of the contraband manuscripts sent from the USSR to the West A word that means publishing over there tamizdat manuscripts were rejected censored or never submitted for publication in the Soviet Union and were smuggled through various channels and printed outside the country with or without their authors knowledge Yasha Klots demonstrates how tamizdat contributed to the formation of the twentieth century Russian literary canon the majority of contemporary Russian classics first appeared abroad long before they saw publication in Russia Examining narratives of Stalinism and the Gulag

Klots focuses on contraband manuscripts in the 1960s and 70s from Khrushchev's Thaw to Stagnation under Brezhnev. Klots revisits the traditional notion of late Soviet culture as a binary opposition between the underground and official state publishing. He shows that even as tamizdat represented an alternative field of cultural production in opposition to the Soviet regime and the dogma of Socialist Realism, it was not devoid of its own hierarchy, ideological agenda, and even censorship. Tamizdat is a cultural history of Russian literature outside the Iron Curtain. The Russian literary diaspora was the indispensable ecosystem for these works. Yet in the post-Stalin years, they also served as a powerful weapon on the cultural fronts of the Cold War, laying bare the geographical, stylistic, and ideological rifts between two disparate yet inextricably intertwined fields of Russian literature: one at home, the other abroad. Open Access edition funded by the National Endowment for the Humanities.

The Story of a Life Konstantin Paustovsky, 2023-02-14 One of the most famous works of Russian literature, a memoir about a writer's coming of age during World War I, the Russian Civil War, and the rise of the Soviet era. This is the first unabridged translation of the first three books of Konstantin Paustovsky's magnum opus. In 1943, the Soviet author Konstantin Paustovsky started out on what would prove a masterwork: *The Story of a Life*, a grand novelistic memoir of a life spent on the ravaged frontier of Russian history. Eventually expanding to fill six volumes, this extraordinary work of a lifetime would establish Paustovsky as one of Russia's great writers and lead to a nomination for the Nobel Prize in Literature. Here the first three books of Paustovsky's epic autobiography, long unavailable in English, appear in a splendid new translation by Douglas Smith. Taking the reader from Paustovsky's Ukrainian youth, his family struggling on the verge of collapse, through the first stirrings of writerly ambition to his experiences working as a paramedic on the front lines of World War I, and then as a journalist covering Russia's violent spiral into revolution, this vivid and suspenseful story of coming of age in a time of troubles is lifted by the energy and lyricism of Paustovsky's prose and marked throughout by his deep love of the natural world. *The Story of a Life* is a dazzling achievement of modern literature.

Another Winter, Another Spring Louise de Kiriline Lawrence, 1987-06-30 Set at the turn of the twentieth century and spread across the enormous canvas of Russia itself, *Another Winter, Another Spring* is a tale of love and loyalty tested against great hardship and suffering.

The Book of All Power Wallace, Edgar, 2016-03-14 Richard Horatio Edgar Wallace, April 1, 1875–February 10, 1932, was a prolific British crime writer, journalist, and playwright who wrote 175 novels, 24 plays, and countless articles in newspapers and journals. Over 160 films have been made of his novels, more than any other author. In the 1920s, one of Wallace's publishers claimed that a quarter of all books read in England were written by him. He is most famous today as the co-creator of King Kong, writing the early screenplay and story for the movie, as well as a short story, *King Kong* (1933), credited to him and Draycott Dell. He was known for the J. G. Reeder detective stories *The Four Just Men*, *The Ringer*, and for creating the Green Archer character during his lifetime.

Christian Russia in the Making Andrzej Poppe, 2023-05-31 The present collection of studies by Andrzej Poppe in many ways represents a continuation of the research brought together a quarter century ago in the author s previous *Variorum* volume The focal themes are the political circumstances of the baptism of Russia and the processes by which Rus became a Christian country an era marked by the emergence of indigenous saints in royal and monastic garb Relations with the Byzantine world both political and ecclesiastical are often to the fore but as Poppe shows those with the West from the Carolingians onwards were important too Many of the articles are provided with additional notes and the volume includes three pieces previously unpublished in English including an introductory survey of the Rurikid dynasty and a major new study of the process by which Vladimir the Great became a saint
