first century drama this project examines performances of blackness's deadpan aesthetic within and beyond black embodiments including Young Jean Lee's *The Shipment* and Branden Jacobs Jenkins's *Neighbors* as well as Buster Keaton's signature character and Steve McQueen's restitution of the former's legacy within the continuum of Black cultural production Through this varied archive Post reveals how deadpan aesthetics function in and between opacity and fugitivity minimalism and saturation excess and insensibility

**The Blue Period** Jesse McCarthy, 2024-04-25 To be a Black writer in the early years of the Cold War was to face a stark predicament On the one hand revolutionary Communism promised egalitarianism and lit the sparks of anticolonial struggle but was hostile to conceptions of personal freedom On the other hand the great force opposing the Soviets at midcentury was itself the very fountainhead of racial prejudice represented in the United States by Jim Crow Jesse McCarthy argues that Black writers of this time were equally alienated from the left and the right and channeled that alienation into remarkable experiments in literary form Embracing racial affect and interiority they forged an aesthetic resistance premised on fierce dissent from both US racial liberalism and Soviet Communism Ranging from the end of World War II to the rise of Black Power in the 1960s from Richard Wright and James Baldwin to Gwendolyn Brooks and Paule Marshall and others Jesse McCarthy shows how Black writers defined a distinctive moment in American literary culture that McCarthy calls the Blue Period

An expansive volume featuring over two decades of incisive reflections on race art and pop culture by one of the greatest artists working today This long awaited and essential volume collects writings and interviews by Glenn Ligon whose canonical paintings neons and installations have been delivering a cutting examination of race history sexuality and culture in America since his emergence in the late 1980s No stranger to text the artist has routinely utilized writings from James Baldwin Zora Neale Hurston Richard Pryor Gertrude Stein and others to construct work that centers Blackness within the historically white backdrop of the art world and culture writ large Ligon began writing in the early 2000s engaging deeply with the work of peers such as Julie Mehretu Chris Ofili and Lorna Simpson as well as with artists who came before him among them Philip Guston David Hammons and Andy Warhol Interweaving a singular voice and a magical knack for storytelling with an astute view of art history and broader cultural shifts this collection cements Ligon s status as one of the great chroniclers of our time Glenn Ligon was born in the Bronx in 1960 He began as an abstract painter but shifted to text based works which often incorporate quotes from Black authors His work can be found in the collections of the Art Institute of Chicago the Baltimore Museum of Art and the Museum of Modern Art New York      *Robert Colescott & Glenn Ligon* ,2004

Photography after Photography Abigail Solomon-Godeau,2017-03-23 Presenting two decades of work by Abigail Solomon Godeau Photography after Photography is an inquiry into the circuits of power that shape photographic practice criticism and historiography As the boundaries that separate photography from other forms of artistic production are increasingly fluid Solomon Godeau a pioneering feminist and politically engaged critic argues that the relationships between photography culture gender and power demand renewed attention In her analyses of the photographic production of Cindy Sherman Robert Mapplethorpe Susan Meiselas Francesca Woodman and others Solomon Godeau refigures the disciplinary object of photography by considering these practices through an examination of the determinations of genre and gender as these shape the relations between photographers their images and their viewers Among her subjects are the 2006 Abu Ghraib prison photographs and the Cold War era exhibition The Family of Man insofar as these illustrate photography s embeddedness in social relations viewing relations and ideological formations      **Hide/Seek** Jonathan D. Katz,David C. Ward,2010-11-02 An entirely new interpretation of modern American portraiture based on the history of sexual difference

Hide Seek Difference and Desire in American Portraiture companion volume to an exhibition of the same name at the National Portrait Gallery Smithsonian Institution traces the defining presence of same sex desire in American portraiture through a seductive selection of more than 140 full color illustrations drawings and portraits from leading American artists Arcing from the turn of the twentieth century through the emergence of the modern gay liberation movement in 1969 the tragedies of the AIDS epidemic and to the present Hide Seek openly considers what has long been suppressed or tacitly ignored even by the most progressive sectors of our society the influence of gay and lesbian artists in creating American modernism Hide Seek shows how questions of gender and sexual identity dramatically shaped the artistic practices of influential American artists such as Thomas Eakins Romaine Brooks Marsden Hartley Georgia O Keeffe Charles Demuth Jasper Johns Robert Rauschenberg Andrew Wyeth Andy Warhol Robert Mapplethorpe and many more in addition to artists of more recent works such as Felix Gonzalez Torres Glenn Ligon Catherine Opie and Cass Bird The authors argue that despite the late nineteenth century definition and legal codification of the homosexual in reality questions of sexuality always remained fluid and continually redefined by artists concerned with the act of portrayal In particular gay and lesbian artists of but not fully in the society they portrayed occupied a position of influential marginality from which vantage point they crafted innovative and revolutionary ways of painting portraits Their resistance to society s attempt to proscribe them forced them to develop new visual vocabularies by which to code disguise and thereby express their subjects identities and also their own Bringing together for the first time new scholarship in the history of American sexuality and new research in American portraiture Hide Seek charts the heretofore hidden impact of gay and lesbian artists on American art and portraiture and creates the basis for the necessary reassessment of the careers of major American artists both gay and straight as well as of portraiture itself
