Gli Amori Difficili:

Italo Calvino Tommasina Gabriele, 1994 She uncovers the apparent contradiction that while Calvino repeatedly advocated throughout his career of forty plus years a precise language this call for precision did not extend to erotic subject matter where Calvino sometimes felt that direct representation was virtually impossible Gabriele finds that in Calvino the challenge of erotic representation is linked to the complexity of the writer's role especially as articulated in Calvino's famous article *Cibernetica e fantasmi* Calvino and the Pygmalion Paradigm Bridget Tompkins, 2015-06-28 Calvino and the Pygmalion Paradigm Fashioning the Feminine in *I nostri antenati* and *Gli amori difficili* is the first book length analysis of the representation of the feminine in Calvino's fiction Using the structural umbrella of the Pygmalion paradigm and using feminist interpretative techniques this book offers interesting alternative readings of two of Calvino's important early narrative collections The Pygmalion paradigm concerns the creation by a male artist of a feminine ideal and highlights the artificiality and narcissistic desire associated with the creation process This book discusses Calvino's active and deliberate work of self creation accomplished through extensive self commentaries and exposes both the lack of importance Calvino placed on the feminine in his narratives and the relative absence of critical attention focused on this area Relying on the analogy between Pygmalion's pieces of ivory and Barthes's *semes* and drawing upon the ideas underlying Kristeva's intertextuality the book demonstrates that despite Calvino's professed lack of interest in character development his female characters are carefully and purposefully constructed A close reading of Calvino's narratives engaging directly with Freud Lacan and the feminist psychoanalytical thinking of Kofmann Kristeva Kaplan and others demonstrates how Calvino uses his female characters as foils for the existential reflections of his typically maladjusted and narcissistic male characters Gli amori difficili Italo Calvino, 1990 **Difficult Games** Franco Ricci, 2006-01-01 Examining Calvino's literary experiments as a young artist in search of his narrative voice Ricci explores the psychological and existential motivations intrinsically linked to the writer's need for textual and systemic patterning *I racconti* contains some of Calvino's least read works yet these early stories address issues present scenarios and generate a growing variation of themes that form the heart of Calvino's narrative discourse Ricci points out that melancholy permeates Calvino's works even at his most playful He suggests that if Calvino's highest merit was his sense of wonder and his urge to transform and defeat obscurantism with all the joy he could muster one must remember that his work expressed often painfully the limits of human rationalism *I racconti* can thus be read as a catalogue of the anxieties of both the young author and postwar Italian society **Difficult Loves** Italo Calvino, 2020-06-11 The author of *Invisible Cities* explores love and war with enormous realist dignity in this collection of wondrous work from his early career Kirkus starred review In this short story collection one of Italy's greatest storytellers explores the interior lives of characters just as their most cherished illusions of love are suddenly swept away A soldier is reduced to quivering fear by the presence of a full figured woman in his train compartment a young clerk leaves a lady's bed

at dawn a young woman is isolated from bathers on a beach by the loss of her bikini bottom Confronted with a jarring moment of recognition each of these characters discovers hidden truths beneath the surface of everyday life This is the first edition in English to present these fifteen short stories together as Calvino originally envisioned them It also includes two stories newly translated by Ann Goldstein *Painting with Words, Writing with Pictures* Franco Ricci,2001-01-01 Ricci's book ranges widely over Calvino's oeuvre to illustrate the accuracy of the idea articulated by Calvino himself that a visual image lies at the origin of all his narrative The book's main theme is the difficult interface between word and image that Calvino struggled with throughout his career the act of perception that rendered visible that which was invisible and transformed what was seen into what is read Ricci holds that Calvino's narrative has an imagocentric program and that his literary strategy is ekphrastic i e it is characterized by literary description of visual representation real or imaginary The book is interdisciplinary in nature and will interest not only scholars of literature but also those who work with the visual arts and with information technology **Image, Eye and Art in Calvino** Birgitte Grundtvig,2017-07-05 Few recent writers have been as interested in the cross over between texts and visual art as Italo Calvino 1923-85 Involved for most of his life in the publishing industry he took as much interest in the visual as in the textual aspects of his own and other writers' books In this volume twenty international Calvino experts including Barenghi Battistini Belpoliti Hofstadter Ricci Scarpa and others consider the many facets of the interplay between the visual and textual in Calvino's works from the use of colours in his fiction to the influence of cartoons from the graphic qualities of the book covers themselves to the significance of photography and landscape in his fiction and non-fiction The volume is appropriately illustrated with images evoked by Calvino's major texts *Difficult Loves* Italo Calvino,1984 In a collection of stories written during the 1940s and 1950s the author captures moments of revelation in the lives of ordinary people instants blending recognition and alarm as deceptions and illusions are laid bare *The Corporeal Identity* Elena Faccio,2012-11-15 Explores the cultural origins and psychological aspects of body identity disorders Discusses the influence of contemporary virtual and cyberspace imagery on self image Draws on author's professional experience largely dedicated to exploring disorders wherein body identity is the chosen field for communication and exchange Re-examines such illnesses as anorexia bulimia body dysmorphic disorder and others Hermit in Paris Italo Calvino,2021-03-19 This collection of journals interviews and travelogues by the author of *Invisible Cities* has something fascinating on every page The Guardian UK This posthumously published collection offers a unique puzzle like portrait of one of the postwar era's most inventive and mercurial writers In letters and journals occasional pieces and interviews Italo Calvino recalls growing up in seaside Italy and fighting in the antifascist resistance during World War II He traces the course of his literary career and reflects on his many travels including a journey through the United States in 1959 and 1960 that brings out his droll wit at its best Sparkling with wisdom and unexpected delights *Hermit in Paris* is an autobiography like no other Surprising tart and distinctive like Calvino himself Philadelphia Inquirer Under

the Radiant Sun and the Crescent Moon Angela M. Jeannet, 2000-01-01 Understanding Italo Calvino's love of storytelling is pivotal to understanding the cultural and literary matrix of his lush fictional universe A rich and vibrant critical portrait of Calvino's work

Italian Discourse Gian Marco Farese, 2019-10-21 Using the Natural Semantic Metalanguage methodology Gian Marco Farese presents a comprehensive analysis of the most important Italian cultural keywords and cultural scripts that foreign learners and cultural outsiders need to know to become linguistically and culturally proficient in Italian Farese focuses on the words and speech practices that are used most frequently in Italian discourse and that are uniquely Italian both untranslatable into other languages and reflective of salient aspects of Italian culture and society Italian Discourse A Cultural Semantic Analysis sheds light on ways in which the Italian language is related to Italians character values and way of thinking and it does so in contrastive perspective with English Each chapter focuses on a cultural keyword tracing the term through novels plays poems and songs Italian Discourse will be an important resource for anyone interested in Italian studies and Italian linguistics as well as in semantics cultural studies linguistic anthropology cognitive linguistics intercultural communication and translation

Understanding Italo Calvino Beno Weiss, 1993 Highlights Calvino's fascination with folk tales knights social political allegories science fiction

Calvino's Combinational Creativity Elizabeth Scheiber, 2016-02-08 Calvino's Combinational Creativity examines the various ways combinatory processes influence the work of the Italian author Italo Calvino Comprising chapters by six literary scholars the volume asserts that the Ligurian writer's creativity often stems from his contemplation of literature even as it investigates the intersection of his work with poets writers and literary movements Each chapter explores a different aspect of Calvino's creativity Natalie Berkman examines Calvino as a reader of Ariosto and provides an analysis of mathematical combinations inspired by Vladimir Propp in *Il castello dei destini incrociati* Discussing the poetic and scientific influence of the Argentine writer Julio Cortázar on Calvino Sara Ceroni then presents *Palomar* as a modernist work of epiphanies This is followed by two chapters investigating different influences on *Cosmicomics* Elio Baldi demonstrates how Calvino's collection of stories appropriates various conventions of the science fiction genre while Elizabeth Scheiber provides a close reading of two tales to show how Calvino uses science as a metaphor to comment on the poetics of Italian authors Gadda D'Annunzio Ungaretti and Montale Cecilia Benaglia then proposes Calvino as a reader of Gadda who served not only as an aesthetic influence but also as an epistemological one Finally juxtaposing Calvino with his contemporary Umberto Eco Sebastiano Bazzichetto examines the two authors use of figures of speech as ways of constructing labyrinths Calvino's Combinational Creativity takes Calvino studies in new directions as it rethinks how the author's work can be classified and delves into the sources of his inspiration

Mapping Complexity Kerstin Pilz, 2005 This book presents an analysis of the dialogue of literature and science that forms a central part of the work of Italo Calvino one of Italy's best known

contemporary authors It provides an in depth study of Calvino s interest in scientific models and methods and the ways these have informed his narratives A Study Guide for T. Coraghessan Boyle's "The Underground Gardens" Gale, Cengage Learning, A Study Guide for T Coraghessan Boyle s The Underground Gardens excerpted from Gale s acclaimed Short Stories for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Short Stories for Students for all of your research needs **Looters, Photographers, and Thieves** Pasquale Verdicchio,2011-04 What do we see when we think of Italy How is our sense of that country its people and culture formed what conditions it Looters Photographers and Thieves suggests that our visualization and relationship to a place like Italy is the result of a long and complex series of constructed images that have their origins in the ideology of nation building Enlightening Encounters Giorgia Alù,Nancy Pedri,2015-01-01 Enlightening Encounters traces the impact of photography on Italian literature from the medium s invention in 1839 to the present day Investigating the ways in which Italian literature has responded to photographic practice and aesthetics the contributors use a wide range of theoretical perspectives to examine a variety of canonical and non canonical authors and a broad selection of literary genres including fiction autobiography photo texts and migration literature The first collection in English to focus on photography s reciprocal relationship to Italian literature Enlightening Encounters represents an important resource for a number of fields including Italian studies literary studies visual studies and cultural studies *The Author in Criticism* Elio Attilio Baldi,2020-03-11 The Author in Criticism Italo Calvino s Authorial Image in Italy the United States and the United Kingdom explores the cultural and historic patterns and differences in the critical readings of Italian author Italo Calvino s works in the United States of America the United Kingdom and Italy It considers the external factors that contribute to create recognizable patterns in the readings of Calvino s texts in different contexts This volume therefore covers most notably matters of genre science fiction postmodernism cultural perceptions and conventions the re current image of the author in different media academic schools curricula and canons biographical information such as gender and background and translation and the language in which the author speaks or fails to speak to us It traces the influence of these aspects in the academic discourse on Calvino The Author in Criticism also analyzes Calvino s various professional roles as writer editor essayist journalist private correspondent and public cosmopolitan intellectual reappraising their often little acknowledged importance for academic criticism An important underlying idea is that the preconceived image that every critic has of Calvino before even opening one of his books is often solidified and repeated even in the most refined and complex critical analyses This volume purposefully foregrounds the textual and non textual parts that are usually considered peripheral to the works of an author such as book covers blurbs reviews talks interviews etc In this way this book provides insight into the reception of Calvino s works in different countries Moreover it forms a broader reflection of and on important constants in the workings of literary criticism and on the way academic discourses have

developed in various cultural contexts over the last decades
