Emerging Hope A Strategy For Reaching Postmodern Generations:

Emerging Hope Jimmy Long, 2004-08-18 How do we do church in this era of cynicism Jimmy Long looks at the connections between postmodernism and the emerging generations GenXers and millennials highlighting implications for evangelism and discipleship Here is a hopeful strategy for ministry that will appeal to a generation starved for belonging

Experiencing God's Story of Life and Hope J. Scott Duvall, Intended for college and seminary courses on spiritual formation the workbook consists of twelve chapters with three parts each believing behaving and becoming that is what virtues to possess Thus the thirty six lessons are holistic showing that the process of becoming like Christ involves our entire being
New People Forever J. Scott Duvall, 2009-11-01 How do we conform to the image of Jesus Christ How do we grow in maturity as believers How do we truly live out and experience all that God is and all that He offers to us The Experiencing God's Story series answers these questions and more through an examination of twelve essential topics of spiritual formation Presented through the three step process of spiritual development believing behaving and becoming each topic examines a passage of Scripture identifies and explains the theological principles of spiritual formation and offers personal application for continued spiritual growth

The Spiritual Formation of Leaders Chuck Miller, 2007-12 Why do the demands of leadership often draw leaders away from intimacy with God What can I do to become a more effective leader How can I keep from burning out and bailing out How can we develop effective leaders who are being spiritually transformed as they abide in Christ Key to answering these questions is the simple but profound truth that we must be the people of God before we do the work of God That's why The Spiritual Formation of Leaders invites you to deeper intimacy with Christ so in Him you will be empowered to enjoy rich community with one another and a life of fruitful ministry Spiritual leadership formation happens only in God's presence So come to Jesus Meet with Him in the Soul Room walk with Him into the Leadership Room and watch Him work in you and through you for His kingdom
The Leadership Jump Jimmy Long, 2010-02-04 Leadership is changing Not only are established leaders passing the baton to up and coming leaders the very nature of leadership is being transformed Veteran leader and cultural observer Jimmy Long has discerned how leadership positions and roles have changed in light of societal shifts Authority is no longer derived from positional status but is earned from relational credibility Leaders focus not only on tasks but on community And leadership is less about directing followers to a particular destination and more about empowering others on a shared journey Existing leaders cannot write off emerging leaders because they work differently Nor can younger leaders dismiss the contributions of those who have gone before Here is a book that offers a positive vision for intergenerational partnership and leadership transference rather than competition The practical tools outlined here will help existing and emerging leaders understand each others leadership styles and collaborate fruitfully for the sake of the kingdom

Sacred Subdivisions Justin Wilford, 2012-11-19 In an era where church attendance has reached an all time low recent polling has shown that Americans are becoming less formally religious and more promiscuous in their religious commitments Within both mainline and evangelical Christianity in America it is common to hear of secularizing pressures and increasing competition from nonreligious sources Yet there is a kind of religious institution that has enjoyed great popularity over the past thirty years the evangelical megachurch Evangelical megachurches not only continue to grow in number but also in cultural political and economic influence To appreciate their appeal is to understand not only how they are innovating but more crucially where their innovation is taking place In this groundbreaking and interdisciplinary study Justin G Wilford argues that the success of the megachurch is hinged upon its use of space its location

on the postsuburban fringe of large cities its fragmented dispersed structure and its focus on individualized spaces of intimacy such as small group meetings in homes which help to interpret suburban life as religiously meaningful and create a sense of belonging Based on original fieldwork at Rick Warren s Saddleback Church one of the largest and most influential megachurches in America Sacred Subdivisions explains how evangelical megachurches thrive by transforming mundane secular spaces into arenas of religious significance
