**Employee training and development** Alex Maingi, 2014-03-11 Seminar paper from the year 2010 in the subject Leadership and Human Resources Miscellaneous grade A University of Canberra language English abstract Of late there has been a debate in HRM managers to succeed there has to shift from control to commitment and that training and development of employees creates commitment some experts agree while others are cynical about this However it is clear that training and developing of employees are very crucial for operation and advancements of an organization in relation to the perspective of a company According to the views made by employees such factors are both very important for an organization for development of skills and advancements to be made in a career Retaining employees and retaining the value of their skills set are very crucial for business achievements Burden and Proctor 2000 According to Cappelli 2000 retaining committed employees successfully leads to knowledge conservation and preservation in an organization No employee can be retained in a company that he/she is not committed to Thus we argue that yes indeed training and development of employees leads to commitment Creating commitment using training While organization commitment towards training of its staff positively impact retention as well results to desirable outcomes Walton 1985 points out that there are various classes and kinds of training that an organization can offer to its employees According to Walton 1985 asserts that in order to create positive results whereby the employees commitment would be enhanced they say that the organization has to be committed to the training it is offering to its employees At the same time the organization has to have effective and proper training methods that will be used to deliver the training

## Employee Training And Development Introduction

In today's digital age, the availability of Employee Training And Development books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Employee Training And Development books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Employee Training And Development books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Employee Training And Development versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Employee Training And Development books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Employee Training And Development books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Employee Training And Development books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library.

lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Employee Training And Development books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Employee Training And Development books and manuals for download and embark on your journey of knowledge?
