Give Me That Online Religion:

   Give Me That Online Religion Brenda E. Brasher,2001-02-23 The future of online religion is now Operating online allows long established religious communities to reach the unaffiliated like never before More startling is the ease by which anyone with internet access can create new circles of faith Electronic shrines and kitschy personal Web altars express adoration for living celebrities just as they honor the memory of long departed martyrs In Give Me That Online Religion online religion expert Brenda Brasher braves a new world in which cyber concepts and technologies challenge conventional ideas about the human condition all the while attempting to realize age old religious ideals of transcendence and eternal life As the Internet continues its rapid absorption of culture Give Me That Online Religion offers pause for thought about spirituality in the cyber age Religion s move to the online world does not mean technology s triumph over faith Rather Brasher argues it assures religion s place in the wired universe along with commerce and communications meeting the spiritual demands of Internet generations to come   **Give Me that Online Religion** Brenda E. Brasher,2001 The future of online religion is now Operating online allows long established religious communities to reach the unaffiliated like never before More startling is the ease by which anyone with internet access can create new circles of faith Electronic shrines and kitschy personal Web altars express adoration for living celebrities just as they honor the memory of long departed martyrs In Give Me That Online Religion online religion expert Brenda Brasher braves a new world in which cyber concepts and technologies challenge conventional ideas about the human condition all the while   **Religion Online** Lorne L. Dawson,Douglas E. Cowan,2013-04-15 Religion Online provides an accessible and comprehensive introduction to this burgeoning new religious reality from cyberpilgrimages to neo pagan chatroom communities A substantial introduction by the editors presenting the main themes and issues is followed by sixteen chapters addressing core issues of concern such as youth religion and the internet new religious movements and recruitment propaganda and the countercult and religious tradition and innovation   **Religion Online** August E. Grant,Amanda F. C. Sturgill,Chiung Hwang Chen,Daniel A. Stout,2019-03-07 Religion Online provides new insights about religiosity in a contemporary context offering a comprehensive look at the intersection of digital media faith communities and practices of all sorts Recent research on Apple users video games virtual worlds artificial intelligence digital music and sports as religion supports the idea that media and religion once considered separate entities are in many cases the same thing New media and religious practice can no longer be detached this two volume set discusses how religionists are embracing the Internet amidst cultural shifts of secularization autonomous religious worship millennials affinity for new media and the rise of fundamentalism in the global south While other works describe case studies this book explains how new media are interwoven into the very fabric of religious belief behavior and community Chapters break down the past present and projected future of the use of digital media in relation to faith traditions of many varieties extending from mainline Christianity to new religious movements The book also examines the

impacts of digital media on beliefs and practices around the world In exploring these subjects it calls on the study of culture namely anthropology to conceptualize a technological period as significant as the industrial revolution *Mediating Religion* Jolyon P. Mitchell,Sophia Marriage,2003-06-01 This is the first book to bring together many aspects of the interplay between religion media and culture from around the world in a single comprehensive study Leading international scholars provide the most up to date findings in their fields and in a readable and accessible way Some of the topics covered include religion in the media age popular broadcasting communication theology popular piety film and religion myth and ritual in cyberspace music and religion communication ethics and the nature of truth in media saturated cultures The result is not only a wide ranging resource for scholars and students but also a unique introduction to this increasingly important phenomenon of modern life Religion Online Lorne L. Dawson,Douglas E. Cowan,2013-04-15 Religion Online provides an accessible and comprehensive introduction to this burgeoning new religious reality from cyberpilgrimages to neo pagan chatroom communities A substantial introduction by the editors presenting the main themes and issues is followed by sixteen chapters addressing core issues of concern such as youth religion and the internet new religious movements and recruitment propaganda and the countercult and religious tradition and innovation **Digital Religion** Heidi A. Campbell,Ruth Tsuria,2021-09-30 This book offers a critical and systematic survey of the study of religion and digital media It covers religious engagement with a wide range of digital media forms and highlights examples of new media engagement in all five of the major world religions From mobile apps and video games to virtual reality and social media the book provides a detailed review of major topics including ritual identity community authority and embodiment includes a series of engaging case studies to illustrate and elucidate the thematic explorations considers the theoretical ethical and theological issues raised This unique volume draws together the work of experts from key disciplinary perspectives and is the go to volume for students and scholars wanting to develop a deeper understanding of the subject area Thoroughly updated throughout with new case studies and in depth analysis of recent scholarship and developments this new edition provides a comprehensive overview of this fast paced constantly developing and fascinating field Digital Religion Heidi Campbell,2013 Digital Religion offers a critical and systematic survey of the study of religion and new media It covers religious engagement with a wide range of new media forms and highlights examples of new media engagement in all five of the major world religions From cell phones and video games to blogs and Second Life the book provides a detailed review of major topics includes a series of case studies to illustrate and elucidate the thematic explorations considers the theoretical ethical and theological issues raised Drawing together the work of experts from key disciplinary perspectives Digital Religion is invaluable for students wanting to develop a deeper understanding of the field Religion and Cyberspace Morten Hojsgaard,Margit Warburg,2005-09-15 In the twenty first century religious life is increasingly moving from churches mosques and temples onto the Internet Today anyone can go online and seek a new form of religious expression without ever encountering a

physical place of worship or an ordained teacher or priest The digital age offers virtual worship cyber prayers and talk boards for all of the major world faiths as well as for pagan organisations and new religious movements It also abounds with misinformation religious bigotry and information terrorism Scholars of religion need to understand the emerging forum that the web offers to religion and the kinds of religious and social interaction that it enables Religion and Cyberspace explores how religious individuals and groups are responding to the opportunities and challenges that cyberspace brings It asks how religious experience is generated and enacted online and how faith is shaped by factors such as limitless choice lack of religious authority and the conflict between recognised and non recognised forms of worship Combining case studies with the latest theory its twelve chapters examine topics including the history of online worship virtuality versus reality in cyberspace religious conflict in digital contexts and the construction of religious identity online Focusing on key themes in this groundbreaking area it is an ideal introduction to the fascinating questions that religion on the Internet presents

Malaysian Christians Online Meng Yoe Tan,2020-02-26 Many facets of social life are now intrinsically linked to the Internet through increasing dependence of user centric platforms like blogs social networking websites online forums and open source websites The Malaysian Church is not exempt from having to negotiate with an increasingly tech savvy and networked community of believers Based primarily on Internet ethnography and interviews with Christian bloggers and church pastors this book looks at how the Internet is a component of everyday religion in the lives of Malaysian Christians at individual institutional and national levels It examines the ways in which online Christian expressions are increasingly integrated into the everyday religious routines of Christians for the development of their personal identities and inter religious interactions This book also shows how the spiritual authority of church pastors can be both challenged and reinforced through the creative use of online tools It addresses some of the creative ways in which Christians utilise the Internet to engage with national socio political issues within the context of restrictive and controlled mainstream media as well as the ongoing discourse with Islam in the country Through a selection of case studies this book shows that while the Internet may be free the users of the Internet are not necessarily so While the Internet has provided Malaysian Christians with new tools to experience their faith in new ways several aspects of old offline socio cultural habits persist online These in turn lead to a robust and growing environment of Internet Christianity in Malaysia This timely book will be of interest to scholars in religious studies media and communications and cultural studies in Southeast Asia   Faith in America Charles H. Lippy,2006-09-30 Over the last 25 years there has been much talk of the presumed decline in religious participation in America In addition from the 1960s on surveys that mark the influence of religion in American life have shown a mixed response Many suggest that religion is losing influence in the culture as a whole others indicate that while organized religion may be experiencing challenges spirituality is on the upswing At the same time however there have been signs that religious life in the U S is extraordinarily healthy But religion in America has changed to be sure in a number of ways And it has

changed us and our culture in return This timely set looks at the major forces that are changing the shape of religion in American life With an influx of immigrants from Asia Latin America and other regions the diversity of religion has grown to include Buddhism Hinduism Islam and other faiths Latin American and African American communities have experienced changes in the ways they practice their faith and in turn influence American culture in general Women have entered the clergy in record numbers and the push for allowing women and gays to enter the clergy in religions that limit or prohibit their roles is on the increase In addition gay couples are leading the same sex marriage movement and other social issues such as abortion stem cell research end of life care etc are still being debated Interest over how people actually live out their religion or spirituality has mushroomed in recent decades thanks in part to the information revolution and popular culture What folks do when they gather together to worship and where they come together has changed dramatically with the advent of the Internet and the role of sports in American life So much has changed and faith in America has become more important than ever as part of our culture our way of life and the way we relate to each other and the world around us The essays found in these pages shed light on our understanding of these transformations and help us comprehend the enormous role of religion in our society and in our world   Handbook of Religion and Society David Yamane,2016-07-15 The Handbook of Religion and Society is the most comprehensive and up to date treatment of a vital force in the world today It is an indispensable resource for scholars students policy makers and other professionals seeking to understand the role of religion in society This includes both the social forces that shape religion and the social consequences of religion This handbook captures the breadth and depth of contemporary work in the field and shows readers important future directions for scholarship Among the emerging topics covered in the handbook are biological functioning organizational innovation digital religion spirituality atheism and transnationalism The relationship of religion to other significant social institutions like work and entrepreneurship science and sport is also analyzed Specific attention is paid where appropriate to international issues as well as to race class sexuality and gender differences This handbook includes 27 chapters by a distinguished diverse and international collection of experts organized into 6 major sections religion and social institutions religious organization family life course and individual change difference and inequality political and legal processes and globalization and transnationalism   *Virtual Theology, Faith and Adult Education* Ros Stuart-Buttle,2013-07-29 Online learning is a key feature of the contemporary educational landscape and has entered mainstream policy provision and practice But if online education is to reach mature development and evaluation it must be open to critical appraisal This book considers the implementation of online learning within adult theological education This can be an area of challenge or contention especially when established academic practices and cherished values are seen as threatened when handed over to online delivery This opens questions about theology pedagogy and online education Does online teaching and learning bring or demand a new or transformed disruptive pedagogy or does it result in maintenance or replication sustaining of traditional

values and existing practices What might the opportunities and benefits be Who stands to gain Who stands to lose And what evidence is there to evaluate the quality of doing theology online This book examines a long standing programme of continuing professional development delivered fully online to adult practitioners working across Christian education and ministry settings It builds upon the author s international experience as an online educator for over a decade Key themes relate adult learning to theological pedagogy authority and online community The concept of interruptive pedagogy is presented as an interpretative model to critically appraise an approach to online education that draws on the best theological tradition yet also looks to the future *The Handbook of Internet Studies* Mia Consalvo,Charles Ess,2011-05-09 The Handbook of Internet Studies HANDBOOKS IN COMMUNICATION AND MEDIA Highly recommended CHOICE A state of the art collection that represents and celebrates the diversity of theoretical and disciplinary approaches marking this brave new field A new must have reference book for Internet studies Caroline Haythornthwaite University of Illinois This indispensable volume reflects the complexity of Internet studies indeed the Internet itself by bringing together a diverse set of voices geographies disciplines and arguments It is not only an important resource for practitioners but will also spark the curiosity of those on the edges of the field including humanists social scientists and engineers alike Michael Zimmer University of Wisconsin A comprehensive and useful volume that will appeal to students teachers and researchers I highly recommend it to those who have been following the field since its emergence in the 1990s as well as to those new to the field Steve Jones University of Illinois at Chicago This handbook is landmark documenting that Internet studies have now come of age Niels Ole Finnemann Aarhus University To fully understand the impact and significance of the Internet it is essential to consider its historical societal and cultural contexts This handbook presents a wide range of original essays by established scholars in the field of Internet studies exploring the role of the Internet in modern societies and the continuing development of its academic study **Digital Religion: The Basics** Heidi A. Campbell,Wendi Bellar,2022-12-30 Digital Religion The Basics explores how digital media and internet platforms are transforming religious practice in a digital age and the impact this has had on religious culture in contemporary society Through exploring six defining characteristics of how religion is acted out online including multisite reality convergence practice networked community storied identity shifting authority and experiential authenticity the book considers how digital religion both shapes and is influenced by religion offline Questions asked include How is religion being performed and reimagined through digital media and cultures In what ways do the practices of religion online merge or correspond with shifts in perspective taking place in offline religious practice How do the key findings of religion online reflect broader social cultural and structural practices observed within mobile networked society With case studies and further readings Digital Religion The Basics is a must read for students wanting to come to grips with how religion is changing and experienced through digital media **Faith and Language Practices in Digital Spaces** Andrey Rosowsky,2017-11-16 This volume shares the results of research conducted within and across the complex nexus of language

religion and new technologies It identifies the dynamic and mobile ways religious practice and language interact online to modify confirm transform and consolidate linguistic resources and repertoires It makes a significant contribution to work in the emerging sub discipline of the sociology of language and religion and adds to the growing work on digital religion It also showcases leading and ground breaking researchers working on online and offline examples of the complex relationships evinced by the study of language and religion The chapter authors explore a wide range of religions technologies and languages in order to provide an innovative insight into the overlap between the study of language and religion and language and technology **Buddhism, the Internet, and Digital Media** Gregory Price Grieve,Daniel Veidlinger,2014-09-19 Buddhism the Internet and Digital Media The Pixel in the Lotus explores Buddhist practice and teachings in an increasingly networked and digital era Contributors consider the ways Buddhism plays a role and is present in digital media through a variety of methods including concrete case studies ethnographic research and content analysis as well as interviews with practitioners and cyber communities In addition to considering Buddhism in the context of technologies such as virtual worlds social media and mobile devices authors ask how the Internet affects identity authority and community and what effect this might have on the development proliferation and perception of Buddhism in an online environment Together these essays make the case that studying contemporary online Buddhist practice can provide valuable insights into the shifting role religion plays in our constantly changing mediated hurried and uncertain culture *Cyber Sufis* Robert Rozehnal,2019-08-01 In America today online spaces serve as critical alternatives for tech savvy Muslims seeking a place to root their faith forge religious identity and build communities With a particular focus on the Inayati Order a branch of the oldest Sufi community in the West Robert Rozehnal explores the online revolution in internal communication spiritual pedagogy and public outreach and looks ahead to the future of digital Islam in the age of Web 3 0 **Creating Church Online** Tim Hutchings,2017-04-21 Online churches are internet based Christian communities pursuing worship discussion friendship support proselytization and other key religious goals through computer mediated communication Hundreds of thousands of people are now involved with online congregations generating new kinds of ritual leadership and community and new networks of global influence Creating Church Online constructs a rich ethnographic account of the diverse cultures of online churches from virtual worlds to video streams This book also outlines the history of online churchgoing from its origins in the 1980s to the present day and traces the major themes of academic and Christian debate around this topic Applying some of the leading current theories in the study of religion media and culture to this data Tim Hutchings proposes a new model of religious design in contexts of mediatization and draws attention to digital networks transformative third spaces and terrains of existential vulnerability Creating Church Online advances our understanding of the significance and impact of digital media in the religious and social lives of its users in search of new theoretical frameworks for digital religion **Encyclopedia of Cyber Behavior** Yan, Zheng,2012-03-31 This book offers a complete look into the field of cyber behavior surveying case studies research

frameworks techniques technologies and future developments relating to the way people interact and behave online Provided by publisher
