Smith, 2009-10-23 Under An Expanse of Oaks A Druid's Journey is a book about one Druid's path and the many lessons learned along that path It contains various explanations and exercises to help the reader experience Druidry for themselves because Druidry is certainly an experiential journey that one truly needs to live to learn from Peak Experiences Ian Marshall, 2003 In Peak Experiences Marshall sets out on a far more personal and far reaching journey to discover how our modern estrangement from the natural world has affected our mental well being *Natural Spectaculars* Michiel Meeusen, Luc Van der Stockt, 2015-11-17 The value of Plutarch's perception of physical reality and his attitude towards the natural spectacle Plutarch was very interested in the natural world around him not only in terms of its elementary composition and physical processes but also with respect to its providential ordering and marvels His writings teach us a lot about his perception of physical reality and about his attitude to the natural spectacle He found his greatest inspiration in the ontological and epistemological framework of Plato's Timaeus but a wide range of other authors were also of seminal interest to his project Moreover the highly literary value of Plutarch's natural philosophical writings should not be underrated It is therefore not surprising that recently scholars have started to reassess the ancient scientific value of Plutarch's natural philosophical writings Natural Spectaculars aims to give further impetus to this dynamic by treating several aspects of Plutarch's natural philosophy which have remained unexplored up to now *The Living Letters of Mother Mary* Barbara Beach, 2012-08-07 In these pages you will find words of encouragement to bring you back to a place of support confidence and love *Mage Zero* D. Fiskvik, 2022-10-14 Imagine that you went for a walk and found something old or you were trying to get out of the rain in the woods and walked into a place that was not there the last time you were You found something that should not be like a book that could read to you or a tree that could talk This is something like that happening Brian was in a flood and ran into a graveyard to get out of the water He started to climb a tree when he fell He came to somewhere he did not know and things started to happen to him in there Things would just be there and would come out of nowhere He found something in there and it told him some things He had to solve the mystery before the sun went down or he would get thrown out of where he was That is where this story starts as well as all he has to do with the new things he finds His guide helps him on his way and gives him something he wants for a long time meaning to his life and people to care for
