Gladiator The:

The Gladiator Alan Baker, 2001-09-12 Traces the history of Roman gladiators how they influenced Roman culture **The Real Gladiator** Tony Sullivan, 2022-06-16 Are you not entertained shouts Russell Crowe playing the part of General Maximus Decimus Meridius in the Oscar winning 2000 film *Gladiator* The crowd having witnessed Maximus defeating several gladiators cheer in response Film goers too were indeed entertained with the film grossing nearly half a billion dollars This book covers the historical events that film was based on From the Germanic wars on the northern frontier to the gladiatorial arena in Rome From the philosopher emperor Marcus Aurelius to the palace intrigues during the reign of his son We will discover how Commodus really died and which of the characters actually fought in the arena Readers will meet two generals Pompeianus and Maximianus who most resemble our hero General Maximus Also Lucilla the sister of Commodus who in reality married her General but detested him The book also focuses on warfare weapons and contemporary battles It will compare the battle and fight scenes in the film with reality from contemporary sources and modern tests and reenactments The reader will discover that fact is not only stranger than fiction it is often more entertaining The real history was certainly as much if not more treacherous bloodthirsty murderous and dramatic than anything the film industry has created Anyone who answered yes to the question posed by Russell Crowe s character in the film will indeed be entertained by this book

Return of the Epic Film Andrew Elliot,2015-03-05 With the success of Gladiator both critics and scholars enthusiastically announced the return of a genre which had lain dormant for thirty years However this return raises important new questions which remain unanswered Why did the epic come back and why did it fall out of fashion Are these the same kinds of epics as the 1950s and 60s or are there aesthetic differences Can we treat Kingdom of Heaven 300 and Thor indiscriminately as one genre Are non Western histories like Hero and Mongol epics too Finally what precisely do we mean when we talk about the return of the epic film and why are they back The Return of the Epic Film offers a fresh way of thinking about a body of films which has dominated our screens for a decade With contributions from top scholars in the field the collection adopts a range of interdisciplinary perspectives to explore the epic film in the twenty first century
