Gleanings In Genesis 1922:

Gleanings in Genesis Arthur W. Pink, 1922 The Company of the Preachers , A.W. Pink's Studies In The Scriptures - 1922-23, Volume 1 of 17 Arthur W Pink, 2001-09 How Greed, Covetousness and Personal Gain Dominates Modern-Day Evangelicalism Rev. Dr. Robert S. Henry, 2022-06-26 In our consumption oriented society everyone's energy is seen to be directed at attainment and profit The implication of this matter is enhanced by the explicit obsession and preoccupation with money matters among church groups It is made even more serious because of the recent rise in the popularity of the doctrine of prosperity among certain evangelical groups The modern day preacher promotes wealth as a signal of spirituality and favor from God Instead they should be considerate about saving souls rather than accumulating wealth and hoarding what they have left over Luke 22 35 KJV Another matter is the audacious attitudes of some church leaders who think they have the authority regarding the interpretation of scriptures that addresses biblical prosperity It is because of obvious errors in present day teaching on giving and prosperity that there is so much uncertainty among those who want to support the work of God in a way that pleases Him Many questions are left unanswered resulting in confusion unhealthy desires to become rich and many misconceptions in the way the world views Christians in general Because of the many abnormalities and uncertainties this book examines the premise upon which the prosperity doctrine is built and the methods used to raise finances Moreover doctrines that are inconsistent with Scripture are identified and repudiated **Early Creationist Journals** Ronald L. Numbers, 2021-10-17 Originally published in 1995 *Early Creationist Journals* is the ninth volume in the *Creationism in Twentieth Century America* series reissued in 2021 The book is a concise primary source collection containing a selection of journal articles from the early twentieth century outlining discoveries in biology geology physiology and archaeology and their relation to Christianity The aim of the journals was to provide a platform for creationists of the 1920s to voice their theories on new science and how more recent discoveries fit within creationist beliefs including flood theory These interesting and unique journals will be of interest to academics working in the field of religion and natural history and provide a unique snapshot into the debates between evolutionists and Christianity during a period of great scientific change

The Abduction of Dinah Daniel Hankore, 2013-05-30 The process of understanding a text from the narrator's point of view is crucial for the tasks of interpreting and translating the Bible If the translator's understanding of a narrative from the narrator's point of view is erroneous then the whole process of translating the message into another language may also fall into error This poses Bible translators a difficult challenge How can we understand the narrator's point of view of the biblical stories which are culturally geographically and historically remote from our own Understanding a text from the narrator's point of view must precede the translation process In this work Hankore presents an argument for the intended utterance of Genesis 28 10 35 15 before proposing in brief how to translate it By following this process Hankore shows that a correct understanding of the concept of the ancient Israelite vow in the framework of a social institution is fundamental to reading

and translating Genesis 28 10 35 15 and goes on to show how this same votive framework assists an explanation of the relevance of Genesis 34 to the Jacob story

Grappling With the Chronology of the Genesis Flood Steven W. Boyd, Andrew Snelling, 2014 Understand this highly debated flash point for scientific debate academic criticism and common confusion with this unique presentation Delve into the technical aspects of the chronology historicity and significance of understanding this landmark event including what we can learn from the Hebrew words used to describe it Examine the numerous geological geophysical and paleontological indications pointing to the reality and global scope of the Flood Learn how and why the authors exhaustive research began putting forth objectives criticisms they would address and identifying obstacles to be resolved The Flood as described in the Book of Genesis not only shaped the global landscape it is an event that literally forms our understanding of early biblical history Now an experienced team of scientists and theologians has written a definitive account of the Genesis Flood with detailed research into the original biblical text and evidences unlocked by modern science and study Often recounted and discounted as just a myth or children s story what we find with deeper study is instead a cataclysmic event one that truly wiped out life on our planet with the exception of those preserved through God s plan The devastation the Genesis Flood wreaked upon a rebellious world remains an important part of the biblical narrative we should understand for what it was a divine act of judgment on a sin immersed world

Genesis - A Theological Commentary - Volume 1 Charles Vogan,2019-09-21 Genesis started out with God creating the heavens and the earth When he was done he saw that it was very good God loved his Creation But man the key player in the picture refused to cooperate and turned away from God He was supposed to rule the earth under the Father Instead what ensued was ruin and disaster So God pronounced doom upon man and crippled him in four key areas Their Family relationship came to an end God however went back to that original idea He has in mind to create a new heavens and a new earth something on a higher level than the first Creation something that cannot be ruined To prevent another disaster God is creating a new Man in his own Son to live in that new Creation Genesis is showing us the process of making that new Man The New Creation will be perfect never to fail because God s own Son will rule over it **Gleanings and Memoranda**
