

The background of the image is a photograph of a mountain range at sunset. The sky is a warm, golden-orange color, and the sun is visible on the right side, casting a glow over the mountains. The mountains are silhouetted against the bright sky. A dark, semi-transparent rectangular box is overlaid on the left side of the image, containing the quote in white text.

In this ever-changing society,
the most powerful and enduring
brands are built from the heart.

Thinking in Search of a Language Herwig Friedl,2018-09-20 Thinking in Search of a Language explores American literary and philosophical traditions and their intimate connections by focusing on two defining strands in the intellectual history of the United States The first half of the book offers a multifaceted interpretation of Emerson s constantly shifting early modernist thought I liked everything by turns and nothing long he said memorably and its legacy in American writing The second half turns to the modernists themselves and the pluralistic and radical empiricist ways in which they engaged the world philosophically Herwig Friedl s broad and deep examination of American thought which also incorporates the international context and response illuminates the global significance of the American intellectual tradition Tying together all of these essays is the persistent question and problem of an adequate language or terminological framework as one kind of interpretive leitmotif This reflects the fact that Friedl s sensibility is steeped in a cross pollination of continental and American thought a combination that recalls and is as revelatory as the work of Stanley Cavell

Seamus Heaney s Mythmaking Ian Hickey, Ellen Howley, 2023-04-28 Seamus Heaney s Mythmaking examines Seamus Heaney s poetic engagement with myth from his earliest work to the posthumous publication of Aeneid Book VI The essays explore the ways in which Heaney creates his own mythic outlook through multiple mythic lenses They reveal how Heaney adopts a demiurgic role throughout his career creating a poetic universe that draws on diverse mythic cycles from Greco Roman to Irish and Norse to Native American In doing so this collection is in dialogue with recent work on Heaney s engagement with myth However it is unique in its wide ranging perspective extending beyond Ancient and Classical influences In its focus on Heaney s personal metamorphosis of several mythic cycles this collection reveals more fully the poet s unique approach to mythmaking from his engagement with the act of translation to transnational influences on his work and from his poetic transformations to the poetry s boundary crossing transitions Combining the work of established Heaney scholars with the perspectives of early career researchers this collection contains a wealth of original scholarship that reveals Heaney s expansive mythic mind Mythmaking an act for which Heaney has faced severe criticism is reconsidered by all contributors prompting multifaceted and nuanced readings of the poet s work
