Global Communication Is There A Place For Human Dignity Risk Series

Emmanuel M. Katongole

Global Communication Is There A Place For Human Dignity Risk Series:

The Art of Dialogue Ineke de Feijter, 2007 Media and culture are deeply intertwined in contemporary society Religions have problems relating to this media culture which is shaped by media processes and conditioned by digital media and interactive forms of communication Media set the agenda and they profoundly challenge religions both with respect to their public communication and their very existence and public relevance People increasingly use media for shaping their religious identity and their search with respect to questions of ultimate meaning Barely any theological studies exist that reflect on religious policies and their subsequent praxis in the field of communication The author analyzes Christian policy views and identifies the main problems and opportunities in relating to media culture **African Theology Today** Emmanuel M. Katongole, 2017-05-09 This book brings together twelve essays on a wide and rich range of topics discussions and methodologies in African theology today Even the book's limitations provide an insight into the situation its variety also indicates the absence of comprehensive and sustained discussion flowing from the economic and institutional limitation of Africa where research in theology is often beyond the means of many theologians Then there is the difficulty of staying abreast of continually changing contexts and events in Africa itself For all of these reasons then a compelling introduction to a dynamic analysis and conversation **Journal of Theology for Southern Africa**, 2002 **International Mission Bibliography** Norman E. Thomas, 2003-10-16 This massive reference is the key to finding the most important works on missiology published from 1960 2000 Representing the research of more than 30 sub editors in mission related disciplines including history theology social aspects education evangelism spirituality and political life and includes sections on Africa the Americas Asia Europe and Oceania Complete publication details and ISBNs are given for each entry **Global Communication** Dafne Sabanes Plou, 1996 Global Communication Is There a Place for Human Dignity **Media Matters in the Cultural Contradictions of the "information Society"** Divina Frau-Meigs, 2011-01-01 Is an online identity protected by freedom of expression or is it a form of publicity subject to trademark law Is online privacy a commercial service or a public right What are the limits of consent when dealing with privacy as a service What are free open or public services on the Internet and how can citizens use them effectively What policy initiatives can ensure that the digital networks deliver the goods spectacles and services for our everyday activities that improve our quality of life What role for governments the private sector and civil society What frameworks for international policy instruments to achieve a fair inclusive and balanced governance of the media as they go digital This work addresses these burning issues and many more that preoccupy decision makers researchers and activists at all levels of society It covers the issues of dignity ethics identity privacy cultural diversity public service gate keeping and education in an encompassing human rights based governance framework Considering the perils and promises of each issue the authors make constructive recommendations insisting on the relation between local and global governance the public value of media digital networks and the benefits of multi stakeholder partnerships Global

communications : opportunities for trade and aid ,1995 Global Communications Opportunities for Trade and Aid examines the question of how telecommunication related aid policies might be designed to support both United States trade and foreign aid goals Communication and information technologies are particularly well suited in this regard These technologies are of critical importance in today s knowledge based global economy Not only do they provide the networked infrastructure on which global businesses will increasingly take place they also constitute one of the fastest growing sectors of world trade and investment There is already mounting evidence and a growing appreciation of the positive role that information and communication technologies can play in supporting economic development By targeting poor and underserved areas telecommunication based aid programs have the potential to enhance U S trade opportunities in developing countries and promote competition and telecommunications regulatory reform while at the same time providing for the communities and people most in need To lay the groundwork for developing an effective telecommunications related aid strategy the report examines the likely scenarios for the deployment of communication and information technologies in support of global trade identifies the policy issues market failures and regulatory barriers that need to be overcome and identifies and analyzes telecommunications related foreign aid strategies that the federal government might pursue to address these problems

Children in the Online World Elisabeth Staksrud,2016-05-23 What is online risk How can we best protect children from it Who should be responsible for this protection Is all protection good Can Internet users trust the industry These and other fundamental questions are discussed in this book Beginning with the premise that the political and democratic processes in a society are affected by the way in which that society defines and perceives risks Children in the Online World offers insights into the contemporary regulation of online risk for children including teens examining the questions of whether such regulation is legitimate and whether it does in fact result in the sacrifice of certain fundamental human rights The book draws on representative studies with European children concerning their actual online risk experiences as well as an extensive review of regulatory rationales in the European Union to contend that the institutions of the western European welfare states charged with protecting children have changed fundamentally at the cost of the level of security that they provide In consequence children at once have more rights with regard to their personal decision making as digital consumers yet fewer democratic rights to participation and protection as digital citizens A theoretically informed yet empirically grounded study of the relationship between core democratic values and the duty to protect young people in the media sphere Children in the Online World will appeal to scholars and students across the social sciences with interests in new technologies risk and the sociology of childhood and youth Book The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license Internet Child Pornography and the Law Yaman Akdeniz,2016-05-23 This book provides a critical assessment of the problem of internet child pornography and its governance through legal and non legal means including a

comparative assessment of laws in England and Wales the United States of America and Canada in recognition that governments have a compelling interest to protect children from sexual abuse and exploitation The internet raises novel and complex challenges to existing regulatory regimes Efforts towards legal harmonization at the European Union Council of Europe and United Nations level are examined in this context and the utility of additional and alternative methods of regulation explored This book argues that effective implementation enforcement and harmonization of laws could substantially help to reduce the availability and dissemination of child pornography on the internet At the same time panic led policies must be avoided if the wider problems of child sexual abuse and commercial sexual exploitation are to be meaningfully addressed *World Public Sector Report 2023* Department of Economic and Social Affairs,2023-10-25 This report examines the role that national institutional and governance innovations and changes that emerged during the COVID 19 pandemic can play in advancing progress towards the 2030 Agenda for Sustainable Development The consequences of the pandemic threaten to derail progress and make the Sustainable Development Goals SDGs more difficult to achieve Yet the pandemic also sparked rapid innovation in government institutions and public administration that could be capitalized on Against this backdrop the report focuses on how governments can reshape their relationship with people and other actors to enhance trust and promote the changes required for more sustainable and peaceful societies How they can assess competing priorities and address difficult policy trade offs that have emerged since 2020 And what assets and innovations they can mobilize to transform the public sector and achieve the SDGs The e book for this publication has been converted into an accessible format for the visually impaired and people with print reading disabilities It is fully compatible with leading screen reader technologies such as JAWS and NVDA **Children Defending their Human Rights Under the CRC**

Communications Procedure Sonja C. Grover,2014-11-03 This book considers the Optional Protocol to the Convention on the Rights of the Child on a communication procedure as a key contributor to the realization of children s Article 12 Convention on the Rights of the Child participation rights Weaknesses in the current formulation of the CRC communication procedure its first iteration since entry into force 14 April 2014 are examined and suggestions for strengthening of the mechanism in various respects considered Actual cases concerning children s fundamental human rights in various domains and brought under various international human rights mechanisms are considered as hypothetical OP3 CRC communications complaints In addition certain domestic cases brought to the highest State Court are considered as hypothetical OP3 CRC communications brought after exhaustion of domestic remedies In this way various significant weaknesses of the OP3 CRC are illustrated in a compelling meaningful case context and needed amendments highlighted **Hostage Negotiation**

Manual Edenilson Brandl, This book is an important guide for a number of professions including police officers military personnel special forces firefighters journalists and security agents It is also highly relevant for those in the fields of diplomacy law education and social work The book aims to serve as a detailed and technical resource suitable for both

beginners and experienced professionals in this complex field The manual is unique in that it integrates knowledge from various disciplines including psychology engineering and pedagogy to create a holistic approach It emphasizes that crisis management is an evolving field that requires not only specific technical skills but also a solid foundation in human psychology and ethical principles The author encourages the reader to see the text as a tool for professional development a resource that bridges theoretical knowledge with practical application It highlights the importance of continuous learning and interdisciplinary collaboration to master the art of resolving critical situations and it serves as a call to action for professionals to prepare for the challenges of an interconnected world

The Oxford Handbook of Global Policy and Transnational Administration Diane Stone, Kim Moloney, 2019-01-10 Global policy making is unfurling in distinctive ways above traditional nation state policy processes New practices of transnational administration are emerging inside international organizations but also alongside the trans governmental networks of regulators and inside global public private partnerships Mainstream policy and public administration studies have tended to analyse the capacity of public sector hierarchies to globalize national policies By contrast this Handbook investigates new public spaces of transnational policy making the design and delivery of global public goods and services and the interdependent roles of transnational administrators who move between business bodies government agencies international organizations and professional associations This Handbook is novel in taking the concepts and theories of public administration and policy studies to get inside the black box of global governance Transnational administration is a multi actor and multi scalar endeavour having manifestations depending on the policy issue or problems at the local urban sub regional sub national regional national supranational supra regional transnational international and global scales These scales of local and global are not neatly bounded and nested spaces but are articulated together in complex patterns of policy activity These transnational patterns represent a reinvigoration of public administration and policy studies as the Handbook authors advance their analysis beyond the methodological nationalism of the nation state

Living with the Animals Charles Birch, Lukas Vischer, 1997 Two thoughtful ecumenists a scientist and a theologian reflect on our relationship to animals in the light of the biblical testimony an inclusive theology of creation and Christian ethics as well as ecological concerns and scientific insights into the consciousness behaviour and suffering of animals

Pandemics and Ethics Andreas Reis, Martina Schmidhuber, Andreas Frewer, 2023-07-06 Pandemics such as Covid 19 Ebola SARS and influenza as well as the necessary measures for their research prevention and treatment raise a number of ethical issues that confront science the medical profession and health policy This overview volume written by renowned experts from medicine the humanities and the social sciences addresses the central ethical issues in pandemics Focusing on the disciplines of philosophy public health bioethics and law the book discusses issues of resource allocation triage and research as well as restrictions on freedom rights and duties of health professionals and ethical aspects of digital medicine in crises The volume is intended to serve as a handbook and to provide

physicians as well as nurses politicians and interested laypersons with valuable advice on how to deal with the difficult moral problems of epidemics and pandemics With expert contributions by Steffen Augsberg Giessen Klaus Bergdolt Cologne Nikola Biller Andorno Zurich Walter Bruchhausen Bonn Christiane Druml Vienna Hans J rg Ehni Tuebingen Alice Faust Berlin Sophia Forster Erlangen Nuremberg Andreas Frewer Erlangen Nuremberg Sara Gerke Boston Cambridge Patrik Hummel Eindhoven Elena Jirovsky Platter Vienna Katharina Kieslich Vienna Otmar Kloiber Ferney Voltaire Ulrich H J K rtner Vienna Eva Kuhn Bonn Georg Marckmann Munich Timo Minssen Copenhagen Tim Nguyen Geneva Barbara Prainsack Vienna Andreas Reis Geneva Anita Rieder Vienna Stephan Rixen Bayreuth Lana Saksone Berlin Martina Schmidhuber Graz Harald Schmidt Philadelphia Annabel Seeböhm Brussels Daniel Strech Berlin Sebastian W scher Zurich Hans Werner Wahl Heidelberg Stefanie Weigold Berlin and Lena Woydack Berlin
