Global Dangers Changing Dimensions Of International Security:

Global Dangers Sean M. Lynn-Jones, Steven E. Miller, 1995 Analyses some of the new issues that are raising the temperature of contemporary world politics Environmental scarcity international migration and nationalism *The Routledge Handbook of European Security* Sven Biscop, Richard G. Whitman, 2013 This new Handbook brings together key experts on European security from the academic and policy worlds to examine the European Union EU as an international security actor In the two decades since the end of the Cold War the EU has gradually emerged as an autonomous actor in the field of security aiming to safeguard European security by improving global security However the EU s development as a security actor has certainly not remained uncontested either by academics or by policy makers some of whom see the rise of the EU as a threat to their national and or transatlantic policy outlook While the focus of this volume is on the politico military dimension security will also be put into the context of the holistic approach advocated by the EU The book is organised into four key sections Part I The EU as an International Security Actor Part II Institutions Instruments and Means Part III Policies Part IV Partners This Handbook will be essential reading for all students of European Security the EU European Politics security studies and IR in general **Parameters** , 2000 *Islam and the Securitisation of Population Policies* Katrina Riddell, 2016-05-06 There has been much scholarly debate on the politically disruptive capabilities of Islam and the threats to global security posed by or to Muslim states and societies but within this dialogue there has been little recognition of the role of population policies in security issues Katrina Riddell s study focuses specifically on Islam and the securitization of population policies and sustainability Opening with a discussion of contemporary population discourses and their historical foundations the book examines how population growth has become an international security issue The author takes the examples of Pakistan and Iran to provide a nuanced understanding of Muslim states interaction with global debates on sustainability She also explores how Muslim and non Muslim states societies and agents perceive issues of population growth and control Providing an innovative approach to the pursuit of global sustainability and security this book presents useful material to scholars whose research focuses on Islam and the future **Multilateralism and Security Institutions in an Era of Globalization** Dimitris Bourantonis, Kostas Ifantis, Panayotis Tsakonas, 2007-12-20 Featuring an outstanding international line up of contributors this edited volume offers a timely examination of two of the most crucial and controversial issues in international relations namely the evolution of particular concepts of multilateralism and whether international security institutions are the objects of state choice and or consequential The book combines a variety of theoretical perspectives with detailed empirical examples The subjects covered include the development and contemporary application of the concept of multilateralism American foreign and security policy in the post 9 11 era unilateralism vs multilateralism humanitarian intervention and liberal peace case studies of a variety of security institutions including the EU UN and NATO a broad selection of geographical examples from North America Europe and Asia This book is a significant

contribution to the contemporary debate on multilateralism and the effects of multilateral security institutions and will be of great interest to scholars of international relations and security studies

Rethinking Geopolitics Simon Dalby, Gearoid O. Tuathail, 2002-01-22 Rethinking Geopolitics argues that the concept of geopolitics needs to be conceptualised anew as the twenty first century approaches Challenging conventional geopolitical assumptions contributors explore theories of post modern geopolitics historical formulations of states and cold wars the geopolitics of the Holocaust the gendered dimension of Kurdish insurgency the cold war world political cartoons concerning Bosnia Time magazine representations of the Persian Gulf the Zapatistas and the Chiapas revolt the new cyber politics conflict simulations in the US military the emergence of a new geopolitics of global security Exploring how popular cultural assumptions about geography and politics constitute the discourses of contemporary violence and political economy Rethinking Geopolitics shows that we must rethink the struggle for knowledge space and power
