The background of the cover is a detailed illustration of a rural landscape. In the foreground, a wooden structure with a dark, multi-tiered roof and a small spire is visible, possibly a church or a well. Beyond it, a green field is dotted with numerous dark, upright wooden posts or stumps. In the middle ground, there is a stone building with a chimney, surrounded by trees and shrubs. The background features rolling green hills under a blue sky with soft white clouds.

Lynch** Emma M. Van Deventer,1887 **Film, Comedy, and Disability** Alison Wilde,2018-09-09 Comedy and humour have frequently played a key role in disabled people s lives for better or for worse Comedy has also played a crucial part in constructing cultural representations of disability and impairments contributing to the formation and maintenance of cultural attitudes towards disabled people and potentially shaping disabled people s images of themselves As a complex and often polysemic form of communication there is a need for greater understanding of the way we make meanings from comedy This is the first

book which explores the specific role of comedic film genres in representations of disability and impairment Wilde argues that there is a need to explore different ways to synthesise Critical Disability Studies with Film Studies approaches and that a better understanding of genre conventions is necessary if we are to understand the conditions of possibility for new representational forms and challenges to ableism After a discussion of the possibilities of a fusion between Disability Studies and Film Studies and a consideration of the relationships of comedy to disability Wilde undertakes analysis of contemporary films from the romantic comedy satire and gross out genres Analysis is focused upon the place of disabled and non disabled people in particular films considering visual audio and narrative dimensions of representation and the ways they might shape the expectations of film audiences This book is of particular value to those in Film and Media Studies and Critical Disability Studies especially for those who are investigating more inclusive practices in cultural representation **The Diamond**
