Evangelizing Blacks:

Evangelizing Blacks Glenn C. Smith, 1988 **Evangelism & Discipleship in African-American Churches** Lee N. June, Matthew Parker, 1999 Here is a comprehensive guide to the how to s of the African American church and many aspects of its ministry **Evangelism in the African American Community** Louis R. Jones, 2003 *African Americans and the Bible* Vincent L. Wimbush, 2012-09-01 Perhaps no other group of people has been as much formed by biblical texts and tropes as African Americans From literature and the arts to popular culture and everyday life the Bible courses through black society and culture like blood through veins Despite the enormous recent interest in African American religion relatively little attention has been paid to the diversity of ways in which African Americans have utilized the Bible African Americans and the Bible is the fruit of a four year collaborative research project directed by Vincent L Wimbush and funded by the Lilly Endowment It brings together scholars and experts sixty eight in all from a wide range of academic and artistic fields and disciplines including ethnography cultural history and biblical studies as well as art music film dance drama and literature The focus is on the interaction between the people known as African Americans and that complex of visions rhetorics and ideologies known as the Bible As such the book is less about the meaning s of the Bible than about the Bible and meaning s less about the world s of the Bible than about how worlds and the Bible interact in short about how a text constructs a people and a people constructs a text It is about a particular sociocultural formation but also about the dynamics that obtain in the interrelation between any group of people and sacred texts in general Thus African Americans and the Bible provides an exemplum of sociocultural formation and a critical lens through which the process of sociocultural formation can be viewed

An African Pilgrimage on Evangelism John Wesley Zwomunondiita Kurewa, 2016-09-01 How easily we forget that it was Africans who brought the gospel to Africa not foreign missionaries Evangelism has always been central to African Christianity ever since Egyptians and Libyans returned home from Jerusalem following the day of Pentecost Acts 2 In this brief history of the church in Africa Dr John Kurewa highlights the major approaches to evangelism that the church employed over the centuries for better and for worse Then in historical context Kurewa zeroes in on those distinctive methods of evangelism proclamation and disciple formation that shaped a diverse yet vibrant African Methodism Thanks to this historical review we stand to gain fresh vision for ministries of evangelism that truly can fulfill the Great Commission to make disciples of Jesus Christ **Closing Chapters** Thomas G. Welsh, 2011-12-16 Closing Chapters attempts to explain the disintegration of urban parochial schools in Youngstown Ohio a onetime industrial center that lost all but one of its eighteen Catholic parochial elementary schools between 1960 and 2006 Through this examination of Youngstown Welsh sheds light on a significant national phenomenon the fragmentation of American Catholic identity *Alabama Baptists* Wayne Flynt, 1998 The definitive history of the dominant religious group within the state during the last two centuries **A Survey of the Black Church in America** Tony Evans, 2024-01-02 If the Bible is allowed to be the standard by which blacks and whites

determine truth then freedom from this moral and racial malaise will be the outcome for as Jesus taught the truth has a unique capacity of making people free Dr Tony Evans Respected and beloved pastor Tony Evans provides an accessible overview of black church history Evans opens the eyes of the reader to the black presence in the Scriptures and takes a focused look at the uniqueness and place of the black church Drawing from stories and historical events best selling author Evans addresses the myth of black inferiority and looks at the rise of black evangelicalism In addition Evans faithfully interacts with movements such as Black Lives Matter Critical Race Theory and the 1619 Project This timely resource is for anyone seeking unity and understanding In an age where division and confusion abound A Survey of the Black Church in America provides a divine clear kingdom focused perspective

This Far By Faith Judith Weisenfeld, Richard Newman, 2014-04-23 This Far By Faith brings together a collection of essays on the religious identities and experiences of African American women Spanning from the period of slavery to the present the essays profile American figures such as Sojourner Truth Harriet Tubman and Willie Mae Ford Smith exploring the role that religious institutions and impulses played in their lives

In the Shadow of Ebenezer Leah Mickens, 2022-12-13 This book focuses on the religious and cultural life of the parishioners of Our Lady of Lourdes Catholic Church in Atlanta Georgia during the Civil Rights Movement and the implementation of radical religious change resulting from the Second Vatican Council

A Third Great Disappointment for the Remnant Canute R. Birch, 2012 Do you remember singing Jesus Loves the Little Children in Sabbath School as a young child Red and yellow black and white all are precious in His sight Jesus loves the little children of the world Jesus loves everyone but as His followers we often struggle to follow His example In A Third Great Disappointment for the Remnant Pastor Birch presents his research findings on race relations the Millerite movement slavery the Civil War segregation the evangelical movement and much more addressing how these events have impacted and shaped the Seventh day Adventist Church He goes on to examine current race relations in the Adventist Church and the creation of ethnic conferences and warns against a final great disappointment of lost souls at Christ s second coming if we do not reconcile ourselves with each other and finish the work as one unified body With a passion for racial and ethnic reconciliation Birch offers recommendations on how to strengthen the Adventist Church through understanding and healing We are precious in God s sight but we should also be precious in each other s sight

Desegregating the Altar Stephen J. Ochs, 1993-07 Historically black Americans have affiliated in far greater numbers with certain protestant denominations than with the Roman Catholic church In analyzing this phenomenon scholars have sometimes alluded to the dearth of black Catholic priest but non one has adequately explained why the church failed to ordain significant numbers of black clergy until the 1930s Desegregating the Altar a broadly based study encompassing Afro American Roman catholic southern and institutional history fills that gap by examining the issue through the experience of St Joseph s Society of the Sacred Heart or the Josephites the only American community of Catholic priests devoted exclusively to evangelization of blacks Drawing on extensive research in the

previously closed or unavailable archives of numerous archdioceses diocese and religious communities Stephen J Ochs shows that in many cases Roman catholic authorities purposely excluded Afro Americans from their seminaries The conscious pattern of discrimination on the part of numerous bishops and heads of religious institutes stemmed from a number of factors including the church s weak and vulnerable position in the South and the consequent reluctance of its leaders to challenge local racial norms the tendency of Roman Catholics to accommodate to the regional and national cultures in which they lived deep seated psychosexual fears that black men would be unable to maintain celibacy as priests and a missionary approach to blacks that regarded them as passive children rather than as potential partners and leaders The Josephites under the leadership of John R Slattery their first superior general 1893 1903 defied prevailing racist sentiment by admitting blacks into their college and seminary and raising three of them to the priesthood between 1891 and 1907 This action proved so explosive however that it helped drive Slattery out of the church and nearly destroyed the Josephite community In the face of such opposition Josephite authorities closed their college and seminary to black candidates except for an occasional mulatto Leadership in the development of a black clergy thereupon passed to missionaries of the Society of the Diving Word Meanwhile Afro American Catholics led by Professor Thomas Wyatt refused to allow the Josephites to abandon the filed quietly They formed the Federated Colored Catholics of America and pressed the Josephites to return to their earlier policies they also communicated their grievances to the Holy See which in turn quietly pressured the American church to open its seminaries to black candidates As a result by 1960 the number of black priests and seminarians in the Josephites and throughout the Catholic church in the United States had increased significantly Stephen Ochs s study of the Josephites illustrates the tenacity and insidiousness of institutional racism and the tendency of churches to opt for institutional security rather than a prophetic stance in the face of controversial social issues His book ably demonstrates that the struggle of black Catholics for priests of their own race mirrored the efforts of Afro Americans throughout American society to achieve racial equality and justice

The Cost of Unity Lawrence A. Q. Burnley, 2008 This work focuses on African Americans and the Disciples of Christ Like other Protestant organizations in the United States the Christian Church was involved in the establishment of schools for African Americans in the South in the years following the end of the Civil War The most widely read books offering an interpretation of the history of this church tend to relegate the role of black people to passive recipients of white benevolence and largesse in this process of education reform This book examines the agency of African Americans in the founding of educational institutions for blacks associated with the Christian Church The philosophical discourse within the Christian Church concerning the purpose type and control of these schools is examined as well as the prevailing racial assumptions and attitudes that informed each of these areas The author argues that African Americans within the Christian Church played an active role both in cooperating with Disciples mission agencies and acting independent of these agencies in the conceptualization and founding of schools for their communities In addition contrary to Disciples

The Study of Evangelism Paul W. Chilcote, Lacey C. Warner, 2008-02-13 Christians and

Let It Shine! Mary E. McGann, R.S.C.J., 2009-08-25 *Let It Shine* probes the distinctive contribution of black Catholics to the life of the American church and to the unfolding of lived Christianity in the United States This important book explores the powerful spiritual renaissance that has marked African American life and selfunderstanding over the last several decades by examining one critical dimension the forging of new expressions of Catholic worship rooted in the larger Catholic tradition yet shaped in unique ways by African American religious culture Starting with the 1960s the book traces the dynamic interplay of social change cultural awakening and charismatic leadership that have sparked the emergence of distinctive
