Evelyn Waugh And The Forms Of His Time:

Waugh Without End Carlos Villar Flor, Carlos Villar, Robert Murray Davis, 2005 Compiled on the occasion of Evelyn Waugh's centenary in 2003 this collection of essays shows a renewed critical interest in the author extended by scholars from both sides of the Atlantic The contributions go back to an international symposium held at La Rioja University 15-17 May 2003 Apart from traditional debate over questions of fact and interpretation the book contains innovative approaches to Waugh's oeuvre some of which make use of theories of discourse and media studies and denote an increasingly sophisticated awareness of his religious political and social contexts Beginning with those essays presenting overviews of Waugh's life and work and continuing with discussions of particular books in chronological order this volume deals with a wide variety of aspects that confirm Waugh's rising status as a major twentieth century classic Evelyn Waugh and the Forms of His Time Robert Murray Davis, 1989 Evelyn Waugh and the Forms of His Time Robert M. Davis, 1989-01-01 Modernism, Satire and the Novel Jonathan Greenberg, 2011-09-15 In this groundbreaking study Jonathan Greenberg locates a satiric sensibility at the heart of the modern By promoting an antisentimental education modernism denied the authority of emotion to guarantee moral and literary value Instead it fostered sophisticated detached and apparently cruel attitudes toward pain and suffering This sensibility challenged the novel's humanistic tradition set ethics and aesthetics into conflict and fundamentally altered the ways that we know and feel Through lively and original readings of works by Evelyn Waugh Stella Gibbons Nathanael West Djuna Barnes Samuel Beckett and others this book analyzes a body of literature late modernist satire that can appear by turns aloof sadistic hilarious ironic and poignant but which continually questions inherited modes of feeling By recognizing the centrality of satire to modernist aesthetics Greenberg offers not only a new chapter in the history of satire but a persuasive new idea of what made modernism modern **A Companion to the British and Irish Novel, 1945 - 2000** Brian W. industry and the fiction of migration diaspora and exile **Fathers and Sons** Alexander Waugh, 2008-12-10 If there is a literary gene then the Waugh family most certainly has it and it clearly seems to be passed down from father to son The first of the literary Waugh was Arthur who when he won the Newdigate Prize for poetry at Oxford in 1888 broke with the family tradition of medicine He went on to become a distinguished publisher and an immensely influential book columnist He fathered two sons Alec and Evelyn both of whom were to become novelists of note and whom Arthur somewhat uneasily would himself publish both of whom were to rebel in their own ways against his bedrock Victorianism and one of whom Evelyn was to write a series of immortal novels that will be prized as long as elegance and lethal wit are admired Evelyn begat among seven others Auberon Waugh who would carry on in the family tradition of literary skill and eccentricity becoming one of England's most incorrigibly cantankerous and provocative newspaper columnists loved and loathed in equal measure And Auberon begat Alexander yet another writer in the family to whom it has fallen to tell this extraordinary tale of four generations of scribbling male Waughs The result of his labors is *Fathers and Sons* one of the most unusual works of biographical memoir ever written In this remarkable history of father son relationships in his family Alexander Waugh exposes the fraught dynamics of love and strife that has produced a succession of successful authors Based on the recollections of his father and on a mine of hitherto unseen documents relating to his grandfather Evelyn the book skillfully traces the threads that have linked father to son across a century of war conflict turmoil and change It is at once very very funny fearlessly candid and exceptionally moving a supremely entertaining book that will speak to all fathers and sons as well as the women who love them **Longman Anthology British Literature Volume 2** Addison-Wesley Longman, Incorporated, 1998-07 **The Longman Anthology of British Literature** David Damrosch, Kevin J. America and the Americans in Postwar British Fiction Stephan-Alexander Ditzel, 2006 National images have been firmly established in western literatures since classical antiquity Since the seventeenth century these images have made an impact on the reception of the literary works in question and have influenced the production of later generations of writers Despite this early interest of artists in national images it was not until the early twentieth century that such images were addressed by literary scholarship However imagology a branch of Comparative and General Literature is still marked by a widespread terminological incoherence The present study wants to help eliminate this deficit To this end the basic notions image and stereotype are unambiguously defined and made applicable for practical criticism by using the newly coined concept of *imagene* and a structuralist model of images The explanatory power of the conceptual framework proposed is demonstrated by in depth analyses of five British novels of the second half of the twentieth century which focus on the United States of America and its inhabitants *The Journal of African Travel-writing*, 1999 *The Longman Anthology of British Literature: The Romantics and their contemporaries* David Damrosch, 1999 The Longman Compact Anthology of British Literature is a concise and thoughtfully arranged survey of British literature Within its pages canonical authors mingle with

A Deeper Vision Robert Royal, 2015-12-15 In this wide ranging and ambitious volume Robert Royal a prominent participant for many years in debates about religion and contemporary life offers a comprehensive and balanced appraisal of the Catholic intellectual tradition in the twentieth century The Catholic Church values both Faith and Reason and Catholicism has given rise to extraordinary ideas and whole schools of remarkable thought not just in the distant past but throughout the troubled decades of the twentieth century Royal presents in a single volume a sweeping but readable account of how Catholic thinking developed in philosophy theology Scripture studies culture literature and much more in the twentieth century This involves great figures recognized as such both inside and outside the Church such as Jacques Maritain Bernard Lonergan Joseph Pieper Edith Stein Alasdair MacIntyre Charles Taylor Romano Guardini Karl Rahner Henri du Lubac Karol Wojtyla Joseph Ratzinger Hans Urs von Balthasar Charles Peguy Paul Claudel George Bernanos Francois Mauriac G K Chesterton Gerard Manley Hopkins Christopher Dawson Graham Greene Sigrid Undset J R R Tolkien Czeslaw Milosz and many more Royal argues that without rigorous thought Catholicism however welcoming and nourishing it might be would become something like a doctor with a good bedside manner but who knows little medicine It has always been the aspiration of the Catholic tradition to unite emotion and intellect action and contemplation But unless we know what the tradition has already produced especially in the work of the great figures of the recent past we will not be able to answer the challenges that the modern world poses or even properly recognize the true questions we face This is a reflective non polemical work that brings together various strands of Catholic thought in the twentieth century A comprehensive guide to the recent past and the future *Biography* Ira B. Nadel, 1986-06-18 **Francis Bacon** Michael Peppiatt, 2012-03-01

Published in 1996 Francis Bacon *Anatomy of an Enigma* was the first in depth study of the artist s life It has not been superseded In this substantially revised updated edition to coincide with the artist s centenary which will be celebrated from autumn 2008 through summer 2009 Peppiatt will incorporate confidential material Bacon gave him which he did not include in the first edition This valuable first hand information comes from the hundreds of conversations Bacon had with Peppiatt often late into the night over thirty years particularly during the periods Bacon spent living and working in Paris It includes insights into Bacon s intimate relationships his artistic convictions and his general view of life as well as his acerbic comments on his contemporaries Peppiatt will draw on some of the fascinating information that has become available in the fifteen years since the artist died Once jealously guarded by the artist himself the contents of Bacon s studio can now be freely consulted Peppiatt has had privileged access to these archives and he will show how a number of recent discoveries including wholly unexpected source material have radically changed the way we look at Bacon s work Similarly his recent

research into the artist's background his tortured affair with the sadistic Peter Lacy in Tangier for instance and the baffling circumstances of his death in Madrid will shed light on unexplored areas of Bacon's life and work Peppiatt will also unveil new information from several people who knew Bacon intimately and who have never gone on record previously Global Childhoods and Cosmopolitan Identities in Literature Elizabeth Jackson, 2022-10-17 This book investigates literary representations and self representations of people with cosmopolitan identities arising from mobile global childhoods which transcend categories of migrancy and diaspora Part I focuses on the ways in which cosmopolitan characters are represented in selected novels from the debauched Anthony Blanche in Evelyn Waugh's classic *Brideshead Revisited* to the victimized Ila in Amitav Ghosh's *The Shadow Lines* to John le Carr's undefinable spies Part II focuses on self representations of people with a cosmopolitan upbringing in the form of autobiographical narratives by well known authors such as Barack Obama and Edward Said along with lesser known writers all of whom write back to the ways in which they have at times been stereotyped and othered in literary fiction and public discourse
