understand how a changing Chinese Marxism both reflects and shapes the lives of the intelligentsia in China *The A to Z
of the Chinese Cultural Revolution* Guo Jian,Yongyi Song,Yuan Zhou,2009-09-17 The Cultural Revolution in the People s
Republic of China started in 1966 and lasted about a decade This revolutionary upsurge of Chinese students and workers led
by Mao Zedong wreaked havoc in the world s most populous country often turning things upside down and undermining the
party government and army while simultaneously weakening the economy society and culture Tens of millions of people were
killed injured or imprisoned during this period and relatively few benefited aside from Mao Zedong and the Gang of Four the
group that would eventually receive the blame for the events of the Cultural Revolution Given the turbulence and confusion it
is hard to know just what happened The A to Z of the Chinese Cultural Revolution tackles this task First in an extensive
chronology which traces the events from year to year and month to month then in an introduction puts these events in
context and helps to explain them But most importantly the bulk of the information is provided in a dictionary section with
numerous cross referenced entries on important persons places institutions and movements A bibliography points to further

The papers collected in this volume congeal around a debate about the ways and extent of the dominance of linear time and
progressive history and the concomitant delineation of the nation in Chinese and Japanese historiography As China and Japan
entered the global capitalist system of nation states the Chinese and Japanese regimes implemented a number of reforms

which resulted in transformations that affected everyday experience In the face of imperialism and the perceived threat of being split up the Meiji and late Qing governments radically reoriented policies in order to become wealthy and powerful in the global arena People not only began to experience time and space in new ways but elites also were increasingly exposed to Western theories of history and concepts of nationhood which became dominant These changes contributed to the production of new types of historical consciousness and collective identity The essays in this volume each provide a perspective on the complex ways in which imagining national and regional identity in East Asia were and continue to be enmeshed with visions of time and history This book should be of interest to all those who are interested in nationalism modernity in China and Japan global capitalism and the politics of time **International Directory of Centers for Asian Studies** ,1980
