Ever Green Is Selected Prose:

Adventures of Dick Boldhero in search of his uncle; or dangers and difficulties overcome. Edited [or rather written] by Peter Parley [pseud., i.e. S. G. Goodrich, whose initials S. G. G. are signed to the preface]. S. G. G., 1842 **Home and the World in Slovak Writing** Katarina Gephardt, Charles Sabatos, Ivana Taranenková, 2025-03-04 Literatures of small nations represent a minuscule portion of the global literary marketplace where books written in English outnumber translated works. The struggle for visibility in relation to dominant languages and cultures is not new in Slovakia a nation of five million whose literary history has been shaped by the influence of more widely spoken languages including Hungarian Czech and Russian. Home and the World in Slovak Writing brings Slovak literature out of this isolation to tell the story of how a nation's literature can survive and thrive despite a small domestic audience and relatively limited circulation in English translation. The book demonstrates how historic events such as the post Stalin Thaw the Prague Spring and the Velvet Revolution moulded the Slovak canon and situates contemporary Slovak literature in broader regional and global contexts. Through case studies of the transformations and adaptations of Slovak literature contributors examine the changing social roles of writers the tensions between tradition and innovation and the dynamic interactions between influences from the outside world and domestic sources of inspiration. Home and the World in Slovak Writing maps the relationship between geopolitical destiny and literary production at a critical moment. As relations between the East and the West are destabilized by war the question of cultural identity has again become a matter of national survival in Central Europe. *Contemporary World Fiction* Juris Dilevko, Keren Dali, Glenda Garbutt, 2011-03-17 This much needed guide to translated literature offers readers the opportunity to hear from learn about and perhaps better understand our shrinking world from the perspective of insiders from many cultures and traditions. In addition to contemporary titles each chapter features a brief overview of earlier translated fiction from the group. The guide also provides in depth bibliographic essays for each chapter that will enable librarians and library users to further explore the literature of numerous languages and cultural traditions.
