**Merry Wives and Others** Penelope Fritzer, Bartholomew Bland, 2010-06-28 In many ways the history of domestic humor writing is also a history of domestic life in the twentieth century For many years domestic humor was written primarily by females significant contributions from male writers began as times and family structures changed It remains timeless because of its basis on the relationships between husbands and wives parents and children houses and inhabitants pets and their owners chores and their doers and neighbors This work is a historical and literary survey of humorists who wrote about home It begins with a chapter on the social context of and attitudes toward traditional domestic roles and housewives The following chapters beginning with the 1920s and continuing through today cover the different time periods and the foremost American domestic humorists and the humor written by surrogate parents grown children about their childhood families husbands and Canadian and English writers Also covered are the differences among various writers toward traditional domestic roles some like Erma Bombeck and Judith Viorst embraced them while others like Caryl Kristenson and Marilyn Kentz resisted them Common themes such as the isolation and competitiveness of housework home as an idealized metaphysical goal and ongoing physical challenge and the urban suburban and rural life are also explored **Tennessee**

**Librarian** ,1992 **Another Silly Love Song** Rick Aper, 2017-10-12 Growing up the second of three sons in a small town in Northern Illinois raised by hard working middle class parents I always seemed to be doing the wrong things with the wrong friends Throughout high school this continued Within one year of high school graduation nine of the people that I spent my time with were dead one was in prison I knew I had to seriously change the direction of my life I did repent of my sins and my life and was given the new direction I was desperate for All I ever really wanted was to grow up and find my perfect wife and live a happy and good life with our children I did find my perfect wife This is the story of the most wonderful girl I have ever known Linda Diane Gribben Aper my bride This is a woman who raised two sons made their baby food made the beds every day kept a beautiful house She drove the boys to school every day She read sang and prayed with them every day She sang in the choir assisted in directing the children's choir She coached teen Bible quizzing for 17 years She crocheted baby blankets for every niece and nephew as they were born She tole painted amazing works of art She also had time to be my best friend The girl I always dreamed of These things might seem fairly ordinary yes maybe for an ordinary person Linda was no ordinary person And now after a lifetime of joy and tears I wonder how can I tell you about my loved one Stories to Awaken the World ,2012-09-01 Stories to Awaken the World the first complete translation of Xingshi hengyan completes the publication in English of the famous three volume set of Feng Menglong's popular Chinese vernacular stories These tales which come from a variety of sources some dating back centuries before their compilation in the seventeenth century were assembled and circulated by Feng who not only saved them from oblivion but raised the status of vernacular literature and provided material for authors of the great Ming 1368 1644 and Qing 1644 1911 novels to draw upon This trilogy has been

compared to Boccaccio's Decameron and the stories of A Thousand and One Nights. Peopled with scholars, emperors, ministers, generals, and a gallery of ordinary men and women, merchants and artisans, prostitutes and courtesans, matchmakers and fortune tellers, monks and nuns, thieves and imposters, the stories provide a vivid panorama of the bustling world of late imperial China. The longest volume in the Sanyan trilogy, *Stories to Awaken the World*, is presented in full here, including sexually explicit elements often omitted from Chinese editions. Shuhui Yang and Yunqin Yang have provided a rare treat for English readers: an unparalleled view of the art of traditional Chinese short fiction. As with the first two collections in the trilogy, *Stories Old and New* and *Stories to Caution the World*, their excellent renditions of the forty stories in this collection are eminently readable, accurate, and lively. They have included all of the poetry that is scattered throughout the stories, as well as Feng Menglong's interlinear and marginal comments, which convey the values shared among the Chinese cultural elite. Pointing out what original readers of the collection were being asked to appreciate in the writer's art and revealing Feng's moral engagement with the social problems of his day, the Yangs's translations rank among the very finest English versions of Chinese fiction from any period. **The Essential James Hillman** James Hillman, 2013-10-31. First published in 1990, James Hillman is one of the leading figures in archetypal psychology and one of the most creative minds in psychology. This anthology of his writings presents carefully selected, choice passages from many of his seminal essays and work on archetypal psychology. Fundamental themes in Hillman's thought form the chapters of the book: poetic basis of mind, psychological polytheism, dreams, love, therapy. The book is intended for the reader who wants an overview or introduction to his highly original approach, an approach that draws on mythology, renaissance philosophy, alchemy, and critical readings of Jung and Freud.

*Handbook of Marriage and the Family* Suzanne K. Steinmetz, Marvin B. Sussman, 2013-11-11. The lucid, straightforward Preface of this Handbook by the two editors and the comprehensive perspectives offered in the Introduction by one of them leave little for a Foreword to add. It is therefore limited to two relevant but not intrinsically related points: *vis à vis* research on marriage and the family in the interval since the first Handbook (Christensen, 1964) appeared, namely the impact on this research of the politicization of the New Right and of the Feminist Enlightenment beginning in the mid-sixties, about the time of the first Handbook. In the late 1930s Willard Waller noted: Fifty years or more ago, about 1890, most people had the greatest respect for the institution called the family and wished to learn nothing whatever about it. Everything that concerned the life of men and women and their children was shrouded from the light. Today much of that has been changed. Gone is the concealment of the way in which life begins; gone the irrational sanctity of the home. The aura of sentiment which once protected the family from discussion clings to it no more. We want to learn as much about it as we can and to understand it as thoroughly as possible, for there is a rising recognition in America that vast numbers of its families are sick from internal frustrations and from external buffeting. We are engaged in the process of reconstructing our family institutions through

criticism and discussion 1938 pp 3 4      Despised Paul Embery,2020-11-18 The typical contemporary Labour MP is almost certain to be a university educated Europhile who is more comfortable in the leafy enclaves of north London than the party's historic heartlands As a result Labour has become radically out of step with the culture and values of working class Britain Drawing on his background as a firefighter and trade unionist from Dagenham Paul Embery argues that this disconnect has been inevitable since the Left political establishment swallowed a poisonous brew of economic and social liberalism They have come to despise traditional working class values of patriotism family and faith and instead embraced globalisation rapid demographic change and a toxic divisive brand of identity politics Embery contends that the Left can only revive if it speaks once again to the priorities of working class people by combining socialist economics with the cultural politics of belonging place and community No one who wants to really understand why our politics has become so dysfunctional and what the Left can do to fix it can afford to miss this authentic insightful and passionate book      **The Ladies' Home Journal** ,1893

Comfort ,1921      **Urban Family Medicine** Richard B. Birrer,2012-12-06 Now more than ever Family Medicine is alive and well in the United States The base of this medical specialty has traditionally been in the smaller cities suburban communities and rural areas of this country Over the past decade however there has been a resurgence of interest in primary care in our major metropolitan areas as a solution to the high tech subspecialty pace of the tertiary care environment A rebirth of urban family medicine has accompanied these pioneering efforts To date the accomplishments are substantial and the prospects are bright There is still a long way to go and there are a significant number of hurdles to cross Although diseases are generally the same wherever you are their effects as illness on the individual and the family are strongly influenced by the environment and social milieu Urban families have distinctive and diverse problems cultural economic and ethnic Training programs situated in the large cities must recognize these issues and include special emphasis on the situations that the family physician is likely to encounter during and after his training There is very little research literature on the background and nature of special urban problems and these areas are the subject of several chapters of this long overdue volume devoted specifically to urban family medicine Dr Birrer has persuaded true experts to share their knowledge with the reader      **The Christian Union** ,1887      *Epoch* ,1894      **Munsey's Weekly** ,1894      **Munsey's Magazine** ,1894
