Notes*, 1912 **The Executive Connection** Caroline Shaffer, 2010-07-01 The power the influence the image and the success of the mayor are dependent to a large extent on the function personality and ability of his press secretary and what the secretary conceives as his role in the administration The author suggests that there is much administrative as well as public confusion concerning this role Is the secretary an instrument of propaganda a dispenser of information or both Few have recognized the intimacy and close meshing relation between the mayor and his press secretary or the need for such closeness in an era of instant communications Dr Caroline Shaffer Westerhof has delved into the working arrangements and relationships of the press secretaries to the mayors of New York from the administration of John Purroy Mitchel through that of John Lindsay She analyzes the differing conceptions of the position through the years and concludes with an assessment of the effectiveness of the secretary in light of the stated or perceived objectives of the office **The Golden Book of Resentments** John Doe, 2016-03-30 In analyzing the various principles of Alcoholics Anonymous we now come to one which has come up for more discussion and which is at the bottom of more difficulties than any of all the ones listed This principle is THE DANGER OF RESENTMENT SELF PITY In the alcoholic frustration begot resentment resentment begot self pity self pity begot drinking and drinking begot frustration and frustration begot resentment and resentment begot self pity and on and on and on in an unending cycle until faced with the three pronged choice sobriety or insanity or death And then we chose sobriety in A A And we learned the principle that If the alcoholic repeated any PART of the cycle the ENTIRE cycle would repeat ITSELF in toto We learned through the above principle that to the alcoholic resentment and self pity would always remain his number one twin enemy no matter how long sober And this means that if he permits himself to indulge in resentment or self pity too frequently or for too prolonged periods of time he will automatically set off the compulsion to drink In short AN ALCOHOLIC CANNOT TOLERATE RESENTMENT If he does there automatically will begin the old pattern stinking thinking drinking thinking drinking And so also will it be with any part of the cycle above If the alcoholic takes a drink he will automatically and ultimately become full of resentments etc etc We do not know why this happens but we do know from long long experience that it does happen **Publications** United States. Division of Vocational Education, 1946 *Fitting and Selling Shoes* John Appleton Beaumont, 1945 **Vocational Division Bulletin**, 1944 *Matching Men and Farms* Franklin Royalton Zeran, 1944 **Vocational Education Bulletin** United States.
