Eusebius Pamphilus,2017-08-22 All ten books of Eusebius famous church history are presented here complete in a superb and authoritative translation Eusebius Ecclesiastical History is one of the first comprehensive chronologically arranged histories ever written about the Christian church and it is consulted by scholars and historians to this day Eusebius authored his history as the Roman Empire s influence upon the European continent waned amid insurgencies and surrender of Roman lands to other peoples This also a time in which Christianity s influence upon Europe s peoples burgeoned and grew As one of a very few learned and scholarly Christians of his era Eusebius enjoyed a rare privilege access to the document archives of the early Christian church Much of these archives have since been lost Eusebius use of these long lost texts is the only window which readers of today have to such records Thus a sense of mystery is present as events for which scant evidence still exists are told Despite his being suspected as an Arian heretic by figures within the church of his time Eusebius was highly scrupulous when collecting and making use of his sources The information was collated and arranged in such a way that the author was beyond reproach However later historians have noted that certain biases and omissions may have been included given Eusebius own opinions and tentative position within the church schema Beginning with the familiar story of

Jesus Christ and the Gospels this complex and ambitious text attempts to organize and outline the history of the Christian teachers the means by which bishops succeeded one another the outbreak and suppression of various heresies the history of the Jewish people and the numerous martyrs who emerged and left their mark during the first three centuries of Christianity At the time Eusebius authored his history in the 4th Century AD Christianity had in the space of a few centuries risen to become one of the most influential religions ever seen The Roman oppression of Christians and the eventual conversion of the Roman Empire to the Christian creed as initiated by Emperor Constantine and the organization of the church itself are fascinating reading

The History of the Church Eusebius,2021-09-11 Written by Eusebius the bishop of Caesarea The History of the Church is the pioneering 4th century work which details the chronological history of early Christianity from the time of Christ to Constantine This monumental work of Christian history stands apart from other contemporary histories as the first full length record of early Christianity from a Christian point of view A fierce advocate for the Christian religion Eusebius lived in Caesarea Maritima a coastal city in modern day Israel prior to and during the rule of Constantine At the time of Eusebius life his hometown had become a center of Christian learning through the work of Christian theologian Origen and his follower Pamphilus Eusebius own teacher This made Eusebius an ideal candidate to make a record of Christianity s crucial first three hundred years While sometimes criticized as biased and inaccurate The History of the Church nevertheless provides an indispensable perspective upon the foundations of the Christian church and religion This edition is printed on premium acid free paper and follows the translation of Arthur Cushman McGiffert

Ecclesiastical History Eusebius of Caesarea,2018-04-30 The result was the first full length historical narrative written from a Christian point of view In the early 5th century two advocates in Constantinople Socrates Scholasticus and Sozomen and a bishop Theodoret of Cyrrhus Syria wrote continuations of Eusebius church history establishing the convention of continuators that would determine to a great extent the way history was written for the next thousand years Eusebius Chronicle which attempted to lay out a comparative timeline of pagan and Old Testament history set the model for the other historiographical genre the medieval chronicle or universal history Eusebius had access to the Theological Library of Caesarea and made use of many ecclesiastical monuments and documents acts of the martyrs letters extracts from earlier Christian writings lists of bishops and similar sources often quoting the originals at great length so that his work contains materials not elsewhere preserved For example he wrote that Matthew composed the Gospel according to the Hebrews and his Church Catalogue suggests that it was the only Jewish gospel It is therefore of historical value though it pretends neither to completeness nor to the observance of due proportion in the treatment of the subject matter Nor does it present in a connected and systematic way the history of the early Christian Church It is to no small extent a vindication of the Christian religion though the author did not primarily intend it as such Eusebius has been often accused of intentional falsification of the truth in judging persons or facts he is not entirely unbiased
