K-Z, 1802-1881 William Frederick Poole, 1882 **Reading the Legal Case** Marco Wan, 2012 The Legal Case Cross Currents in

Law and the Humanitiesre examines the seemingly familiar notion of a legal case by exploring the histories practices conventions and rhetoric of case law The doctrine of stare decisis whereby courts are bound by precedent cases underpins legal reasoning in the common law world At the same time the legal case is itself a product of institutional and linguistic practices and raises broader questions about the foundations and boundaries of law The idea of the case as an ordered closed narrative with a determinate outcome is for example integral to medical psychoanalytic as well as forensic discourses whilst the notion of the strange case is a popular one in the English fiction of the late nineteenth century What is at stake in the attempt to categorise or define a situation as a legal case Is the notion of binding precedent in case law really distinctive to the common law And if so why What can the concept of a case in other disciplines and discourses tell us about how it operates in law With contributions from legal philosophers legal historians literary critics and linguists this book moves beyond the jurisprudential discussion of the nature and authority of the legal case as it draws on insights from philosophy m linguistics narratology drama and film **Publishers' Circular and General Record of British and Foreign Literature, and Booksellers' Record**, 1898 **Guide to Trollope** Winifred Gregory Gerould, James Thayer Gerould, 2014-07-14

The Publishers' Circular and Booksellers' Record, 1928 **The Bookseller**, 1915 **The Ring of Truth and Other Myths of Sex and Jewelry** Wendy Doniger, 2017 In The Ring of Truth Wendy Doniger expertly unfolds the cultural and historical significance of rings and other kinds of circular jewelry through timeless stories taken from mythology

religious traditions and literature Each chapter like a separate charm on a charm bracelet considers a different constellation of stories linked by a common cluster of meanings the mutual imitation of real and fake legal and illegal marital and extra marital jewelry the circular form of rings and bracelets miming the circle of eternity which persists in the face of human ephemera Bookseller and the Stationery Trades' Journal ,1874 *Bookseller* ,1903 Vols for 1871 76 1913 14 include an extra number The Christmas bookseller separately paged and not included in the consecutive numbering of the regular series
